Supporting Community-Centered Programming: A Framework for Localization in P/CVE

Rachel Sullivan | April 29, 2024

RESOLVE
NETWORK

MISSION

Better research. Informed practice. Improved policy on violent
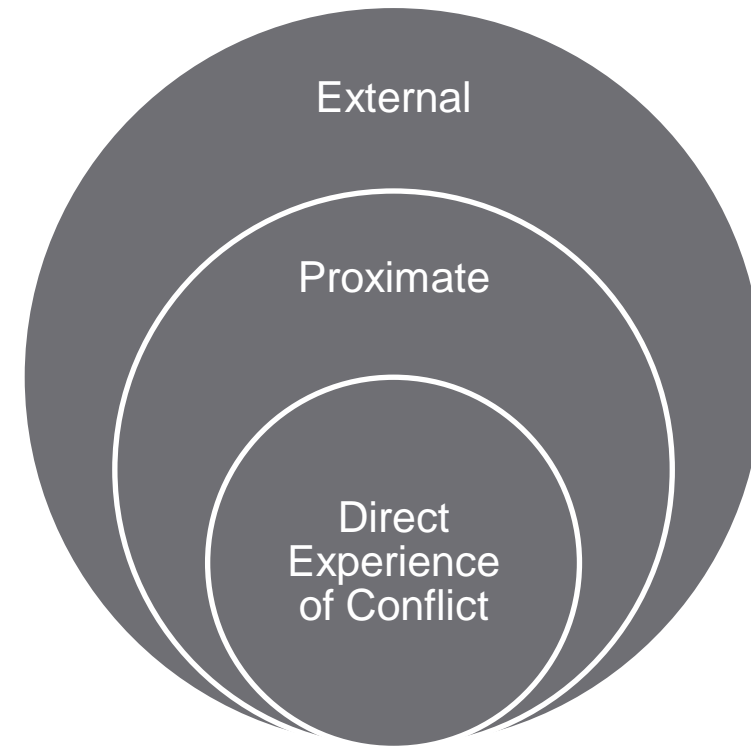

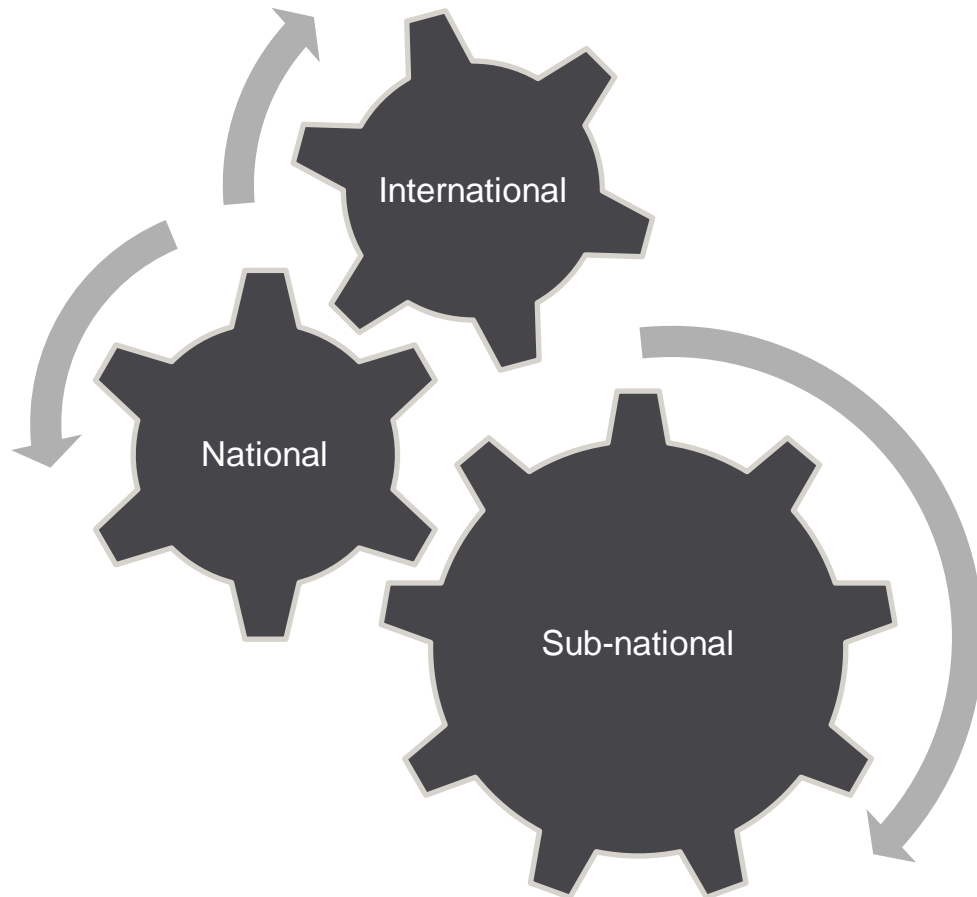

extremism.

ABOUT RESOLVE

The RESOLVE Network is a global consortium of researchers and organizations committed to empirically driven, locally informed research on violent extremism and conflict dynamics. RESOLVE is based at the U.S. Institute of Peace, building upon the Institute's decades-long legacy of deep engagement in conflict-affected societies.

Projects mentioned in this presentation are in collaboration with and supported by USAID's Africa Bureau.

Local Partnerships in Focus

Localization as a Theory of Change

IF we fund and empower local partners…

?

THEN local partners will develop contextually-appropriate, sustainable solutions leading to violence reduction.
