

THE PRESIDENT  
OF THE  
GENERAL ASSEMBLY

7 April 2016

Excellency,

I wish to refer to resolution 70/183 of 17 December 2015 on « Global Health and foreign policy: strengthening the management of international health crises », by which the General Assembly decided to "hold a high-level meeting in 2016 on antimicrobial resistance and requests the Secretary-General, in collaboration with the Director General of the World Health Organization, and in consultation with Member States, as appropriate, to determine options and modalities for the conduct of such a meeting, including potential deliverables"; and to the report of the Secretary-General (A/70/790), inviting the President of the General Assembly to initiate an open and transparent consultative process with Member States to finalize the modalities and outcomes proposed in that report.

In this regard, I have the honour to inform you that I have appointed H.E. Mr. Juan Jose Gómez Camacho, Permanent Representative of Mexico as facilitator to lead open, transparent and inclusive consultations with Member States to finalize the organizational arrangements, including a possible outcome, for the high-level meeting of the plenary of the General Assembly.

I would like to thank Ambassador Gomez Camacho for accepting this very important responsibility and I trust that you will extend to him your full support and cooperation.

Please accept, Excellency, the assurances of my highest consideration.
