

Suggested Questions for the Round Table Discussion on Waste Management in SIDS

Bruce Graham, Panelist

1. What actions are needed to develop political commitment within SIDS, to the extent that governments are prepared to commit to achieving sustainable funding for solid waste management?
2. How can the international community most appropriately contribute towards effective technology transfer for solid waste management in SIDS?
3. What are the most appropriate mechanisms for encouraging corporate involvement and assistance in addressing SIDS solid waste issues?
