El Presidente del Comité del Consejo de Seguridad establecido en virtud de la resolución [1718 \(2006\)](#) saluda atentamente a la Dirección General de Médecins Sans Frontières (MSF) y tiene el honor de referirse a la nota verbal de fecha 1 de marzo de 2019, por la que se transmitió al Comité una solicitud de exención, de conformidad con el párrafo 25 de la resolución [2397 \(2017\)](#) y con la nota orientativa núm. 7 para la aplicación de resoluciones, para realizar actividades humanitarias en la República Popular Democrática de Corea (RPDC), en particular para obtener una exención humanitaria que es esencial para posibilitar que comience un proyecto médico de MSF cuyos principales objetivos son los siguientes:

1. Mejorar el diagnóstico y el tratamiento de la tuberculosis, así como de la tuberculosis multirresistente, en la población de la provincia de Hamgyong del Norte; y
2. Atender las necesidades médicas urgentes y generales a nivel comunitario en el condado de Kyongsong (provincia de Hamgyong del Norte).

El Presidente tiene también el honor de informar a MSF de que, tras la debida consideración, el Comité ha decidido aprobar la solicitud de exención que figura en la citada nota verbal, de conformidad con el párrafo 25 de la resolución [2397 \(2017\)](#) del Consejo de Seguridad, para la transferencia, en los próximos seis meses, de los artículos que se indican en ella, la cual se adjunta como anexo a la presente nota verbal. Los artículos deberán enviarse en una sola remesa o de forma consolidada, a fin de aumentar la eficiencia del transporte y el despacho de aduanas.

El Comité reitera que las sanciones impuestas por el Consejo de Seguridad en sus resoluciones relativas a la RPDC no pretenden tener un efecto negativo en la población de la RPDC; la nota verbal que remitió a todos los Estados Miembros, así como su comunicado de prensa SC/13113, de 8 de diciembre de 2017, ofrecen aclaraciones en lo que respecta a la prestación de asistencia humanitaria a la RPDC. Además, en la nota verbal se recuerda que cada Estado Miembro debe aplicar plenamente las medidas pertinentes del Consejo de Seguridad, teniendo presente la necesidad de explicar a las entidades públicas y privadas bajo su jurisdicción que, si bien las sanciones de las Naciones Unidas deben aplicarse de forma adecuada, no deben restringirse indebidamente las actividades humanitarias.

El Comité también apoya y aprueba la realización por MSF de las operaciones comerciales y las transacciones financieras que sean necesarias únicamente a efectos de adquirir los bienes y servicios objeto de la exención del Comité y que figuran en el archivo adjunto, sin perjuicio de las decisiones comerciales que resulten pertinentes.

Dirección General de
Médecins Sans Frontières
Ginebra (Suiza)

Al mismo tiempo, el Comité pide a las organizaciones que prestan asistencia humanitaria a la RPDC que se atengan al plazo de exención aprobado por el Comité y respeten y cumplan plenamente las disposiciones legales y reglamentarias nacionales y los requisitos sobre licencias que regulan las transacciones financieras y comerciales en el plano nacional y el transporte y el despacho de aduanas realizados en las jurisdicciones de los Estados Miembros afectados.

El Presidente tiene también el honor de informar a MSF de que la presente nota verbal y su anexo se publicarán en el sitio web del Comité 1718 por un período de seis meses para ponerlos a disposición del público, incluidas las autoridades nacionales encargadas de examinar las transferencias exentas a la RPDC.

El Comité desea dar las gracias a MSF por su diligencia.
