

Thank you
Dear Madam chair's.

This is Zakir from a small Farming
community of East Sujonkathi, Golla,
Bangladesh.

We support the Draft Declaration -
which is highly ambitious, leaving
no issues behind.

We wish that the Developed
countries will be Cordial -
starting from making the ~~vac~~
declearing
Covid vaccines as public good -
that the Global leaders seek
Hassina voiced first.

So that Humanity will survive
& we can build back better
to support the mother Earth system
to live longer in good health
with all the lives - She is
holding with great Care, Love
& Joy.
