Scope, modalities, format and organization of the high-level meeting on universal health coverage

The General Assembly,

- PP1. *Recalling* its resolution [74/2](#) of 10 October 2019 entitled "Political Declaration of the High-level Meeting on Universal Health Coverage" in which it decided to convene a high-level meeting on universal health coverage in 2023 in New York, aimed to undertake a comprehensive review on the implementation of the 2019 political declaration to identify gaps and solutions to accelerate progress towards the achievement of universal health coverage by 2030,
- PP2. *Recalling also* the outcome of the high-level meeting on universal health coverage, and reaffirming its political declaration, entitled "Universal health coverage: moving together to build a healthier world", which reiterated, inter alia, the importance of scaling up the global effort to leave no one behind and to build a healthier world for all, as well as accelerating efforts towards the achievement of universal health coverage by 2030 to ensure healthy lives and promote well-being for all throughout the life course,
- PP3. *Recognizing* that through the adoption of the 2030 Agenda for Sustainable Development¹ and its Sustainable Development Goals in September 2015, Heads of State and Government made a bold commitment to achieve universal health coverage by 2030, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all,
- PP4. *Recognizing also* that, through the adoption of the Addis Ababa Action Agenda of the Third International Conference on Financing for Development,² Heads of State and Government supported research and development of vaccines and medicines, as well as preventive measures and treatments for communicable and non-communicable diseases, in particular those that disproportionately impact developing countries,
- PP5. *Taking note* of the Secretary-General's 2020 report on an inclusive approach to strengthening health systems in the context of universal health coverage,
- PP6. *Reiterating* the commitment to the decade of action and delivery for sustainable development towards the full implementation of the 2030 Agenda,
- PP7. *Recognizing* that health is a precondition for and an outcome and indicator of all three dimensions — economic, social and environmental — of sustainable development and that, despite progress made, challenges in

global health, including major inequities and vulnerabilities within and among countries, regions and populations, still remain and demand persistent attention,

- PP8. Expressing* deep concern that, prior to the coronavirus disease (COVID-19) pandemic, at least half of the world's population lacked access to essential health services and almost 100 million people each year were pushed into poverty due to out-of-pocket health expenses, and that the COVID-19 pandemic has created additional setbacks and exposed vulnerabilities in health systems,
- PP9. Recognizing also* that the COVID-19 pandemic has a disproportionately heavy impact on the poor and the most vulnerable, with repercussions on health and development gains, thus hampering the achievement of the Sustainable Development Goals and universal health coverage,
1. *Decides* that the one-day high-level meeting on universal health coverage to be convened by the President of the General Assembly shall be held at United Nations Headquarters in New York on the third day of the general debate of the Assembly at its seventy-eighth session, from 10 a.m. to 6 p.m., consisting of an opening segment, a plenary segment for general discussion, two multi-stakeholder panels and a brief closing segment;

- (c) The themes of the multi-stakeholder panels will take into consideration the direction and outcomes of other preceding health processes and initiatives, as well as the interactive multi-stakeholder hearing, with a view to ensuring the most effective and efficient outcomes and potential deliverables and to sharing experiences and lessons learned to address remaining implementation gaps;
 - (d) The President of the General Assembly may invite parliamentarians, local governments, the heads or senior representatives of relevant United Nations entities, including the World Bank, development partners, civil society, the private sector, academia, medical associations, indigenous leadership and community organizations to serve as speakers on the panels, taking into account gender equity, level of development and geographical representation;

 6. *Encourages* all Member States to participate in the high-level meeting, including the multi-stakeholder panels, at the highest possible level, preferably at the level of Heads of State and Government, and invites all observers of the General Assembly to be represented at the highest possible level;
 7. *Invites* the United Nations system, including funds, programmes and specialized agencies, including the World Health Organization, regional commissions and relevant envoys of the Secretary-General, to participate in the high-level meeting, as appropriate, and urges them to consider relevant initiatives, such as the International Health Partnership for UHC2030, in support of the preparatory process and the high-level meeting, particularly with regard to sharing evidence and good practices, challenges and lessons learned;

11. *Invites* members of civil society, non-governmental organizations, the private sector, academia, development partners and other relevant initiatives to make a fundamental contribution to the process in terms of raising awareness of the importance of universal health coverage and its contribution towards the achievement of the Sustainable Development Goals;
12. *Encourages* Member States to consider including in their national delegations ministers from all relevant ministries, as appropriate, as well as representatives such as parliamentarians, mayors and governors, representatives of civil society, including non-governmental organizations, indigenous leadership, community organizations and faith-based organizations, academia, philanthropic foundations, the private sector and universal health coverage networks, with due regard to gender equity;
13. *Decides* that the proceedings of the high-level meeting and the multi-stakeholder hearing shall be webcasted, and encourages the President of the General Assembly and the Secretary-General to give the highest visibility to the high-level meeting, through all relevant media platforms and information and communications technologies;
