

7 October 2022

Excellency,

Further to the letter dated 6 September 2022, we have the honour of transmitting herewith an informal summary of the first meeting of the United Nations General Assembly Platform of Women Leaders, held on Tuesday, 20 September 2022, during the United Nations General Assembly High-Level Week.

The meeting was entitled “Transformative Solutions by Women Leaders to Today’s Interlinked Challenges.” Its theme focused on three critical global challenges: the climate crisis, COVID-19, and conflict. We were particularly pleased to see women Heads of State and Government engage in discussions about the interlocking challenges facing their countries and the United Nations.

The summary highlights critical aspects of the remarks shared by the participating Heads of State and Governments and the UN system.

We would like to express my sincere gratitude to all Member States that participated in the event. It is our wish that we continue to engage and work together towards achieving gender equality and promoting the transformative power of women’s leadership.

Please accept, Excellency, the assurances of our highest consideration.
