

"Addressing Critical Gaps for Sustaining Peace"

**Investing in at least
40 countries on 5 continents**

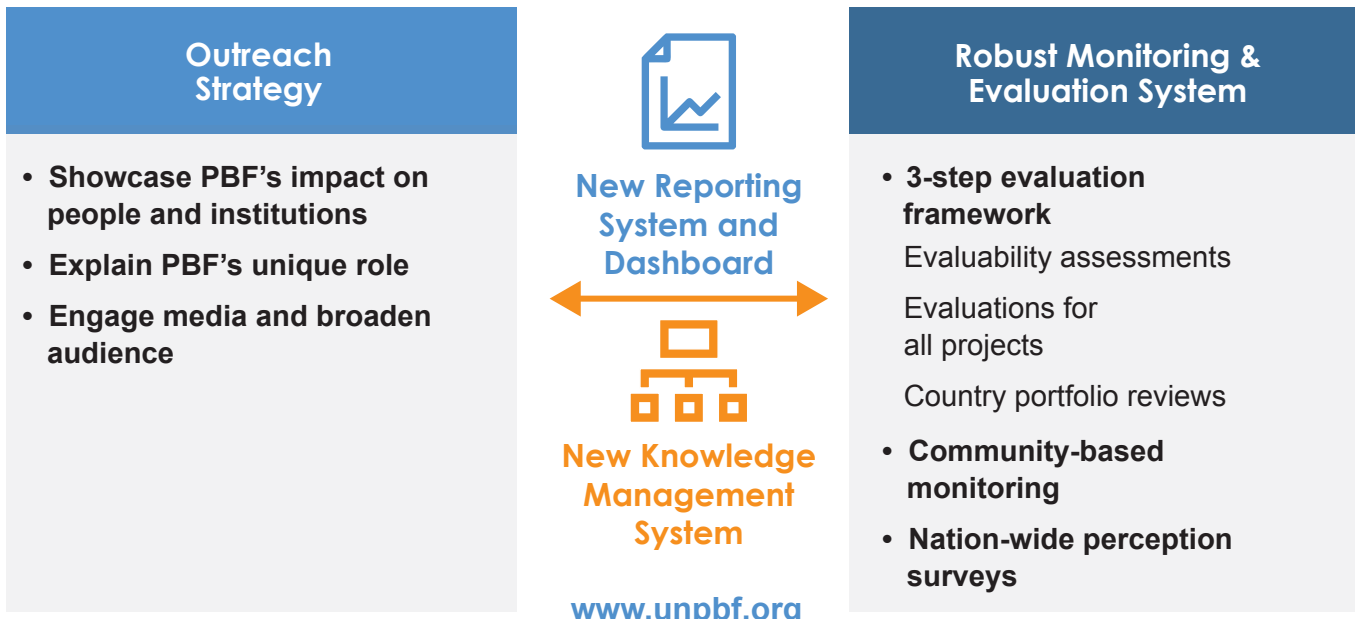

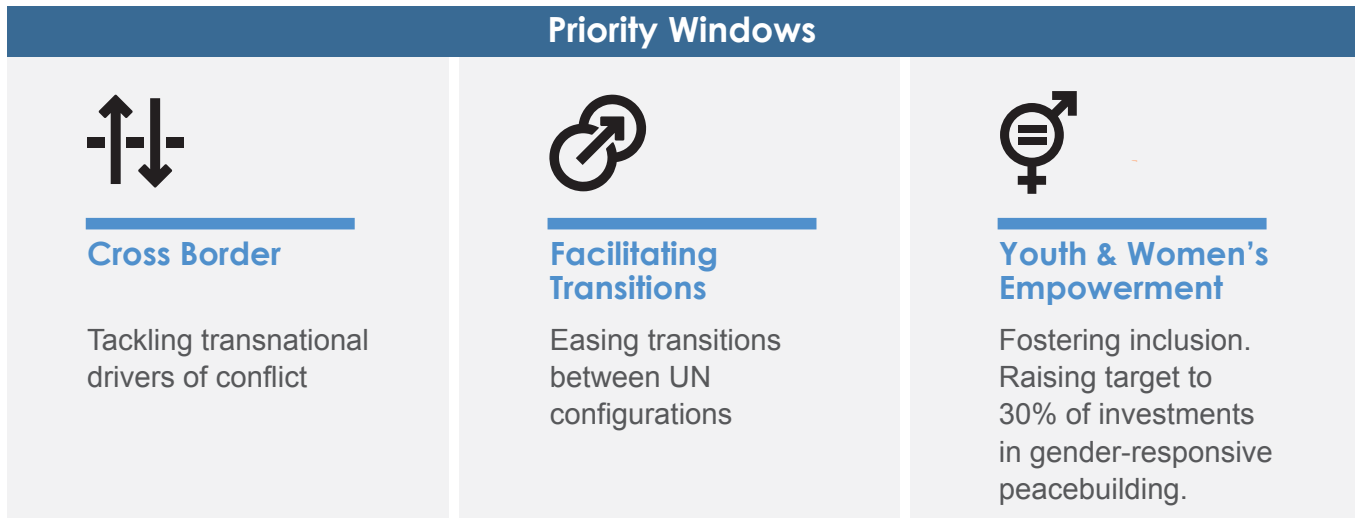

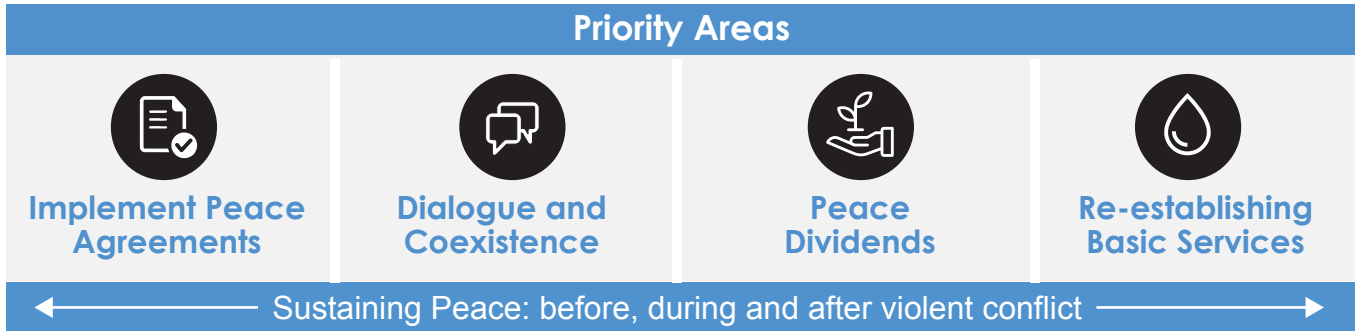

**Adopting lessons from
"Pathways for Peace"
UN-WB study**

**\$157.1M
Approved
in 2017**

**\$329.5M
Committed
or pledged**

June 2018

PBF's Added Value

Catalyzing Secretary-General's Reforms by Promoting Cohesion

Drive cohesion of UN strategies in conflict situations

- Joint analysis and planning improved across pillars
- Joint complementary support to UNCT/Missions with DPA, DPKO, Agencies, Funds and Programs

Provide integrated support

- Strong support to follow-up decisions by EC, Regional Monthly Reviews and Integrated Task Forces
- Support peacebuilding mandate of missions
- Support inter-departmental horizon-scanning

Strengthen partnerships

- PBC's new working methods
- World Bank - IDA18
- AU and ECOWAS and regional organizations
- Civil society networks
- Private sector engagement

Leveraging the Unique Role of the Peacebuilding Fund

Timely and Flexible

- IRF/PRF engagement based on situation and capacities
- Diversify implementing partners with CSOs and regional organizations
- New surge capacity and start-up funds to improve quality and timeliness of project development

Catalytic

- Kickstart new longer-term or accelerate existing peacebuilding efforts
- Ensure ownership to increase likelihood of more sustained peacebuilding change
- Fill a critical gap
- Seed investment to incentivize larger funding

For every \$1 of PBF investment  \$10 mobilized from governments and donors

Risk Tolerant

- Launch risk-management system
- Performance-based allocations
- Flexible, target-based (re)programming

PBF Monitoring and Evaluation

	Types			
	Independent Evaluability Assessments	Independent Project Evaluations	Independent Portfolio Evaluations	Support Missions
Frequency 	First 6-9 months of implementation	End of each project	End of PRF and/or 5 year-eligibility	As needed
Objectives & Methods 	<ul style="list-style-type: none"> • Programme design and M&E review for early adjustments • Participatory • PBSO managed 	<ul style="list-style-type: none"> • Outcome-level assessment • Mixed-methods • RUNO/NUNO managed, PBSO supported 	<ul style="list-style-type: none"> • Outcome-level assessment • Mixed-methods • PBSO managed 	<ul style="list-style-type: none"> • Support programme design, monitoring and implementation • PBSO led or with partners
#2017 	<ul style="list-style-type: none"> • 1 completed, 1 in progress 	<ul style="list-style-type: none"> • 12 completed, 7 in progress 	<ul style="list-style-type: none"> • 3 completed comprising 5 PPPs and 60 projects, 1 in progress 	<ul style="list-style-type: none"> • 20 missions in 18 countries

Additional Targets in the Next Planned Cycle

			
Transparency and accountability <ul style="list-style-type: none"> • Project approval process • MPTFO Gateway • IATI • External reviews of PBF: global evaluation every 3 years + donor reviews 	Capacity building of UNCTs in M&E <ul style="list-style-type: none"> • Guidance on project design • Feedback on project result reports • Templates • Training 	Communications <ul style="list-style-type: none"> • Support knowledge management • Updates to partners • PBC • PBF Annual Report 	Innovation <ul style="list-style-type: none"> • Community-based monitoring • Big data • Tranche-based system • Gender-disaggregated budgets
