Recommendation 33

C. INSTITUTIONAL AND OTHER MEASURES NECESSARY IN SYSTEMS FOR COMBATING MONEY LAUNDERING AND TERRORIST FINANCING

Transparency of legal persons and arrangements

Countries should take measures to prevent the unlawful use of legal persons by money launderers. Countries should ensure that there is adequate, accurate and timely information on the beneficial ownership and control of legal persons that can be obtained or accessed in a timely fashion by competent authorities. In particular, countries that have legal persons that are able to issue bearer shares should take appropriate measures to ensure that they are not misused for money laundering and be able to demonstrate the adequacy of those measures. Countries could consider measures to facilitate access to beneficial ownership and control information to financial institutions undertaking the requirements set out in Recommendation 5.

Interpretative Notes

General

1. Reference in this document to “countries” should be taken to apply equally to “territories” or “jurisdictions”.
2. Recommendations 5-16 and 21-22 state that financial institutions or designated non-financial businesses and professions should take certain actions. These references require countries to take measures that will oblige financial institutions or designated non-financial businesses and professions to comply with each Recommendation. The basic obligations under Recommendations 5, 10 and 13 should be set out in law or regulation, while more detailed elements in those Recommendations, as well as obligations under other Recommendations, could be required either by law or regulation or by other enforceable means issued by a competent authority.
3. Where reference is made to a financial institution being satisfied as to a matter, that institution must be able to justify its assessment to competent authorities.
4. To comply with Recommendations 12 and 16, countries do not need to issue laws or regulations that relate exclusively to lawyers, notaries, accountants and the other designated non-financial businesses and professions so long as these businesses or professions are included in laws or regulations covering the underlying activities.

5. The Interpretative Notes that apply to financial institutions are also relevant to designated non-financial businesses and professions, where applicable.
