

*The Permanent Mission of Portugal
to the United Nations*

5 April 2024

Excellency,

We write in our capacity as Co-facilitators of the Intergovernmental Process on the Multidimensional Vulnerability Index. As promised during the first meeting of the process, please find **attached** the proposed timeline for our forthcoming discussions.

We are committed to facilitating the process in an open, inclusive and transparent manner, with a view to producing a robust, consensual and action-oriented outcome. The findings of our discussions will be presented as a Report to the President of the General Assembly, to which a negotiated Draft Resolution will be appended. To facilitate the widest possible participation in our discussions, every effort will be made to minimize competition with other ongoing initiatives, which we understand could put a strain on resources, especially those of small delegations.

All delegates are encouraged to actively participate in the discussions.

Please accept, Excellency, the assurances of our highest consideration.
