**Recommendation 22****B. MEASURES TO BE TAKEN BY FINANCIAL INSTITUTIONS AND NONFINANCIAL BUSINESSES AND PROFESSIONS TO PREVENT MONEY LAUNDERING AND TERRORIST FINANCING****Measures to be taken with respect to countries that do not or insufficiently comply with the FATF**

Financial institutions should ensure that the principles applicable to financial institutions, which are mentioned above are also applied to branches and majority owned subsidiaries located abroad, especially in countries which do not or insufficiently apply the FATF Recommendations, to the extent that local applicable laws and regulations permit. When local applicable laws and regulations prohibit this implementation, competent authorities in the country of the parent institution should be informed by the financial institutions that they cannot apply the FATF Recommendations.

**Interpretative Notes****General**

1. Reference in this document to “countries” should be taken to apply equally to “territories” or “jurisdictions”.
2. Recommendations 5-16 and 21-22 state that financial institutions or designated non-financial businesses and professions should take certain actions. These references require countries to take measures that will oblige financial institutions or designated non-financial businesses and professions to comply with each Recommendation. The basic obligations under Recommendations 5, 10 and 13 should be set out in law or regulation, while more detailed elements in those Recommendations, as well as obligations under other Recommendations, could be required either by law or regulation or by other enforceable means issued by a competent authority.
3. Where reference is made to a financial institution being satisfied as to a matter, that institution must be able to justify its assessment to competent authorities.
4. To comply with Recommendations 12 and 16, countries do not need to issue laws or regulations that relate exclusively to lawyers, notaries, accountants and the other designated non-financial businesses and professions so long as these businesses or professions are included in laws or regulations covering the underlying activities.
5. The Interpretative Notes that apply to financial institutions are also relevant to designated non-financial businesses and professions, where applicable.
