Le Président du Comité du Conseil de sécurité créé par la résolution [1718 \(2006\)](#) présente ses compliments à la Directrice générale de Médecins Sans Frontières (MSF) et a l'honneur de se référer à la note verbale datée du 20 juillet 2020, dans laquelle MSF a demandé au Comité, conformément à la notice d'aide à l'application n° 7, de prolonger à nouveau la dérogation qu'il lui avait accordée les 23 septembre et 16 octobre 2019 en vertu du paragraphe 25 de la résolution [2397 \(2017\)](#) du Conseil de sécurité et par laquelle il l'avait autorisé à mener des activités humanitaires en République populaire démocratique de Corée et en particulier à y importer des articles destinés à assurer la bonne exécution de son programme médical dans la province du Hamgyong du Nord.

Le Président note qu'il est demandé que la durée de la dérogation soit prolongée, en raison des problèmes d'acheminement causés par la pandémie de COVID-19.

Le Président a également l'honneur d'informer Médecins Sans Frontières qu'après avoir dûment examiné sa demande, le Comité a décidé de repousser le délai visé jusqu'au 13 mai 2021, afin d'accorder le temps nécessaire pour mener à bien les procédures d'approvisionnement et d'expédition des articles concernés, dont la liste est jointe à la présente, conformément au paragraphe 25 de la résolution [2397 \(2017\)](#).

Le Comité tient à remercier Médecins Sans Frontières de sa diligence.

Le Président du Comité du Conseil de sécurité créé par la résolution 1718 (2006) présente ses compliments à la Directrice générale de Médecins Sans Frontières (MSF) et a l'honneur de se référer à la note verbale datée du 3 mars 2020, dans laquelle MSF avait demandé au Comité que soit repoussé le délai visé par la dérogation qui lui avait été accordée le 23 septembre et le 16 octobre 2019, conformément au paragraphe 25 de la résolution 2397 (2017) du Conseil de sécurité et à la Notice n°7 d'aide à l'application, pour l'autoriser à mener en République populaire démocratique de Corée des activités humanitaires et en particulier à y importer des articles, en vue de mener à bien un programme médical dans la province du Hamgyong du Nord, compte tenu des lourds retards accusés dans l'importation de matériel en raison de la pandémie actuelle de COVID-19.

Le Président informe MSF qu'après avoir dûment examiné sa demande, le Comité a décidé, conformément au paragraphe 25 de la résolution 2397 (2017), de repousser au 26 septembre 2020 le délai en question, afin d'accorder à l'organisation le temps nécessaire pour mener à bien les procédures d'approvisionnement et d'expédition voulues, qui sont détaillées en annexe à cette lettre.

Le Comité tient à remercier MSF de sa diligence.

1. Améliorer le diagnostic et le traitement de la tuberculose, y compris la forme polypharmacorésistante de la maladie, dans la population de la province du Hamgyong du Nord ;
2. Satisfaire les besoins médicaux généraux et urgents de la population vivant dans le district de Kyongsong de cette province.

Le Président a en outre l'honneur d'informer Médecins Sans Frontières qu'à l'issue d'un examen en bonne et due forme, le Comité a décidé d'approuver les articles restants dont MSF avait proposé l'importation en République populaire démocratique de Corée, dans le cadre de la dérogation mise en place. Ces articles figurent dans une pièce jointe à la présente lettre, conformément au paragraphe 25 de la résolution 2397 (2017).

Le Comité tient à remercier Médecins Sans Frontières de sa diligence.

Le Président du Comité du Conseil de sécurité créé par la résolution 1718 (2006) présente ses compliments à la Directrice générale de Médecins Sans Frontières (MSF) et a l'honneur de se référer à sa note verbale datée du 27 août 2019, dans laquelle elle a présenté au Comité, conformément à la Notice d'aide à l'application n° 7, une demande de dérogation en vertu du paragraphe 25 de la résolution 2397 (2017), en vue de permettre à MSF de mener des activités humanitaires en République populaire démocratique de Corée et, en particulier, d'importer des articles dans le pays afin d'assurer la bonne exécution d'un programme médical devant être mené dans la province du Hamgyong du Nord et ayant principalement pour objet :

1. D'améliorer le diagnostic et le traitement de la tuberculose, y compris la tuberculose multirésistante, dans la province du Hamgyong du Nord ;
2. De répondre aux besoins relevant de la médecine générale et de la médecine d'urgence des habitants du district de Kyongsong (province du Hamgyong du Nord).

Le Président a l'honneur d'informer MSF qu'après l'avoir dûment examinée, le Comité a décidé, conformément au paragraphe 25 de la résolution 2397 (2017) du Conseil de sécurité, d'approuver la demande de dérogation et d'autoriser le transfert, dans un délai de six mois, des articles et services visés dans la note verbale et dont la liste est jointe à la présente note. Les articles devront être expédiés en un seul chargement ou par envoi groupé, afin de simplifier autant que possible leur transport et leur dédouanement.

Le Comité rappelle que les sanctions imposées à la République populaire démocratique de Corée par le Conseil dans ses résolutions n'ont pas pour objet de porter préjudice à la population civile. On trouve dans la note verbale que le Comité a adressée aux États Membres et dans son communiqué de presse SC/13113 daté du 8 décembre 2017 des précisions concernant l'aide humanitaire en République populaire démocratique de Corée. Il est également rappelé dans la note verbale que les États Membres doivent appliquer pleinement les mesures imposées par le Conseil, tout en rappelant aux entités publiques et privées relevant de leur juridiction que l'application des sanctions ne doit pas indûment entraver l'aide humanitaire.

Le Comité autorise et encourage MSF à mener les opérations commerciales et financières strictement nécessaires à l'achat des biens et services faisant l'objet de la dérogation et figurant en pièce jointe, sans préjudice des décisions qui seront prises à cet égard.

Le Comité demande également aux organisations qui fournissent une aide humanitaire en République populaire démocratique de Corée de respecter la durée de la dérogation qui leur est accordée et de se conformer pleinement aux lois, réglementations et autorisations nationales qui régissent les opérations financières et commerciales, le transport de marchandises et les activités de dédouanement sur le territoire des États Membres concernés.

En outre, le Président a l'honneur d'informer MSF que cette note verbale et son annexe seront publiées sur le site du Comité 1718 et mises à disposition du public, notamment des autorités nationales qui participent au contrôle des transferts vers la République populaire démocratique de Corée faisant l'objet d'une dérogation, et ce, pour une durée de six mois.

Le Comité tient à remercier MSF de sa diligence.
