

# Trees are keepers of knowledge & life

The rings of a tree tell our planet's history.
They hold the key to adapting to changing environments.

# IntlForestDay bit.ly/DayForests #GlobalGoals

## Forests & trees create sustainable livelihoods

1.6 BN people rely on forests for food, water, fuel and jobs.

# IntlForestDay bit.ly/DayForests #GlobalGoals

# Your glass of water is a tree product!

Forests affect global climate, rainfall patterns and freshwater availability.

# IntlForestDay bit.ly/DayForests #GlobalGoals

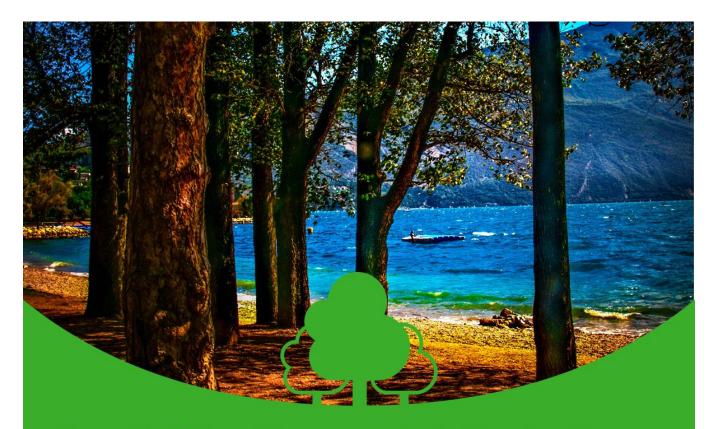

## Trees build resilience against climate change

They regulate climate, improve our air, and reduce storm water and flooding.

# IntlForestDay bit.ly/DayForests #GlobalGoals

# Trees & parks are good for your health

They clean our air, reduce stress, noise & help to build sustainable communities.
