

PRESIDENT OF THE GENERAL ASSEMBLY

16 January 2023

Excellency,

I have the honour to refer to my letter dated 22 November 2023 inviting all Member States to participate in the survey conducted by the Water Policy Group<sup>1</sup>, with the aim of capturing the perceptions of Ministers with responsibility for water resources and/or water services regarding the risks, challenges, expectations, and priorities as they relate to the achievement of their national water objectives. The survey will provide input to the UN 2023 Water Conference, with a report to be launched at the time of the Conference, 22-24 March 2023.

To allow for as many Member States as possible to participate in the survey, the Water Policy Group requests responses as early as possible before the survey closes by the extended deadline of 21 February 2023.

I remain hopeful that the opinion of the highest possible number of Member States and Permanent Observers can be expressed and would like to encourage your Ministers to send inputs accordingly. Again, your cooperation in this important initiative is deeply appreciated.

Please accept, Excellency, the assurances of my highest consideration.

A handwritten signature in blue ink, appearing to read 'Csaba Körösi'.

Csaba Körösi

All Permanent Representatives  
and Permanent Observers to the United Nations  
New York
