The United Nations Decade of Action on Nutrition (2016-2025) was proclaimed in April 2016 by the UN General Assembly.

It fosters collaboration among all, with the joint support of the Food and Agriculture Organization of the United Nations and the World Health Organization, in order:

To encourage countries to act upon commitments made at the Second International Conference on Nutrition in 2014.

The United Nations Decade of Action on Nutrition (2016-2025) was proclaimed in April 2016 by the UN General Assembly.

It fosters collaboration among all, with the joint support of the Food and Agriculture Organization of the United Nations and the World Health Organization, in order:

To achieve the global targets for nutrition and diet-related non-communicable diseases by 2025.

To progress on the nutrition, food security and health targets of the 2030 Agenda for Sustainable Development...

...with the final aim of eliminating hunger and malnutrition in all its forms, everywhere, leaving no one behind.

It is a time-bound framework to spur urgent and sustained action under six cross-cutting Action Areas:

**ACTION AREA 1** Sustainable, resilient food systems for healthy diets

**ACTION AREA 2** Aligned health systems providing universal coverage of essential nutrition actions

**ACTION AREA 3** Social protection and nutrition education

**ACTION AREA 4** Trade and investment for improved nutrition

**ACTION AREA 5** Safe and supportive environments for nutrition at all ages

**ACTION AREA 6** Strengthened governance and accountability for nutrition
