Trusteeship Council Chamber, United Nations Headquarters

INFORMATION NOTE AND PROGRAMME

Introduction

In accordance with General Assembly resolution 73/326¹ and based on consultations with Member States and stakeholders², the Coordinator of the UN Network on Migration (Network) will facilitate a policy debate focusing on challenges in the implementation of the Global Compact for Safe, Orderly and Regular Migration (GCM), including links with the 2030 Agenda for Sustainable Development, the capacity-building mechanism and contemporary and emerging issues related to migration.

The policy debate will consider issues relating to the future of migration, and the opportunities and key challenges that governments and stakeholders will need to address in the years ahead, including in the context of inequalities and the threat of pandemics, food scarcity and challenges presented by climate change. The discussion will build on the lessons learned in facilitating safe, orderly and regular migration during the COVID-19 pandemic.³

The policy debate will be for the duration of three hours and consist of a panel discussion followed by an interactive discussion. The co-chairs of the round tables will present the technical summaries of the four round tables at the start of the policy debate.
