

UNJSPF's April 2018 CPI Adjustment Announcement

In April of 2018, the United Nations Joint Staff Pension Fund announced a CPI adjustment (previously referred to as a COLA adjustment). The announced CPI adjustment may affect the premium contribution for ASHI as the ASHI rate scales utilize the fully unreduced pension and/or Appendix D monthly value as defined in ST/AI/2007/3 section 3, which takes into account CPI adjustments.
