Recommendation 26

C. INSTITUTIONAL AND OTHER MEASURES NECESSARY IN SYSTEMS FOR COMBATING MONEY LAUNDERING AND TERRORIST FINANCING

Competent authorities, their powers and resources

Countries should establish a FIU that serves as a national centre for the receiving (and, as permitted, requesting), analysis and dissemination of STR and other information regarding potential money laundering or terrorist financing. The FIU should have access, directly or indirectly, on a timely basis to the financial, administrative and law enforcement information that it requires to properly undertake its functions, including the analysis of STR.

Interpretative Notes

General

1. Reference in this document to “countries” should be taken to apply equally to “territories” or “jurisdictions”.

2. Recommendations 5-16 and 21-22 state that financial institutions or designated non-financial businesses and professions should take certain actions. These references require countries to take measures that will oblige financial institutions or designated non-financial businesses and professions to comply with each Recommendation. The basic obligations under Recommendations 5, 10 and 13 should be set out in law or regulation, while more detailed elements in those Recommendations, as well as obligations under other Recommendations, could be required either by law or regulation or by other enforceable means issued by a competent authority.

3. Where reference is made to a financial institution being satisfied as to a matter, that institution must be able to justify its assessment to competent authorities.

4. To comply with Recommendations 12 and 16, countries do not need to issue laws or regulations that relate exclusively to lawyers, notaries, accountants and the other designated non-financial businesses and professions so long as these businesses or professions are included in laws or regulations covering the underlying activities.

5. The Interpretative Notes that apply to financial institutions are also relevant to designated non-financial businesses and professions, where applicable.
Recommendation 26

Where a country has created an FIU, it should consider applying for membership in the Egmont Group. Countries should have regard to the Egmont Group Statement of Purpose, and its Principles for Information Exchange Between Financial Intelligence Units for Money Laundering Cases. These documents set out important guidance concerning the role and functions of FIUs, and the mechanisms for exchanging information between FIU.
