

Aetna maternity program and prescription drug updates

All Aetna participants should be aware of the following:

- Aetna's maternity program has changed from Beginning Right to the Aetna Maternity Program. Beginning in January 2019, enrolled moms-to-be will receive refreshed member materials with the Aetna Maternity Program name. This program supports pregnant members from pre-conception to post-delivery.
- Aetna's pharmacy plan and specialty drug lists is updated quarterly, every January 1, April 1, July 1 and October 1, in order to all Aetna to address rapid shifts in the pharmacy market that could affect plan participants. Therefore, staff members are encouraged to to learn more about our Aetna Pharmacy Plan Drug Lists at any time, by visiting www.aetna.com/formulary. At Aetna's website you can also find:
 - The most up-to-date Pharmacy Plan Drug Lists
 - Precertification, quantity limits and step-therapy lists
 - Specialty drug list
 - Information on coverage on other Drug Lists, including Formulary Exclusion Lists
