Excellency,

30 August 2021

We have the honour to refer to the United Nations Conference to Support the Implementation of Sustainable Development Goal 14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development.

As you are aware, in accordance with General Assembly resolution 73/292 of 9 May 2019, the Conference was scheduled to take place in Lisbon, from 2 to 6 June 2020. However, in view of the public health concerns arising from the COVID-19 pandemic, the General Assembly, in its decision 74/548 of 13 April 2020, decided to postpone the Conference to a later date and to set, at a later stage, the new deadlines for its preparatory process.

As a result of the developments in the global fight against COVID-19 pandemic, and taking into consideration the importance our Governments attach to the Conference as a platform for encouraging transformative action and support to the effective implementation of Goal 14, Portugal and Kenya have consulted with the Secretariat in order to set new dates for the Conference. In this regard, we are pleased to inform you that our Governments have identified 27 June to 1 July 2022 as the most feasible dates for holding the Conference, to take place in Lisbon, Portugal, in accordance with the modalities contained in General Assembly resolution 73/292 of 9 May 2019.

In this regard, please find attached a suggested draft decision for adoption by the General Assembly, setting the new dates for the Conference and the new deadlines for its preparatory process. In light of the procedural nature of this decision, we kindly request that consideration is given to the issuing of this draft as text submitted by the President of the General Assembly.

We also kindly request that your office circulates this letter to all Member States at the earliest opportunity.

Please accept, Excellency, the assurances of our highest consideration.
