REQUIREMENTS

The UN Worldwide Plan (UN WWP) administered by Cigna International:

The UN Worldwide Plan (UN WWP) is an international plan which includes both medical and dental coverage. It is designed for staff members and/or covered dependants who reside outside of the United States (US). It does not provide adequate coverage in the US with its high medical costs. Please note that staff members whose duty station is in the US or who have dependants residing in the US may not apply for coverage under the UN Worldwide Plan.

Proof of Contractual Status:

 If personnel action has not been completed in Umoja, ATLAS, SAP or oneUNOPS, a copy of a Letter of Appointment, travel authorization or other official document clearly stating the type of appointment, duration and effective date must be submitted with the application for enrollment in the health insurance plans.

Proof of Household Member Status:

Household member record must be reflected in Umoja, ATLAS, SAP or oneUNOPS with effective date of
recognition no later than 1 July 2022.

Mailing Address:

It is the staff member's responsibility to ensure that their current mailing address is reflected in the Organization's administrative system (i.e., Umoja, ATLAS, SAP or oneUNOPS) as this information is transmitted to the health insurance administrators. UN staff members can update their address through Umoja Employee Self Service (ESS). Staff from other organizations should contact their respective Global Service Centres to request such updates. Enrollment information is transmitted electronically to the insurance administrators twice a month only.
