United Nations Security Council Sanctions Regimes

History
The Security Council established its first sanctions regime, in response to the illegitimate seizure of power in Southern Rhodesia, in 1968. To date, the Council has established 31 sanctions regimes in total, concerning: Southern Rhodesia, South Africa, the Former Yugoslavia (2), Haiti (2), Angola, Liberia (3), Eritrea/Ethiopia, Rwanda, Sierra Leone, Côte d’Ivoire, Iran, Somalia/Eritrea, ISIL (Da’esh) and Al-Qaida, Iraq (2), DRC, Sudan, Lebanon, DPRK, Libya (2), the Taliban, Guinea-Bissau, CAR, Yemen, South Sudan and Mali.

Sanctions regimes can, and have frequently been, amended or lifted as the Council continues to evaluate conflict situations. Today, there are fourteen active regimes – with the oldest concerning Somalia (established in 1992) and the newest concerning Haiti. The shortest sanctions regime to date, concerning Eritrea/Ethiopia, was implemented from 17 May 2000 to 15 May 2001.

Over the past five decades, sanctions regimes have changed in focus and scale. One of the most significant changes has been the shift away from use of comprehensive sanctions. Since 2004, all new sanctions regimes have been targeted, meaning that they are intended to have limited, strategic focus on certain individuals, entities, groups or undertakings. The most common sanctions measures are travel bans, asset freezes and arms embargos.

Effectiveness of sanctions over the last 24 years, measured as a function of policy outcome and UN sanctions contribution to that outcome, has been widely debated. According to a recent comprehensive study (see Targeted Sanctions ed. Biersteker et. al., 2013), UN targeted sanctions have been assessed to be effective in coercing a behavioral change in 10% of cases. They are more successful in constraining negative behavior (in 28% of cases) and in signaling support for international normative frameworks (in 27% of cases).

It is important to note that sanctions do not operate, succeed or fail in a vacuum. They work best when coupled with a larger conflict management strategy.

Structure
The Security Council establishes sanctions committees, composed of all Council members, which are tasked with implementation of sanctions regimes. These committees are most often chaired by non-permanent members of the Council. The Council also often establishes expert groups (frequently called Panels of Experts) which support the work of committees. Most members of these groups are based in their home location, while two are based in New York and one in Nairobi. In addition to providing secretariat support to committees, the Security Council Affairs Division (SCAD) is responsible for recruiting, managing and supporting these expert groups.

Designation Criteria
In most sanctions regimes, the Council establishes designation criteria for the listing of individuals and entities for targeted measures. Some common designation criteria include: threats to peace, security or stability, violations of human rights and international humanitarian law, and obstruction of humanitarian aid.

Sanctions Lists
There are over 1,000 listed individuals and entities on the United Nations Security Council Consolidated List. There is great variation among the Committees, however. For example, as of 3 April 2023, there are over 256 individuals and entities listed for the ISIL (Da’esh) and Al Qaida sanctions regime but only 3 for the Sudan sanctions regime.

De-listing Mechanisms
A Focal Point for De-listing was established in the Secretariat by resolution 1730 (2006). As of 3 April 2023, 119 de-listing requests involving 96 individuals and 39 entities had been received by the Focal Point, of which 113 have been processed completely. Seventeen individuals and seventeen entities were delisted by the relevant sanctions committee.

The Office of the Ombudsperson (whose mandate covers only the sanctions list maintained by the 1267/1989/2253 Committee) was established by resolution 1904 (2009). As of 31 March 2023, in the 97 cases fully completed through the Ombudsperson process, 63 individuals and 28 entities have been delisted, one entity has been removed as an alias of a listed entity and 29 delisting requests have been refused.

Partnerships
Security Council sanctions committees and expert panels work closely with specialized entities like ICAO, IMO, WCO, and INTERPOL.

Ten Committees have special agreements with INTERPOL allowing the UN Security Council to issue INTERPOL-UN Security Council Special Notices for those individuals and entities subject to targeted measures. Currently, there are over 600 Special Notices issued to help with the implementation of travel bans, asset freezes and targeted arms embargoes.
Al-Shabaab (Somalia) Sanctions Regime

Background
The sanctions regime on Somalia is the oldest of the current sanctions regimes, dating back to 1992. In response to the rapidly deteriorating security and humanitarian situation following the downfall of President Said Barre and the eruption of conflict between Somalia’s clans and sub-clans, the Security Council imposed a complete and general arms embargo on Somalia by resolution 733 (1992). In April 1992, the Council established the United Nations Operation in Somalia (UNOSOM) to oversee the provision of humanitarian assistance. UNOSOM gave way first to a multinational coalition, the Unified Task Force (UNITAF), in December 1992, and subsequently, in March 1993, to another Chapter VII operation, UNOSOM II, which was eventually withdrawn in March 1995. The current special political mission, the United Nations Assistance Mission in Somalia (UNSMIS), assists with the stabilization and peacebuilding processes. In February 2007 the Council authorized under Chapter VII the establishment of the African Union Mission in Somalia (AMISOM), a regional peacekeeping operation, with extensions until March 2022 and with its successor being the African Union Transition Mission in Somalia (ATMIS).

Sanctions Measures
Currently, the sanctions regime on Somalia comprises an arms embargo, an assets freeze, a travel ban, a charcoal ban, and an IED components ban. In 2013, the Security Council decided to ease the arms embargo for the Federal Government of Somalia. At the same time, the Council strengthened the procedures for notification of arms that are coming into Somalia, and required more detailed reporting from the Federal Government of Somalia on security sector structures and arms management. In 2010 the Council introduced a humanitarian carve-out to the assets freeze. Since 2014, both the arms embargo and the charcoal ban measures have been accompanied by an authorization for inspection of vessels, on the high seas off the coast of Somalia, suspected of carrying items in violation of these measures. In 2021, the Security Council added an authorization to inspect vessels suspected of carrying items subject to the IED-components ban.

Designation Criteria
Under the sanctions regime on Somalia, there are several designation criteria, including:
- Engaging in, or providing support for, acts that threaten the peace, security or stability of Somalia, including acts that threaten reconciliation processes or obstruct, undermine or threaten the Federal Government of Somalia, AMISOM or UNSOM by force;
- Acting in violation of the arms embargo or the arms resale and transfer restrictions;
- Obstructing the delivery of humanitarian assistance, or access to, or distribution of, humanitarian assistance;
- Recruiting or using children in armed conflicts in violation of applicable international law by political or military leaders;
- Violating applicable international law involving the targeting of civilians including children and women in situations of armed conflict, including killing and maiming, sexual and gender-based violence, attacks on schools and hospitals and abduction and forced displacement;
- Engaging in the export or direct or indirect import of charcoal from Somalia;
- Engaging in any non-local commerce via Al-Shabaab controlled ports which constitutes financial support for a designated entity;
- Misappropriating financial resources at all levels in Somalia.

751 Sanctions Committee
The Committee, originally established pursuant to resolution 751 (1992), is mandated to, inter alia, oversee the implementation of the sanctions measures, designate individuals and entities who meet the listing criteria, and report to the Council on ways to strengthen the measures. Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Japan currently chairs the Committee. The Vice-Chair is Gabon. With the adoption of resolution 2562 (2022), the Council changed the name of the Committee to underscore the focus of the sanctions regime on Al-Shabaab.

1844 Sanctions List
As of 3 April 2023, there are 19 individuals and 1 entity inscribed on the 1844 Sanctions List. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee, however, can decide upon de-listings. In addition to the 1844 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

The Panel of Experts on Somalia
The Sanctions Committee is supported by the Panel of Experts on Somalia, which is mandated, inter alia, to monitor and investigate the implementation of the sanctions measures, and to report on non-compliance. The Panel is composed of six experts (arms, armed groups, armed groups/natural resources, finance, humanitarian, and regional) and is based in Nairobi.

UN and Other Partnerships
In January 2013, the Committee and INTERPOL established an agreement for the exchange of information. INTERPOL-UN Security Council Special Notices for individuals and entities designated by the Committee can be found on the INTERPOL website.

By resolution 2662 (2022) requested the Secretary-General to provide a progress update against each indicator set out in the benchmarks contained in the technical assessment report (S/2022/698).

ISIL (Da’esh) and Al-Qaida Sanctions Regime

Background
By resolution 1267 (1999), the Security Council imposed limited air and financial embargoes to compel the Taliban to cease providing sanctuary and training to terrorists, including Usama Bin Laden. The Council modified the regime by resolutions 1333 (2000) and 1390 (2002) and imposed targeted measures against individuals and entities associated with the Taliban and Al-Qaida. By resolutions 1988 (2011) and 1989 (2011), the Council split the regime in two, establishing one Committee for the Taliban and another for Al-Qaida. By resolution 2253 (2015), the Council expanded the listing criteria to include those associated with the Islamic State in Iraq and the Levant (ISIL, or Da’esh), in addition to Al-Qaida, and renamed the Committee the 1267/1989/2253 ISIL (Da’esh) and Al-Qaida Sanctions Committee.

Targeted Sanctions Measures
Currently, the ISIL (Da’esh) and Al-Qaida sanctions regime comprises an arms embargo, a travel ban and assets freeze on individuals and entities. By resolution 2368 (2017), the Council clarified that the assets freeze also applies to trade in petroleum products, natural resources, chemical or agricultural products, weapons, or antiquities, by listed individuals and entities.

Designation Criteria
The overarching criterion for which a sanctions designation can be made, as set out in paragraph 2 of resolution 2368 (2017), is acts or activities indicating association with ISIL or Al-Qaida, which include the following:

- Participating in the financing, planning, facilitating, preparing, or perpetrating of acts or activities by, in conjunction with, under the name of, on behalf of, or in support of Al-Qaida, ISIL or affiliates;
- Supplying, selling or transferring arms and related materiel to Al-Qaida, ISIL or affiliates;
- Recruiting for Al-Qaida, ISIL or affiliates; or
- Otherwise supporting acts or activities of Al-Qaida, ISIL or affiliates.

The ISIL (Da’esh) and Al-Qaida Sanctions Committee
The mandate of the ISIL (Da’esh) and Al-Qaida Sanctions Committee is, inter alia, to monitor Member States’ implementation of the targeted sanctions measures, to report to the Council on the effectiveness of those measures, to make recommendations on increasing the effectiveness of current measures, to receive and respond to notifications of violations, to designate individuals and entities for listing, and to consider requests for exemptions to the measures.

Pursuant to resolution 2083 (2012), individuals and entities currently listed on the ISIL (Da’esh) and Al-Qaida Sanctions List may submit requests for exemptions to the travel ban and assets freeze measures for consideration by the Committee, through the Focal Point for De-listing established pursuant to resolution 1735 (2006). There are no exemptions to the arms embargo. By resolution 2664 (2022) the Security Council decided to establish a standing humanitarian exemption (“humanitarian carve-out”) to the assets freeze measures imposed by United Nations sanctions regimes.

Decisions in the Committee are reached by consensus through a ten-day no-objection procedure for listing and de-listing proposals and a five-day no-objection procedure for most other matters. Special decision-making procedures, commonly known as “reverse consensus”, apply to de-listing either recommended by the Ombudsperson or proposed by the Designating State. When the Ombudsperson recommends de-listing or the Designating State proposes de-listing, the individual or entity will be de-listed, unless all 15 members unanimously object to the de-listing.

The Permanent Representative of Malta is the current Chair of the ISIL (Da’esh) and Al-Qaida Sanctions Committee, with the Russian Federation and the United Arab Emirates serving as Vice-Chairs.

The ISIL (Da’esh) and Al-Qaida Sanctions List
As of 3 April 2023, there are 256 individuals and 89 entities designated under the ISIL (Da’esh) and Al-Qaida sanctions regime. Both the Committee and the Ombudsperson can receive de-listing requests. However, only the Committee or the Council can decide upon the de-listing of designated individuals and entities.

In addition to the ISIL (Da’esh) and Al-Qaida Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

The Office of the Ombudsperson
An independent and impartial Ombudsperson was created pursuant to resolution 1904 (2009) to receive de-listing requests directly from designated individuals and entities on the ISIL (Da’esh) and Al-Qaida Sanctions List. The Ombudsperson reviews the case and submits a comprehensive report to the Committee along with a recommendation on whether or not to remove the name. The Ombudsperson’s mandate was most recently extended in resolution 2610 (2021), until June 2024.

Analytical Support and Sanctions Monitoring Team
The ISIL (Da’esh) and Al-Qaida Sanctions Committee is supported by the ten-member Analytical Support and Sanctions Monitoring Team, established pursuant to resolution 1526 (2004). Its mandate was most recently extended by resolution 2610 (2021) until June 2024. The Monitoring Team also supports the work of the 1988 Sanctions Committee.

UN and Other Partnerships
In 2005, the Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Monitoring Team. INTERPOL-UN Security Council Special Notices for individuals and entities designated by the ISIL (Da’esh) and Al-Qaida Sanctions Committee can be found on the INTERPOL website.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1267.
Iraq Sanctions Regime

Background
In August 1990, in reaction to Iraq’s continued occupation of Kuwait, the Security Council adopted resolution 661 (1990) establishing comprehensive sanctions against Iraq, including an arms embargo.

Following the restoration of Kuwait’s sovereignty in February 1991, the Council adopted resolution 687 (1991) in April 1991 which maintained the arms embargo and demanded that Iraq end its activities related to chemical, biological and nuclear weapons and ballistic missiles with a range greater than 150km.

In May 2003, following the fall of the Iraqi Government, the Council modified the sanctions regime in resolution 1483 (2003), maintaining the arms embargo but providing a provision for arms transfers to a newly established authority to maintain security in Iraq and along its borders.

In June 2004, with the adoption of resolution 1546 (2004), the Council decided that “the prohibitions related to the sale or supply to Iraq of arms and related materiel under previous resolutions shall not apply to arms or related materiel required by the Government of Iraq or the multinational force to serve the purposes of resolution 1546 (2004).” The mandate of the multinational force was subsequently terminated.

1518 Sanctions Committee
The Committee was mandated to continue to identify, pursuant to paragraph 19 of resolution 1483 (2003), individuals and entities referred to in paragraph 19 of that resolution, including by updating the list of individuals and entities that have already been identified by the Committee established pursuant to paragraph 6 of resolution 661 (1990), and to report on its work to the Council.

Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Albania is the current Chair of the 1518 Committee, with Japan serving as Vice-Chair.

Designation Criteria
Individuals and entities whose names are included in the sanctions list were designated in connection with the measures contained in paragraphs 19 and 23 of resolution 1483 (2003).

By paragraph 19, the Council decided that the Committee shall identify individuals and entities referred to in paragraph 23, by which the Council decided that funds or other financial assets or economic resources of the previous Government of Iraq or its state bodies, corporations, or agencies, located outside Iraq as of the date of the resolution, or funds or other financial assets or economic resources that have been removed from Iraq, or acquired, by Saddam Hussein or other senior officials of the former Iraqi regime and their immediate family members, including entities owned or controlled, directly or indirectly, by them or by persons acting on their behalf or at their direction, shall freeze, without delay, those funds or other financial assets or economic resources.

1518 Sanctions List
As of 3 April 2023, there are 67 individuals and 10 entities designated under the 1518 sanctions regime.

Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1518 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its Sanctions Committees.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1518.
DRC Sanctions Regime

Background
In the aftermath of the 1994 Rwandan genocide, the First Congo War (1996–1997) pitted the Rwandan Patriotic Army against Hutu militias entrenched in refugee camps in eastern Zaire. Following the downfall of Mobutu Séléka and his replacement by Laurent-Désiré Kabila, the Second Congo War began in August 1998. After the signing of the Lusaka Ceasefire Agreement between the Democratic Republic of the Congo (DRC) and five regional States in July 1999, the Security Council established the United Nations Organization Mission in the Democratic Republic of the Congo (MONUC) by resolution 1279 (1999), initially to monitor the ceasefire and disengagement of forces and maintain liaison with all parties to the Ceasefire Agreement. Despite the signing in December 2002 of the Global and All Inclusive Agreement on the Transition in the DRC and the establishment of the Government of National Unity and Transition, hostilities continued in eastern DRC, particularly in North and South Kivu.

Targeted Sanctions Measures
The 1533 sanctions regime encompasses an arms embargo, an assets freeze and a travel ban. With the adoption of resolution 1493 (2003), the Security Council imposed an arms embargo on all armed groups and militias operating in North and South Kivu and Ituri, and on groups not party to the Global and All-Inclusive agreement of 28 July 2003.

The Council subsequently modified the targeted sanctions regime, by imposing additional targeted sanctions measures (travel ban and assets freeze), and by broadening the designation criteria. In March 2008, the Council narrowed the scope of the arms embargo to apply only to non-governmental entities and individuals operating in DRC territory.

Designation Criteria
The overarching criterion for which a sanctions designation can be made, as set out in paragraph 7 of resolution 2293 (2016) is:

- Engaging in or providing support for acts that undermine the peace, stability or security of the DRC.

Such acts include:

- Acting in violation of the arms embargo;
- Being a military leader of a foreign armed group operating in the DRC and impeding disarmament and voluntary repatriation or resettlement of combatants belonging to those groups;
- Being a political or military leader of Congolese militias who impedes the participation of combatants in demobilization, repatriation, resettlement, and reintegration processes;
- Recruiting and using children in armed conflict in violation of applicable international law;
- Planning, directing or committing acts that constitute human rights violations or abuses or violations of international law;
- Obstructing access to distribution of humanitarian assistance in the DRC;
- Supporting individuals or entities, including armed groups or criminal networks, involved in destabilizing activities in the DRC through illicit exploitation or trade of natural resources;
- Acting on behalf of or at the direction of a designated individual or entity, or acting on behalf of or at the direction of an entity owned or controlled by a designated individual or entity;
- Planning, directing, sponsoring or participating in attacks against MONUSCO peacekeepers and UN personnel, including Groups of Experts, medical personnel and humanitarian personnel;
- Providing financial, material, or technological support for, or goods or services to, or in support of a designated individual or entity;
- Production, manufacture or use in the DRC of improvised explosive devices (IEDs), the commission, planning, ordering, aiding, abetting or otherwise assistance of attacks in the DRC with IEDs.

1533 Sanctions List
As of 3 April 2023, there are 36 individuals and 9 entities designated under the 1533 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1533 Sanctions List, there is a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Group of Experts on the DRC
The Sanctions Committee is supported by a Group of Experts to monitor the implementation of the sanctions regime. The Group is composed of six experts (arms, armed groups (2), natural resources/finance (2) and humanitarian).

UN and Other Partnerships
In July 2010, the Council established MONUSCO. One of its responsibilities is to assist with the implementation and monitoring of UN sanctions measures.

In March 2012, the Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Group of Experts. INTERPOL-UN Security Council Special Notices for individuals and entities designated by the 1533 Committee can be found on the INTERPOL website.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1533.
**Sudan Sanctions Regime**

**Background**
In July 2004, the Security Council imposed an arms embargo on all non-governmental entities and individuals operating in Darfur, condemning all acts of violence and violations of human rights and international humanitarian law by all parties to the crisis in the region, in particular by the Janjaweed.

Less than a year later, deploring strongly that the Government of Sudan, rebel forces and all other armed groups in Darfur had failed to comply fully with their commitments and the demands of the Council, as well as condemning the continued violations of the N'Djamena Ceasefire Agreement and the Abuja Protocols, and the failure of the Government of Sudan to disarm Janjaweed militiamen and to apprehend and bring them to justice, the Council expanded the scope of the arms embargo to apply to all parties to the Agreement and any other belligerents in Darfur.

At the same time, the Council also imposed a travel ban and an assets freeze on individuals (subsequently extended to entities), to be designated by its newly established Sanctions Committee. In April 2006, the Council designated four individuals as subject to these measures.

**Targeted Sanctions Measures**
Currently, the 1591 sanctions regime includes an arms embargo in relation to Darfur, a travel ban and an assets freeze.

The enforcement of the arms embargo was strengthened in 2010 by clarifying the exemptions to that measure and by introducing a requirement for the relevant end user documentation. The exemptions were further updated in 2012.

In paragraph 4 of resolution 2676 (2023), the Security Council expressed its intention to review the measures no later than 12 February 2024, through inter alia, modification, suspension, or progressive lifting of these measures.

**Designation Criteria**
There are five criteria for which a sanctions designation can be made, as set out in paragraph 3(c) of resolution 1591 (2005). These criteria are:

- Impeding the peace process;
- Constituting a threat to stability in Darfur and the region;
- Committing violations of international humanitarian or human rights law or other atrocities;
- Violating the arms embargo;
- Responsibility for offensive military overflights in Darfur.

**1591 Sanctions Committee**
The mandate of the 1591 Committee is to, inter alia, monitor the implementation of the targeted sanctions measures and consider exemptions, designate individuals and entities as subject to the measures, report to the Security Council, assess reports from the Panel of Experts and from Member States on their implementation of the measures, encourage a dialogue between the Committee and interested Member States, in particular those in the region, and respond effectively to violations of or non-compliance with the measures.

Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Ghana is the current Chair of 1591 Committee, with Switzerland serving as Vice-Chair.

**1591 Sanctions List**
As of 3 April 2023, there are 3 individuals designated under the 1591 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1591 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

**Panel of Experts on Sudan**
The 1591 Committee is supported by a Panel of Experts to monitor the implementation of the sanctions regime. The Panel of Experts was originally established by resolution 1591 (2005) and is composed of five experts (arms, armed groups, finance, international humanitarian law, and regional issues).

**UN and Other Partnerships**

Since November 2012, the Committee and INTERPOL have established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Panel of Experts. INTERPOL-UN Security Council Special Notices for individuals designated by the 1591 Committee can be found on the INTERPOL website.

The Secretary-General submitted his report on the implementation of resolution 2562 (2021), pursuant to paragraph 5 of that resolution, on 31 July 2021 (S/2021/696). The report contained information relating to the situation in Darfur and provided recommendations for benchmarks that could serve in guiding the Council to review the measures on Darfur.

By resolution 2676 (2023), the Security Council requested the Secretary-General, in close coordination with the Panel of Experts, to conduct, no later than 1 December 2023, an assessment of progress achieved on the key benchmarks established by the Council in paragraph 4 of the same resolution.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1591.
1636 Sanctions Regime

Background
Following the 14 February 2005 terrorist bombing in Beirut, Lebanon, that killed former Lebanese Prime Minister Rafiq Hariri and 22 others, the Security Council decided on 7 April 2005 by resolution 1595 (2005) to establish an international independent investigation Commission to assist the Lebanese authorities in their investigation of all aspects of the attack, including to help identify its perpetrators, sponsors, organizers and accomplices.

1636 Sanctions Committee
The Committee was established on 31 October 2005 to register, as subject to the travel ban and assets freeze imposed by paragraph 3(a) of the resolution, individuals designated by the international independent investigation Commission or the Government of Lebanon as suspected of involvement in the 14 February 2005 terrorist bombing.

Targeted Sanctions Measures
Currently, the 1636 sanctions regime includes an assets freeze and travel ban.

There are currently no individuals or entities designated under the 1636 sanctions regime.

The Permanent Representative of Albania is the current Chair of the 1636 Committee, with Ecuador serving as Vice-Chair.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1636.
DPRK Sanctions Regime

Background

Since 2006, the DPRK has conducted six nuclear tests, the latest on 3 September 2017, which the DPRK claimed to be a hydrogen bomb. Since 2016, DPRK has also significantly increased its ballistic missile testing activities.

In response, the Security Council, through resolutions 2270 (2016), 2321 (2016), 2371 (2017), 2375 (2017) and 2397 (2017), expanded and strengthened the DPRK sanctions regime, i.e. by clarifying and closing loopholes in the existing measures and introducing a number of additional measures to the 1718 sanctions regime.

Targeted Sanctions Measures
Currently, the 1718 sanctions regime is composed of an arms and related materiel embargo; a nuclear, ballistic missiles and other WMD programmes-related embargo; sectoral sanctions, which ban coal, minerals, fuel, food and agricultural products, earth, stone, wood, industrial machinery, transportation vehicles, seafood, textiles and luxury goods; bans, limits and places restrictions on the DPRK’s access to energy sources such as crude oil and refined petroleum products; financial sanctions; interdiction and transportation-related measures; a travel ban and/or assets freeze on designated individuals and entities; a ban on providing work authorizations for DPRK nationals and a requirement to repatriate DPRK nationals earning income; a ban on the supply, sale or transfer of new helicopters and new and used vessels, as well as a ban on procuring statuses from the DPRK; and sanctions provisions targeted at proliferation networks.

Designation Criteria
As referred to in paragraph 8(d) and 8(e) of resolution 1718 (2006), the following designation criteria will be applied to individuals or entities:

- Individuals or entities engaged in or providing support for, including through other illicit means, the DPRK’s nuclear-related, other weapons of mass destruction-related and ballistic missile-related programmes.
- Individuals or entities being responsible for, including through supporting or promoting, the DPRK’s policies in relation to the DPRK’s nuclear-related, ballistic missile-related and other weapons of mass destruction-related programmes.

1718 Sanctions Committee
The mandate of the 1718 Committee is to, inter alia, oversee the relevant targeted sanctions measures and undertake several main tasks.

The Committee seeks information from Member States on their implementation of the sanctions measures; examines and takes appropriate action on alleged violations; determines additional items, materials, equipment, goods and technology and designates individuals and entities as subject to the measures imposed by the resolutions; and designates vessels that are, or have been, related to violations of the maritime measures and other activities, such as transporting prohibited items to the DPRK.

1718 Sanctions List
As of 3 April 2023, there are 80 individuals and 75 entities designated under the 1718 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1718 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees. There are also 59 vessels designated for their involvement with the DPRK’s nuclear and ballistic missile programmes, other prohibited activities, or as economic resources of designated entities and individuals.

Panel of Experts on the DPRK
The 1718 Committee is supported by a Panel of Experts that assists the Committee in implementing its mandate to monitor, promote and facilitate the implementation of the Security Council measures. The Panel of Experts was originally established by resolution 1874 (2009) and is composed of eight experts (customs and export controls; finance and economics; maritime transport; missile issues and other technologies; non-proliferation, procurement and trade; non-proliferation and regional security; nuclear issues; other WMD and conventional arms).

Libya Sanctions Regime

Background
In February 2011, condemning the violence and use of force against civilians in the Libyan Arab Jamahiriya, as well as the repression of peaceful demonstrations, the Security Council imposed a series of measures, including an arms embargo, an assets freeze and a travel ban, aimed at preventing the situation from deteriorating further.

The following month, deploring non-compliance by the Libyan authorities with its previous resolution, and expressing grave concern at the escalation of violence and the heavy civilian casualties, the Council authorized further measures to protect civilians, including the establishment of a no-fly zone. Subsequently, in recognition of positive developments in Libya, including the peaceful transfer of authority from the National Transitional Council to the first elected government, the Council lifted or eased several of the aforementioned measures.

However, in March 2014, expressing concern that the illicit export of crude oil from Libya undermined the Government of Libya and posed a threat to the peace, security and stability of Libya, the Council broadened the scope of the sanctions regime to include additional measures aimed at preventing such exports. Less than six months later, deploring the increasing violence in Libya, condemning the ongoing fighting by armed groups, and expressing deep concern at the threat posed by unsecured arms and ammunition and their proliferation, the Council reinforced the arms embargo and expanded the designation criteria for targeted sanctions to include, inter alia, acts that threatened the successful completion of the political transition in the country. The designation criteria were further elaborated in March 2015, June 2017 and November 2018. Also in June 2017, the Council expanded the application of the measures in relation to illicit exports of crude oil to cover such exports of petroleum.

Targeted Sanctions Measures
Currently, the 1970 sanctions regime includes a two-way arms embargo on Libya, an assets freeze, a travel ban, and measures in relation to attempts to illicitly export petroleum from Libya. Provisions for inspection of cargo to and from Libya, and of designated vessels illicitly exporting petroleum from Libya, including on the high seas off the coast of Libya, are also included.

Designation Criteria
The criteria for which a sanctions designation can be made include:
- Being involved in or complicit in ordering, controlling, or otherwise directing, the commission of serious human rights abuses against persons in Libya, including by being involved in or complicit in planning, commanding, ordering or conducting attacks, in violation of international law, including aerial bombardments on civilian populations and facilities and acts involving sexual and gender-based violence.
- Having violated the provisions of resolution 1970 (2011), particularly the arms embargo, or to have assisted others in doing so.
- Vessels that illicitly export petroleum from Libya.
- Planning, directing, or committing, acts that violate applicable international human rights law or international humanitarian law, or acts that constitute human rights abuses, in Libya.
- Attacks against any air, land, or sea port in Libya, or against a Libyan State institution or installation, or against any foreign mission in Libya.
- Providing support for armed groups or criminal networks through the illicit exploitation of crude oil or any other natural resources in Libya.
- Threatening or coercing Libyan state financial institutions and the Libyan National Oil Company, or engaging in any action that may lead to or result in the misappropriation of Libyan state funds.
- Acting for or on behalf of or at the direction of a listed individual or entity.
- Attacks on United Nations personnel.

1970 Sanctions Committee
The mandate of the 1970 Committee is to, inter alia, monitor the implementation of the targeted sanctions measures and consider exemptions, designate individuals, entities or vessels as subject to the measures, report to the Security Council, encourage dialogue with interested Member States, seek information from States on their implementation of the measures, examine and take appropriate action on violations or non-compliance.

Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Japan is the current Chair of the 1970 Committee, with Malta serving as Vice-Chair.

1970 Sanctions List
As of 3 April 2023, there are 29 individuals and 2 entities designated under the 1970 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1970 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Panel of Experts on Libya
The 1970 Committee is supported by a Panel of Experts to monitor the implementation of the sanctions regime. The Panel of Experts was originally established by resolution 1973 (2011) and is composed of six experts (arms, maritime, finance, armed groups, arms groups/international humanitarian law, regional/transport).

UN and Other Partnerships
In September 2011, the Council established a United Nations Support Mission in Libya (UNSMIL), which is encouraged to support the Panel’s investigatory work inside Libya.

In June 2013, the Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Panel of Experts. INTERPOL-UN Security Council Special Notices for individuals and entities designated by the 1970 Committee can be found on the INTERPOL website.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/1970.
1988 Sanctions Regime

Background

By splitting the Al-Qaida and Taliban sanctions into separate regimes, the Security Council recognised that some members of the Taliban have reconciled with the Government of Afghanistan, rejected the terrorist ideology of Al-Qaida and its followers, and support a peaceful resolution of the continuing conflict in Afghanistan. The Council accorded the Afghan Government a visible and consultative role in the process of listing and de-listing under the sanctions regime. At the same time, the Council recognised that some individuals and entities related to the Taliban may still retain links to Al-Qaida and might therefore be subject to inclusion on both sanctions lists.

Targeted Sanctions Measures

The 1988 sanctions regime imposes three measures against individuals and entities designated on the 1988 Sanctions List: an assets freeze, travel ban and arms embargo.

Designation Criteria
The criterion for which a sanctions designation can be made is “association with the Taliban in constituting a threat to the peace, stability and security of Afghanistan”. Resolution 2255 (2015) explains the elements of association in paragraph 2, as follows:

- Individuals, groups, undertakings and entities associating with the Taliban;
- Supplying, selling or transferring arms and related materiel to the Taliban;
- Recruiting for the Taliban;
- Otherwise supporting acts or activities of those designated and other individuals, groups, undertakings and entities associated with the Taliban in constituting a threat to the peace, stability and security of Afghanistan.

Any individual or entity that provides support to those designated based on the above criteria shall also be eligible for listing.

1988 Sanctions Committee
The mandate of the 1988 Sanctions Committee is to, inter alia, monitor Member States’ implementation of the targeted sanctions measures, to report to the Council on the effectiveness of those measures, to make recommendations on increasing the effectiveness of current measures, to receive and respond to notifications of violations, to designate individuals and entities for listing, and to consider exemption requests based on the exemptions set out in paragraphs 1 and 2 of resolution 1452 (2002), as amended by resolution 1735 (2006) for the assets freeze and paragraphs 17 to 22 of resolution 2255 (2015) for the travel ban and asset freeze. In order to support the delivery of humanitarian aid, resolution 2615 (2021) permitted the payment of funds, other financial assets or economic resources, and the provision of goods and services necessary to ensure the timely delivery of such assistance or to support such activities.

Decisions in the Committee are reached by consensus. The Committee’s practice is to reach consensus through a ten-day no-objection procedure for listing and de-listing proposals and a five-day no-objection procedure for all other matters. There is a three-day no-objection procedure on assets freeze exemption requests for basic expenses only.

When travel in support of the peace and stability efforts is required, the Committee will decide on the request using a non-objection procedure of five days.

The Permanent Representative of Ecuador is the current Chair of the 1988 Committee with the Russian Federation and the United Arab Emirates serving as Vice-Chairs.

1988 Sanctions List
As of 3 April 2023, there are 135 individuals and 5 entities designated under the 1988 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 1988 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Analytical Support and Sanctions Monitoring Team
The 1988 Sanctions Committee is supported by the Analytical Support and Sanctions Monitoring Team established pursuant to resolution 1526 (2004) which also supports the work of the ISIL (Da’esh) and Al-Qaida Sanctions Committee.

UN and Other Partnerships
The Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Monitoring Team. The INTERPOL-UN Security Council Special Notices for all individuals and entities designated by the 1988 Sanctions Committee can be found on the INTERPOL website.

The Monitoring Team has had an information-sharing agreement with the United Nations Assistance Mission in Afghanistan since 2013. Since 2015, similar agreements have been made with the Combined Maritime Forces and the United Nations Office on Drugs and Crime.

Guinea-Bissau Sanctions Regime

Background
On 12 April 2012, before the second round of the presidential elections, elements of the armed forces of Guinea Bissau staged a military coup d’état. In response to increasing instability and violence in the country, the Security Council took a series of measures to re-establish peace and security, including imposing targeted sanctions on members of the military junta, which was governing the country. In May 2012, by resolution 2048, the Security Council imposed a travel ban on five individuals. In July 2012, the Sanctions Committee approved the listing of another six individuals subject to a travel ban.

Sanctions Measures
Currently, the 2048 sanctions regime encompasses a travel ban only.

Designation Criteria
There are currently two criteria for which a sanctions designation can be made, as set out in paragraph 6 of resolution 2048 (2012). Those criteria include persons who are determined to be:

- Seeking to prevent the restoration of the constitutional order or taking action that undermines stability in Guinea-Bissau, in particular those who played a leading role in the coup d’état of 12 April 2012 and who aim, through their actions, to undermine the rule of law, curtail the primacy of civilian power and further impunity and instability in the country;
- Acting for, or on behalf of, at the direction of, or otherwise supporting or financing individuals identified in the criteria above.

2048 Sanctions Committee
The mandate of the 2048 Committee is to monitor Member States’ implementation of the sanctions measures, to report to the Council on the effectiveness of those measures, to make recommendations on increasing the effectiveness of current measures, to receive and respond to notifications of violations, to designate individuals and entities for listing, and to consider exemption requests based on the exemptions set out in paragraph 5 of resolution 2048 (2012).

Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of the United Arab Emirates is the current Chair of the 2048 Committee, with Switzerland serving as Vice-Chair.

2048 Sanctions List
As of 3 April 2023, there are 10 individuals designated under the 2048 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee, however, can decide upon the de-listing of designated individuals and entities. In addition to the 2048 sanctions list, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

UN and Other Partnerships
On 20 February 1999, the UN Security Council approved the establishment of the UN Peacebuilding Support Office in Guinea Bissau (UNIOGBIS). On 1 January 2010, UNIOGBIS was replaced by the UN Integrated Peacebuilding Office in Guinea-Bissau (UNIOGBIS). The United Nations Integrated Peacebuilding Office in Guinea-Bissau (UNIOGBIS) completed its Security Council mandate on 31 December 2020.

In March 2014, the Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL and the Committee. INTERPOL-UN Security Council Special Notices for individuals designated by the 2048 Committee can be found on the INTERPOL website.

For more information, the Committee's website can be found at: https://www.un.org/securitycouncil/sanctions/2048.
Car Sanctions Regime

Background
Since independence in 1960, the Central African Republic (CAR) has experienced multiple coup d’êats with peace and security implications for the entire region. Following the Séléka coup d’état on 24 March 2013, the political and security situation in the country has remained highly unstable and unpredictable. In response to this increasing instability and violence in the country and region, the Security Council took a series of measures to re-establish peace and security, including calling for a ceasefire, establishing a sanctions regime, and deploying a United Nations mission to, inter alia, protect civilians and promote and protect human rights.

Targeted Sanctions Measures
On 5 December 2013, by resolution 2127 (2013), the Security Council first applied sanctions by imposing an arms embargo on the country. The arms embargo requested Member States to prevent the supply of arms and related material and provision of mercenaries to the CAR. On 28 January 2014, the Council further strengthened the sanctions regime with resolution 2134 (2014), applying targeted sanctions (travel ban and assets freeze) against individuals and entities in breach of the acts specified below.

Designation Criteria
There are currently 10 criteria for which a sanctions designation can be made. In accordance with paragraphs 20 and 21 of resolution 2339 (2017), sanctions measures can be applied against individuals and entities:

- Knowingly facilitating the travel of a listed individual in violation of the travel ban;
- Engaging in or providing support for acts that undermine the peace, stability or security of the CAR;
- Acting in violation of the arms embargo;
- Involved in planning, directing, or committing acts that violate international human rights law or international humanitarian law, as applicable, or that constitute human rights abuses or violations;
- Involved in planning, directing, or committing acts involving sexual and gender-based violence;
- Recruiting or using children in armed conflict in the CAR;
- Providing support for armed groups or criminal networks through the illicit exploitation of natural resources;
- Obstructing the delivery of humanitarian assistance to the CAR, or access to, or distribution of, humanitarian assistance in the CAR;
- Involved in planning, directing, sponsoring, or conducting attacks against UN missions or international security presences;
- Leading, or having provided support to, or acting for or on behalf of or at the direction of, an entity that the Committee has designated.

Pursuant to paragraph 11 of resolution 2339 (2017), individuals who knowingly facilitate the travel of a listed individual in violation of the travel ban may also be determined to have met the designation criteria.

2127 Sanctions Committee
The mandate of the 2127 Committee includes the following: monitor Member States’ implementation of the sanctions measures; report to the Council on the effectiveness of its measures; receive and respond to notifications of violations; assess reports by the Panel of Experts; review information regarding individuals violating the arms embargo, designate names to be subject to the assets freeze and travel ban; and consider exemption requests.

The Permanent Representative of Ghana is the current Chair of the 2127 Sanctions Committee, with Gabon serving as Vice-Chair.

2127 Sanctions List
As of 3 April 2023, there are 14 individuals and 1 entity designated under the 2127 sanctions regime.

Delisting requests can be submitted directly to the Committee by Member States or through the Focal Point for De-listing by individuals, entities, or parties acting on their behalf. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals and entities. In addition to the 2127 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Panel of Experts on CAR
The Sanctions Committee is supported by a Panel of Experts, which provides the Committee with information on the potential designation or listing of individuals violating the arms embargo; monitors the implementation of the sanctions measures; and assists the Committee to refine and update information on its sanctions list. The Panel of Experts was established by resolution 2127 (2013) and is composed of five experts (arms, armed groups, humanitarian, regional and finance/natural resources).

UN and Other Partnerships
In April 2014, by resolution 2149 (2014), the Security Council established the UN Multidimensional Integrated Stabilization Mission in the CAR (MINUSCA). One of its responsibilities is to assist the Committee, including by monitoring the implementation of the sanctions measures.

In June 2014, the Committee and INTERPOL have established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Panel of Experts. INTERPOL-UN Security Council Special Notices for individuals and entities designated by the 2127 Committee can be found on the INTERPOL website.

By resolution 2648 (2002), the Security Council requested the Secretary-General, in close coordination with the Panel of Experts, to conduct, no later than 15 May 2023, an assessment of progress achieved on the key benchmarks pursuant to the same resolution.

The Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/2127.
Yemen Sanctions Regime

**Background**

In 2011, following a series of anti-Government demonstrations in Yemen, one of which resulted in the killing of at least 45 protesters, an agreement brokered by the Gulf Cooperation Council (GCC) was signed by President Ali Abdullah Saleh, providing for his transfer of power to Vice-President Abd Rabbo Mansour Hadi and immunity from prosecution.

In 2012 and 2013, the Security Council expressed its readiness to consider measures, including under Article 41 of the Charter of the United Nations, if actions aimed at undermining the Government of National Unity and the Yemeni political transition continued.

In February 2014, the Council imposed an assets freeze and a travel ban on individuals and entities engaging in or providing support for acts that threatened the peace, security or stability of Yemen.

In August 2014, the Security Council noted with concern that the Houthis and others continued to stoke the conflict in the north of Yemen in an attempt to obstruct the political transition. The Council expressed grave concern about the deterioration of the security situation in Yemen in light of the actions taken by the Houthi and those who supported them.

The Committee designated former President Saleh and 2 Houthi individuals on 7 November 2014. The Security Council designated the leader of the Houthis movement, Abdulmalik al-Houthi, as well as former President Saleh's son, Ahmed Ali Abdullah Saleh, on 14 April 2015, also imposing a targeted arms embargo against individuals and entities. The Council designated another Houthi official in February 2021, and an entity (The Houthis) in February 2022. Six further Houthi officials were designated by the Committee in 2021-2022.

**Targeted Sanctions Measures**

Currently, the 2140 sanctions regime consists of an assets freeze, a travel ban, and a targeted arms embargo against individuals and entities on the 2140 sanctions list.

**Designation Criteria**

The overarching criterion for which a sanctions designation can be made, as set out in paragraph 17 of resolution 2140 (2014), is:

- Engaging in or providing support for acts that threaten the peace, security or stability of Yemen.

Such acts may include, but are not limited to:

- Obstructing or undermining the successful completion of the political transition, as outlined in the GCC Initiative and Implementation Mechanism Agreements;
- Impeding the implementation of the outcomes of the final report of the comprehensive National Dialogue Conference through violence, or attacks on essential infrastructure;
- Planning, directing, or committing acts that violate applicable international human rights law or international humanitarian law, or acts that constitute human rights abuses, in Yemen;
- Sexual violence in armed conflict, or the recruitment or use of children in armed conflict in violation of international law;
- Violating the targeted arms embargo;
- Obstructing the delivery of humanitarian assistance to Yemen, or the access to and distribution of humanitarian assistance within Yemen;
- Cross-border launches from Yemen using ballistic and cruise missile technology;
- Attacks on merchant vessels in the Red Sea or Gulf of Aden.

**2140 Sanctions Committee**

The mandate of the 2140 Committee is to, inter alia, monitor the implementation of the targeted sanctions measures with a view to strengthening, facilitating and improving implementation; to seek and review information regarding those individuals and entities who may be engaging in the aforementioned acts; to designate individuals and entities; to report to the Security Council; to encourage a dialogue between the Committee and interested Member States; to seek information from states on their implementation of the measures; and to examine and take appropriate action on alleged violations or non-compliance.

The Committee is directed to cooperate with other Security Council sanctions committees, in particular the ISIL (Da’esh) and Al-Qaida Sanctions Committees.

Decisions in the Committee are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Albania is the current Chair of the 2140 (2014) Committee, with Ghana serving as Vice-Chair.

**2140 Sanctions List**

As of 3 April 2023, there are 12 individuals and 1 entity designated under the 2140 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals or entities. In addition to the 2140 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its Sanctions Committees.

**Panel of Experts on Yemen**

The 2140 Committee is supported by a Panel of Experts, which provides information on individuals and entities that meet the designation criteria and monitors the implementation of the sanctions regime. The Panel is composed of five experts (armed groups, arms, finance, international humanitarian law and regional).

**UN and Other Partnerships**

The Committee receives inspection reports from the United Nations Verification and Inspection Mechanism for Yemen (UNVIM), which was instituted to ensure compliance with resolution 2216 (2015) for vessels sailing to ports of Yemen not under Government control.

In December 2014, the Committee and INTERPOL established an agreement allowing for the exchange of information between INTERPOL, the Committee and the Panel of Experts. INTERPOL-UN Security Council Special Notices for individuals designated by the 2140 Committee can be found on the INTERPOL website.

For more information, the Committee's website can be found at: [https://www.un.org/securitycouncil/sanctions/2140](https://www.un.org/securitycouncil/sanctions/2140).
South Sudan Sanctions Regime

Background
In December 2013, internal political disputes among South Sudan’s political and military leaders led to the outbreak of a conflict between the Government of the Republic of South Sudan and opposition forces. Despite the signing of a “Cessation of Hostilities Agreement” on 23 January 2015 between the Government of the Republic of South Sudan and the opposition Sudan People’s Liberation Movement, fighting between the parties continued. In response, on 3 March 2015, the Security Council imposed a travel ban and assets freeze on individuals or entities responsible for or complicit in actions or policies that threaten the peace, security or stability of South Sudan.

Subsequently, the parties signed the 17 August 2015 Agreement on the Resolution of the Conflict in the Republic of South Sudan (ARCSS) the 21 December 2017 Agreement on Cessation of Hostilities, Protection of Civilians and Humanitarian Access (ACOH), and the 27 June 2018 Khartoum Declaration (S/2018/641). Following continuous violations of those agreements, the Council imposed an arms embargo on the territory of South Sudan on 13 July 2018 and sanctioned two individuals. On 12 September 2018, the parties agreed to a Revitalized Agreement on the Resolution of the Conflict in the Republic of South Sudan (R-ARCSS).

Targeted Sanctions Measures
The 2206 sanctions regime encompases a travel ban, an assets freeze and an arms embargo.

Designation Criteria
Under the sanctions regime on South Sudan, there are eight designation criteria. These criteria, set out in paragraph 7 of resolution 2206 (2015), expanded by resolution 2521 (2020), and renewed by resolution 2633 (2022), apply to individuals engaging in, inter alia:
- Actions or policies that have the purpose or effect of expanding or extending the conflict in South Sudan or obstructing reconciliation or peace talks or processes, including breaches of the Revitalized Agreement or ACOH;
- Planning, directing, or committing acts that violate applicable international human rights law or international humanitarian law, or acts that constitute human rights abuses, in South Sudan;
- The targeting of civilians, including women and children, through the planning, directing, or commission of acts of violence (including killing, maiming, torture, or rape), abduction, enforced disappearance, forced displacement, or attacks on schools, hospitals, religious sites, or locations where civilians are seeking refuge, or through other conduct that would constitute a serious abuse of human rights, a violation of international human rights law or a violation of international humanitarian law;
- Planning, directing, or committing acts involving sexual and gender-based violence in South Sudan;
- The use or recruitment of children by armed groups or armed forces in the context of the armed conflict in South Sudan;
- The obstruction of the activities of international peacekeeping, diplomatic, or humanitarian missions in South Sudan, including the Ceasefire and Transitional Security Arrangements Monitoring and Verification Mechanism or of the delivery or distribution of, or access to, humanitarian assistance;
- Engagement by armed groups or criminal networks in activities that destabilize South Sudan through the illicit exploitation or trade of natural resources;

2206 Sanctions Committee
The mandate of the 2206 Committee includes the following: to monitor Member States’ implementation of the sanctions measures; to report to the Council on the effectiveness of those measures; to examine and take appropriate action on information regarding alleged violations or non-compliance; to review information regarding individuals and entities violating the arms embargo; and to designate individuals and entities for listing.

The Permanent Representative of Gabon is the current Chair of the 2206 Sanctions Committee, with Mozambique serving as the Vice-Chair.

2206 Sanctions List
As of 3 April 2023, there are 8 individuals designated under the 2206 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals or entities. In addition to the 2206 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Panel of Experts on South Sudan
A Panel of Experts supports the 2206 Committee. The Panel provides information on individuals and entities that meet the designation criteria and monitors the implementation of the sanctions regime. The Panel is composed of experts from regional offices (armed groups/regional issues, arms, finance, humanitarian affairs and natural resources).

UN and Other Partnerships
In June 2015, the Committee and INTERPOL established an agreement allowing for the exchange of information between the Panel of Experts, the Committee and the Panel of Experts. INTERPOL-UN Security Council Special Notices for individuals designated by the 2206 Committee can be found on the INTERPOL website. By resolution 2633 (2022), the Security Council encouraged timely information exchange between UNMISS and the Panel of Experts, while requesting UNMISS to assist the Committee and the Panel within its mandate and capabilities.

By resolution 2633 (2002), the Security Council requested the Secretary-General, in close coordination with the Panel of Experts, to conduct, no later than 15 April 2023, an assessment of progress achieved on the key benchmarks established by the Council in paragraph 25 of the same resolution.

For more information, the Committee’s website can be found at: https://www.un.org/securitycouncil/sanctions/2206.
Haiti Sanctions Regime

Background
By resolution 2653 (2022), the Security Council imposed targeted sanctions on individuals and entities responsible for or complicit in, or having engaged in, directly or indirectly, actions that threaten the peace, security or stability of Haiti. Having previously expressed its readiness in resolution 2645 (2022) of 15 July 2022 to take appropriate measures, including the possibility of targeted sanctions, against those engaged in or supporting gang violence, criminal activities, or human rights abuses or who otherwise take action that undermines the peace, stability, and security of Haiti and the region, the Security Council adopted unanimously resolution 2653 (2022) on 21 October 2022.

Targeted Sanctions Measures
The 2653 sanctions regime encompasses a travel ban, an assets freeze and a targeted arms embargo.

Designation Criteria
Under the sanctions regime, the targeted sanctions measures apply to individuals and/or entities as designated for such measures as responsible for or complicit in, or having engaged in, directly or indirectly, actions that threaten the peace, security or stability of Haiti. Such acts may include, but are not limited to:
- Engaging in, directly or indirectly, or supporting criminal activities and violence involving armed groups and criminal networks that promote violence, including forcible recruitment of children by such groups and networks, kidnappings, trafficking in persons and the smuggling of migrants, and homicides and sexual and gender-based violence;
- Supporting illicit trafficking and diversion of arms and related materiel, or illicit financial flows related thereto;
- Acting for or on behalf of or at the direction of or otherwise supporting or financing an individual or entity designated in connection with the activity described in subparagraphs (a) and (b) above, including through the direct or indirect use of the proceeds from organized crime, including proceeds from illicit production and trafficking in drugs and their precursors originating in or transiting through Haiti, the trafficking in persons and the smuggling of migrants from Haiti, or the smuggling and trafficking of arms to or from Haiti;
- Acting in violation of the arms embargo established in paragraph 11 of resolution 2653 (2022), or as having directly or indirectly supplied, sold, or transferred to armed groups or criminal networks in Haiti, or as having been the recipient of, arms or any related materiel, or any technical advice, training, or assistance, including financing and financial assistance, related to violent activities of armed groups or criminal networks in Haiti;
- Planning, directing, or committing acts that violate international human rights law or acts that constitute human rights abuses;
- Planning, directing or committing acts involving sexual and gender-based violence, including rape and sexual slavery, in Haiti;
- Obstructing delivery of humanitarian assistance to Haiti or access to, or distribution of, humanitarian assistance in Haiti;
- Attacking personnel or premises of United Nations missions and operations in Haiti, providing support for such attacks.

2653 Sanctions Committee
The mandate of the 2653 Sanctions Committee includes the following: to monitor the implementation of the sanctions measures with a view to strengthening, facilitating and improving implementation of these measures by Member States, and to consider and decide upon requests for exemptions; to seek and review information regarding those individuals and entities who may be engaging in the acts described in the designation criteria; to designate individuals and entities to be subject to the sanctions measures; and to examine and take appropriate action on information regarding alleged violations or non-compliance with the sanctions measures contained in resolution 2653 (2022).

The Permanent Representative of Gabon is the current Chair of the 2653 Committee.

2653 Sanctions List
As of 3 April 2023, there is 1 individual designated under the 2653 sanctions regime. Both the Committee and the Focal Point for De-listing can receive de-listing requests. Only the Committee or the Council, however, can decide upon the de-listing of designated individuals or entities. In addition to the 2653 Sanctions List, there is also a UN Security Council Consolidated List, which contains the names of all individuals and entities designated by the Council and its sanctions committees.

Panel of Experts on Haiti
A Panel of Experts supports the 2653 Committee. The Panel provides information on individuals and entities that meet the designation criteria and monitors the implementation of the sanctions regime. The Panel is composed of four experts (arms, armed groups and criminal networks, humanitarian affairs and finance).

UN and Other Partnerships
By resolution 2653 (2022), the Security Council directed the Panel to cooperate with the United Nations Integrated Office in Haiti (BINUH), the United Nations Office on Drugs and Crime (UNODC), the Caribbean Community (CARICOM), and relevant experts groups established by the Council. The Security Council also invited UNODC to work with BINUH and the Panel of Experts on Haiti.

By resolution 2653 (2002), the Security Council requested the Secretary-General, in close coordination with the Panel of Experts, to conduct, no later than 15 September 2023, an assessment of progress achieved on the key benchmarks established by the Council in paragraph 25 of same resolution.

UN Security Council Consolidated List

Background
Article 41 of the United Nations Charter stipulates that the Security Council may decide which measures, not involving the use of armed force, are to be employed to give effect to its decisions. The Council may then call upon the Members of the United Nations to apply such measures. Targeted measures apply to specific individuals and entities, and the measures most frequently employed by the Security Council include the arms embargo, the assets freeze and the travel ban.

The measures, as applied to specific individuals and entities, appear on the sanctions committees’ websites. The United Nations Security Council Consolidated List is an amalgamation of all Committee-specific sanctions lists and the 2231 List.

The Committee-specific sanctions lists may be found on the respective webpages of the relevant committees: https://www.un.org/securitycouncil/sanctions/information. The 2231 List may be found at the following URL: https://www.un.org/securitycouncil/content/2231/list.

The United Nations Security Council Consolidated List was first made available online in English on 29 October 2014. On 28 December 2015, the Consolidated List became accessible in the six official languages of the United Nations. It can be found here: https://www.un.org/securitycouncil/content/un-sc-consolidated-list.

The inclusion of all names in one Consolidated List is meant to facilitate the implementation of the measures. This, however, does not imply that all names are listed under one sanctions regime since the criteria for listing of names are Committee-specific. The sanctions lists and the 2231 List are available in XML, PDF and HTML formats.

Composition of the Consolidated List
The names included in the Consolidated List are separated in two sections, “Section A” comprising individuals and “Section B” comprising entities. Names are listed alphabetically as they appear in Latin script. On 30 August 2016, versions of these lists, with names listed by their permanent reference numbers (PRN), were made available.

PRNs specify the sanctions regime under which a name is listed. For example, PRNs starting with “QD” refer to the ISIL (Da’esh) and Al-Qaida sanctions regime, whereas PRNs starting with CF refer to names listed under the UN sanctions regime concerning the Central African Republic. The following letter “i” refers to individuals and “e” to entities.

A detailed explanation of the fields, identifiers and acronyms used in the lists is provided on the Consolidated List page.

Assistance with the Lists
All questions relating to the Committee-specific sanctions list or to the United Nations Security Council Consolidated List may be sent to sc-sanctionslists@un.org.
Focal Point for De-listing

Background
In 2006, the Security Council established the Focal Point for De-listing within the Department of Political Affairs, as part of the Council’s commitment to ensure that fair and clear procedures existed for placing individuals and entities on sanctions lists and for removing them, as well as for granting humanitarian exemptions.

The Focal Point receives and processes de-listing requests from individuals and entities on all sanctions lists except for the ISIL (Da’esh) & Al-Qaida Sanctions List, which is dealt with by the Office of the Ombudsperson established in 2009. In accordance with the Focal Point procedures, as outlined in the annex to resolution 1730 (2006), the decision to de-list rests solely with the relevant sanctions committee.

As of 3 April 2023, 119 de-listing requests involving 96 individuals and 39 entities had been received by the Focal Point, of which 113 have been processed completely. Seventeen individuals and seventeen entities were delisted by the relevant sanctions committee.

Additional mandated tasks
In 2012, the Focal Point was given the additional task of receiving and transmitting to the ISIL (Da’esh) & Al-Qaida Sanctions Committee for its decision, travel ban and assets freeze exemption requests in relation to individuals, groups, undertakings or entities on the ISIL (Da’esh) & Al-Qaida Sanctions List. The mandate was extended in 2015 to apply to such exemption requests in connection with the 1988 Sanctions List as well.

In 2014, the Council gave the Focal Point the additional task of receiving and transmitting to the ISIL (Da’esh) and Al-Qaida Sanctions Committee, for its consideration, communications from individuals de-listed from the ISIL (Da’esh) and Al-Qaida Sanctions List and from individuals claiming to have been mistakenly subjected to the sanctions measures in relation to ISIL (Da’esh) and Al-Qaida.

In addition to making use of the channel of the Focal Point for the issues described above, petitioners may submit their requests or communications to the relevant Sanctions Committee through the State of citizenship or residence (or location in the case of an entity).

Summary of the de-listing process
After an individual or an entity has submitted a de-listing request to the Focal Point, it is shared with the States that originally proposed listing as well as with the States of citizenship or residence. Those States have three months to review the de-listing request and provide any comments. They may also seek an extension of the time period for review.

There are provisions in place for the Focal Point to facilitate contact between the reviewing States, in order for them to engage in consultations.

Thereafter, according to procedure and practice, three scenarios may occur:

1. A reviewing State recommends de-listing, in which case the request will be circulated for the consideration of the Committee. If no Committee member objects, the petitioner is de-listed. If, however, a Committee member objects, the individual/entity remains on the list.

2. A reviewing State opposes the request, in which case Committee members will be given one month to share with the reviewing States any information in support of the request. If such information is forthcoming and leads to a recommendation to de-list, the request will be circulated for the consideration of the Committee, as described above. If no information is forthcoming, the Committee member, the individual/entity remains on the list.

3. No reviewing State comments, in which case Committee members will be given one month to recommend de-listing, if they so wish. If a Committee member recommends de-listing, the request will be circulated for the consideration of the Committee, as described above. If no recommendation is forthcoming, the individual/entity remains on the list.

Should reviewing States express contradictory views (one State supports and another opposes), the relevant Committee will decide how to proceed, taking into account past precedents.

Following the conclusion of the process, the Focal Point informs the petitioner of the outcome.

If the de-listing request is unsuccessful, petitioners may re-apply, provided that there is additional information in the new de-listing request.

Office of the Ombudsperson

Background
The Office of the Ombudsperson was created by Security Council resolution 1904 (2009), adopted on 17 December 2009, and its mandate was last extended until 17 June 2024 by resolution 2610 (2021), adopted on 17 December 2021.

Listed individuals or entities seeking delisting from the ISIL (Da’esh) and Al-Qaida Sanctions List can submit their request to an independent and impartial Ombudsperson who has been appointed by the Secretary-General. As of 31 March 2023, in the 97 cases fully completed through the Ombudsperson process, 63 individuals and 28 entities have been de-listed, one entity has been removed as an alias of a listed entity and 29 delisting requests have been refused.

Mr. Richard Malanjum currently serves as Ombudsperson. He assumed his official functions on 14 February 2022.

Mandate
The Ombudsperson’s mandate is contained in Security Council resolution 2610 (2021). The Ombudsperson is mandated to receive requests from individuals, groups, undertakings or entities seeking to be removed from the ISIL (Da’esh) and Al-Qaida Sanctions List and to present observations and a recommendation on the de-listing to the ISIL (Da’esh) and Al-Qaida Sanctions Committee.

Procedure
The procedure for de-listing begins with a preliminary determination by the Ombudsperson that the request properly addresses the designation criteria applicable to the ISIL (Da’esh) and Al-Qaida Sanctions List.

(1) Information Gathering phase - The information gathering phase is designed to enable the Ombudsperson to collect as much detailed information as possible from relevant States, the Monitoring Team and other relevant actors. This is essential to ensure that the Committee has before it all pertinent material in deciding on the request. The initial period for information gathering is four months. The Ombudsperson can extend the period for up to two additional months.

(2) Dialogue phase - The information gathering phase is followed by a two-month period during which the Ombudsperson facilitates engagement and dialogue with the Petitioner and, by relaying questions and responses, between the Petitioner, relevant States, the Committee and the Monitoring Team. This critical phase provides an opportunity for the Ombudsperson to explore in detail with the Petitioner the various aspects of the case. It gives the Petitioner an opportunity to be heard, to address issues and answer questions with the goal of ensuring that his or her position is fully explained and understood. The time period for dialogue can also be extended for up to two months.

During this same time period, the Ombudsperson prepares a report on the de-listing request. This report provides a comprehensive review of the case. It summarizes the information gathered and sets out the principal arguments concerning the de-listing request, based on an analysis of all the available information and the Ombudsperson’s observations. It also contains a recommendation on de-listing of the individual or entity for the Committee’s consideration. The Ombudsperson either recommends that the individual or entity remain on the list, or that the Committee consider de-listing.

(3) Committee Discussion and Decision - After the Committee has had 15 days to review the Ombudsperson’s report in all official United Nations languages, it is placed on the Committee’s agenda for consideration. The Committee’s review of the report is completed within 30 days of its submission by the Ombudsperson. The Ombudsperson presents the report in person to the Committee and answers questions.

Where the Ombudsperson recommends retaining the listing, the individual or entity remains on the list and subject to the sanctions measures.

Where the Ombudsperson recommends that the Committee consider de-listing, the individual or entity is removed from the list unless within 60 days, the Committee decides, by consensus, that the individual or entity should remain subject to the sanctions. Where consensus does not exist, the question remains on the list unless within 60 days, the Committee decides, by consensus, that the individual or entity should remain subject to the sanctions. Where consensus does not exist, the question may be referred to the Security Council, which then has a further 60 days to make its decision. As of 31 March 2023, there has never been a consensus to maintain sanctions in a case where de-listing was recommended, nor any referral to the Security Council.

After the Committee’s consideration of the report, the Ombudsperson may notify all relevant States of his recommendation. With the Committee’s approval and subject to redactions of confidential information, the Ombudsperson provides a copy of her or his report to designating States, States of nationality or residence and relevant States who participated in the delisting review process.

Within 60 days, after the Ombudsperson’s presentation of the Comprehensive report, the Committee conveys the decision to the Ombudsperson who immediately informs the Petitioner and submits to the Committee, for its review, a summary of the analysis contained in the Comprehensive Report. The Committee reviews the summary within 30 days, to address any security concerns. The Ombudsperson then transmits the summary to the Petitioner. The summary describes the principal reasons for the recommendation of the Ombudsperson, as reflected in the analysis of the Ombudsperson.

The Security Council Affairs Division (SCAD) of the United Nations Department of Political and Peacebuilding Affairs (DPPA) assists the Security Council in carrying out its responsibilities. SCAD provides procedural advice, analysis, forward planning, reporting, research and assistance in the administration of Security Council sanctions regimes.

A key component of SCAD’s role is to manage and support monitoring teams, groups and panels (hereafter “the panels”) created by the Council to assist committees in overseeing sanctions regimes. These panels play critical roles through, inter-alia, monitoring instances of non-compliance with UN sanctions. The Council determines the mandate lengths of any panel upon its creation, as well as the number of experts (consultants) supporting it. Timeframes for establishment and subsequent renewal of these panels differ between regimes.

Purpose
In order to ensure efficient recruitment processes and minimize gaps in the composition of panels, SCAD maintains a pool of qualified individuals who can be called on to serve in available roles as required. Individuals who would like to be considered and join the SCAD Pool of Experts can apply online at the following URL: https://careers.un.org/lbw/jobdetail.aspx?id=191928&Lang=en-US. A dedicated team within SCAD is responsible for screening candidates.

Composition
In developing the Pool of Experts, SCAD bases its recruitment on the specific expertise requirements of the Council and its sanctions committees. These fields fall within the broad focus of Security Council sanctions regimes as they relate to non-proliferation, counterterrorism and intra-state conflicts.

The areas of expertise include:
- armed groups
- border control/customs
- conventional arms
- counter-terrorism
- finance
- humanitarian affairs/human rights
- international law
- natural resources
- regional issues
- sexual and gender-based violence
- transportation (maritime/air)
- weapons of mass destruction/nonproliferation

Pool members come from a variety of backgrounds, including the United Nations, national administrations, academia, non-governmental organizations and the private sector. Most are mid- and senior-level professionals. To serve on panels, individuals must possess a minimum of ten years of relevant professional experience, including three years of field experience.

Special emphasis is placed on gender equality and geographic diversity.

Counter-Terrorism Committee (CTC)

Background
The Counter-Terrorism Committee is mandated to monitor the implementation by Member States of measures to prevent terrorist acts proscribed by resolutions 1373 (2001) and 1624 (2005).

Resolution 1373, adopted on 28 September 2001, calls upon Member States to implement a number of measures intended to enhance their legal and institutional ability to counter terrorist activities, including taking steps to: criminalize the financing of terrorism; freeze without delay any funds related to persons involved in acts of terrorism; deny all forms of financial support for terrorist groups; suppress the provision of safe haven, sustenance or support for terrorists; share information with other governments on any groups practising or planning terrorist acts; cooperate with other governments in the investigation, detection, arrest, extradition and prosecution of those involved in such acts; and criminalize active and passive assistance for terrorism in any form.

Resolution 1624 (2005), relating to incitement to commit acts of terrorism, calls on States to prohibit it by law, prevent such conduct and deny safe haven to anyone guilty of such incitement.

Resolution 2178 (2014) identified the increasing threat posed by foreign terrorist fighters as an emerging issue which merits close attention by the CTC. Resolution 2178 requests the CTC, with the support of the Counter-Terrorism Committee Executive Directorate (CTED), to take on the following tasks: first, to identify principal gaps in Member States’ capacities to implement resolutions 1373 (2001) and 1624 (2005) which may hinder States’ abilities to stem the flow of foreign terrorist fighters; second, to identify good practices to stem the flow of foreign terrorist fighters in the implementation of resolutions 1373 (2001) and 1624 (2005); and third, to facilitate technical assistance.

Resolution 2396 (2017) further urges Member States to strengthen their efforts to stem the threat posed by foreign terrorist fighters through measures on border control, criminal justice and information-sharing and counter-extremism.

Counter-Terrorism Committee Executive Directorate (CTED)
The CTC is assisted by the Counter-Terrorism Committee Executive Directorate (CTED), established by resolution 1535 (2004), which carries out the policy decisions of the Committee, conducts expert assessments of each Member State and facilitates counter-terrorism technical assistance to countries. Resolution 2617 (2021) renewed the mandate of CTED until 31 December 2025.

Sub-Committees
Three sub-committees were established to ensure thoroughness, consistency, transparency and even-handedness in the Committee’s analysis and stocktaking of Member States’ implementation of Security Council resolutions 1373 (2001) and 1624 (2004), and other relevant resolutions. The sub-committees are chaired by the Vice-Chairs of the Committee.

Decisions in the Committee are reached by consensus through a two-day no-objection procedure. For implementation assessments (stocktaking), the period is five days. The Permanent Representative of United Arab Emirates is the current Chair of the CTC, with France, Mozambique and the Russian Federation serving as Vice-Chairs.

Counter-Terrorism Committee Executive Directorate (CTED)
The CTC is assisted by the Counter-Terrorism Committee Executive Directorate (CTED), established by resolution 1535 (2004), which carries out the policy decisions of the Committee, conducts expert assessments of each Member State and facilitates counter-terrorism technical assistance to countries. The sub-committees are chaired by the Vice-Chairs of the Committee.

Each sub-committee conducts stocktaking by reviewing the Overview of Implementation Assessment (OIA), which is prepared by CTED. The OIA, once approved by the relevant sub-committee, is transmitted to the Committee for its approval. The OIA is then shared with the relevant Member State for a response. CTED also prepares the Detailed Implementation Survey (DIS), which is a working document circulated to the relevant sub-committee for information only.

Country Reports
Reports on the implementation of resolutions 1373 (2001) and 1624 (2005) received from Member States are available on the Committee’s website. For resolution 1373 (2001), only reports dated from 2001 through 2006 are available. A decision was made to not make subsequent reports on this resolution public. In line with the revised stocktaking procedures, the OIA may be shared (in full or in part) with other Member States if the concerned Member State consents to sharing.

1540 Committee

Background and Mandate
On 28 April 2004, the Security Council adopted resolution 1540 (2004) under Chapter VII of the United Nations Charter, obliging States, inter alia, to refrain from supporting by any means non-State actors from developing, acquiring, manufacturing, possessing, transporting, transferring or using nuclear, chemical or biological weapons and their delivery systems.

Resolution 1540 (2004) imposes binding obligations on all States to establish domestic controls to prevent the proliferation of nuclear, chemical and biological weapons, and their means of delivery, including by establishing appropriate controls over related materials. It also encourages enhanced international cooperation on such efforts, in accordance with, and promoting universal adherence to, existing international non-proliferation treaties.

Resolution 1540 (2004) also established a Committee to monitor and promote implementation of these national legal measures. The mandate of the Committee was renewed by resolution 2572 (2021) of 22 April 2021 until 28 February 2022. Along with collecting and reviewing national reports, the 1540 Committee has also created matrices to present a fuller picture of the status of implementation in all states that have submitted their mandated implementation reports. The Permanent Representative of Ecuador is the current Chair of the 1540 Committee, with Malta and the United Kingdom of Great Britain and Northern Ireland serving as Vice-Chairs.

On 15 December 2016, the Council adopted resolution 2325 (2016) calling on all States to strengthen national non-proliferation regimes in implementation of resolution 1540 (2004) and submit timely reports on their efforts.

By resolution 2663 (2022), the Council extended the mandate of the Committee until 30 November 2032.

1540 Committee Working Groups
The 1540 Committee decided in its sixteenth programme of work to continue to operate in a system of four Working Groups, open to all of its members. The Working Groups focus on important and recurring issues. Each Working Group has specific tasks related to the programme of work, which are set out below. Each Working Group is coordinated by a member of the Committee, and is supported by the Secretariat and the Committee’s Group of Experts. The Committee meetings include periodic feedback by the Working Groups responsible for tracking progress with respect to monitoring and national implementation; assistance; cooperation with international organizations, including the ISIL (Da’esh) and Al-Qaida Sanctions Committee and Counter-Terrorism Committee; and transparency and media outreach.

Working Groups:
(i) Monitoring and national implementation
(ii) Assistance
(iii) Cooperation with international organizations, including the ISIL (Da’esh) and Al-Qaida Sanctions Committee and Counter-Terrorism Committee; and transparency and media outreach

National Reports
The initial focus of the 1540 Committee’s work was raising awareness about resolution 1540 (2004) and encouraging submissions of national implementation reports which provide details of the measures States have taken, or intend to take, to implement the resolution. As of 20 January 2022, 185 States (and the European Union) have submitted their first national reports.

The Group of Experts developed a ‘matrix’ to examine the status of Member States’ implementation of resolution 1540 (2004). The matrix draws upon legislative and enforcement measures provided in the national reports, well as information from official websites and other governmental sources. A list of matrices of Member States as approved by the Group of Experts. In 2017, the Committee approved a revised matrix to reflect developments in international legal instruments as well as the scientific and technical fields.

Assistance
As States have different capacities to implement the resolution, provision was made in resolution 1540 (2004) for States to request and offer assistance. The Committee serves as a clearinghouse for dealing with requests for assistance by facilitating bilateral State arrangements as well as drawing upon the expertise and experience with assistance programmes of inter-governmental organizations such as the International Atomic Energy Agency (IAEA), the Organisation for the Prohibition of Chemical Weapons (OPCW), the World Customs Organization (WCO) or the World Health Organization (WHO). Subsequent resolutions called for the Committee to strengthen its role in facilitating technical assistance for implementation of resolution 1540, in particular by engaging actively in matching offers and requests for assistance.

1540 Group of Experts
The 1540 Committee is supported by a nine-member Group of Experts. Paragraph 5 (b) of resolution 1977 (2011) requested the Committee to consider recommendations for the Committee and the Group of Experts on expertise requirements, broad geographic representation, working methods, modalities and structure, including consideration of the feasibility of a coordination and leadership position of the Group of Experts. In this regard, the Committee submitted a report to the Security Council on 30 December 2011, (S/2011/819).

For more information, the Committee’s website can be found at: http://www.un.org/en/sc/1540.
The annexes list parties to armed conflict that engaged in the recruitment and use of children, sexual violence against children, the killing and maiming of children, abduction and forced displacement of children, attacks on schools and hospitals and attacks or threats of attacks against protected personnel, in contravention of international law. The Working Group is also mandated to review progress on the development and implementation of national action plans on children and armed conflict called for in resolution 1539 (2004) and to consider other relevant information. Decisions in the Working Group are reached by consensus through a five-day no-objection procedure. The Permanent Representative of Malta is the current Chair of the Working Group, with Ecuador serving as the Vice-Chair.

**Mandate**

With the adoption of resolution 1612 (2005), the Security Council established the Working Group consisting of all members of the Council, along with a monitoring and reporting mechanism dedicated to collecting information regarding grave violations against children and armed conflict. The Working Group was mandated to review reports on violations against children affected by armed conflict committed by parties to armed conflict that are listed in the annexes to the Secretary-General's report on children and armed conflict.

The annexes list parties to armed conflict that

- Recommendations for further assistance to the country concerned
- Requests for assistance or advocacy (to relevant UN bodies, the SRSG for Children and Armed Conflict)
- Letters/appeals
- Expressions of support
- Démarches
- Requests for additional information or monitoring (to Secretary-General, Representative of affected countries)
- Specific field trips on children and armed conflict by members of the Working Group

- Open/closed meetings with parties concerned
- Press conferences, in addition to press releases following the adoption of Working Group conclusions
- The toolkit also outlines possible recommendations to the Security Council, including communications to be transmitted to the Chairs of relevant Security Council sanctions committees.

The Working Group carries out tasks entrusted to it in the context of the conclusions, including by travelling to countries in support of the implementation of the respective mandate.

**Periodic Reports of the Secretary-General**

The periodic reports of the Secretary-General that are considered by the Working Group emanate from the monitoring and reporting mechanism called for in resolution 1539 (2004), and are introduced formally by the Special Representative of the Secretary-General on Children and Armed Conflict.

**Conclusions of the Working Group**

Conclusions of the Working Group contain recommendations to parties to armed conflict, Member States, the United Nations system, donors and other relevant actors. Messages to parties to armed conflict are issued in the form of a Security Council press release.

The Working Group shall also make recommendations to the Council on possible measures to promote the protection of children affected by armed conflict, including through recommendations on appropriate mandates for peacekeeping missions and recommendations with respect to the parties to armed conflict, and address requests, as appropriate, to other bodies within the United Nations system for action to support the implementation of the conclusions.

Most recently, on 19 December 2022, the Working Group adopted its conclusions (S/AC.51/2022/7) emanating from the report of the Secretary-General on children and armed conflict in the Democratic Republic of the Congo (S/2022/745).

**UN and Other Partnerships**

The Working Group regularly receives updates from the field through a Global Horizontal Note which is presented by UNICEF. Members of the Working Group also hear regular updates on current issues and activities relevant to children and armed conflict from the Special Representative of the Secretary-General on Children and Armed Conflict. Since 2015, the Working Group has convened various joint informal consultations with Security Council sanctions committees, including concerning the situation of children and armed conflict in the Central African Republic, Yemen and South Sudan.

For more information, including access to reports of the Secretary-General on children and armed conflict, the Working Group’s website can be found at: https://www.un.org/securitycouncil/subsidiary/wgcaac.
The Permanent Representative of Ghana is the current Chair of the Working Group, with the United Kingdom of Great Britain and Northern Ireland serving as Vice-Chair.

Activities
Meetings of the Working Group focus on coordination within the peacekeeping architecture and important thematic issues related to peacekeeping, with a view to feeding into decisions of the Security Council. The agenda of the Working Group has covered the following thematic topics: strategic dialogue between the Council, TCCs/PCCs and the Secretariat; mission start-ups and re-hatting challenges; strategic force generation; the use of modern technology in peacekeeping; transition and drawdown of missions; inter-mission cooperation; the women, peace and security agenda; women's participation in peacekeeping; troop and police preparedness; the safety and security of peacekeeping missions; the protection of civilians; partnerships; and the role of United Nations police in peacekeeping. The Working Group has also addressed the African Union's institutional reform and contributions to enhancing peace and security in Africa during a joint meeting with the Ad-Hoc Working Group on Conflict Prevention and Resolution in Africa and dedicated meetings to the discussion of specific peacekeeping missions in the continent.

UN and Other Partnerships
Members of the Working Group are briefed on a regular basis by senior UN officials, including from the Department of Peacekeeping Operations, the Department of Field Support, and the Department of Safety and Security.

Representatives of the Peacebuilding Commission have also addressed the Working Group. Furthermore, the Working Group has received briefings from representatives of regional organizations, such as the African Union.

More information, including annual reports and other documentation, can be found at the website of the Working Group: https://www.un.org/securitycouncil/subsidiary/wgko.
Background
The Security Council Informal Working Group on Documentation and Other Procedural Questions (IWG) was established in June 1993 to improve the process by which the Security Council addresses issues concerning its documentation and other procedural questions. The Working Group meets as agreed by members of the Council and makes recommendations, proposals and suggestions concerning the Council’s documentation and other procedural questions.

Since 2006, the Informal Working Group has been chaired by a member of the Security Council for either one or two years. Japan (2009-2010; 2016-2017), Argentina (2013-2014), Kuwait (2018-2019) and Saint Vincent and the Grenadines (2020-2021) chaired the Group for two consecutive years. For the year 2023, the Chair of the Informal Working Group is the Permanent Representative of Albania, with Japan and the United Arab Emirates serving as Vice-Chairs.

Substantive and technical support to the Informal Working Group is provided by the Security Council Affairs Division (SCAD) of the United Nations Secretariat.

Guidance on Council practice
The Informal Working Group has drafted a series of documents concerning the working methods of the Security Council, including measures to enhance its efficiency, transparency and interactivity, which have been adopted by the Security Council as Notes by the President.

Note by the President S/2017/507: A comprehensive compilation
The Note by the President of 30 August 2017 (S/2017/507), drafted under the Chairmanship of Japan, is the most recent comprehensive compilation of measures, integrating and further developing previous notes drafted by the Group. The revised note incorporates measures agreed to by the Security Council concerning its working methods and contained in 13 other presidential notes adopted after the issuance of the Note by the President of 26 July 2010 (S/2010/507). Those 13 notes include the contributions of the IWG under the Chairmanships of Portugal (2012); Argentina (2013–2014); Angola (2015); and Japan (2016-2017).

Since the adoption of the note by the President of 30 August 2017 (S/2017/507), the Council has issued an additional 13 Notes by the President under the Chairmanship of Kuwait (2018-2019) and Saint Vincent and the Grenadines (2020-2021). The notes have addressed the following topics:

- Security Council missions (S/2019/990)
- Selection of Chairs of subsidiary bodies (S/2019/991)
- The monthly programme of work (S/2019/992)
- Participation of incoming elected members (S/2019/993)
- Wrap-up sessions (S/2019/994)
- Reports of the Secretary-General in connection with consultations with troop- and police-contributing countries (S/2019/995)
- The gender pronoun used in the Provisional Rules of Procedure (S/2019/996)
- Timeline for the adoption of the Annual Report to the General Assembly (S/2019/997)
- Preparation and training opportunities for incoming elected members (S/2021/645)

Ad Hoc Working Group on Conflict Prevention and Resolution in Africa

Background
The Ad Hoc Working Group on Conflict Prevention and Resolution in Africa has its origins in the Presidential Statement of 31 January 2002 (S/PRST/2002/2), in which the Security Council recognized the need for adequate measures to prevent and resolve conflicts in Africa. The Council also expressed its intention to consider establishing an Ad Hoc Working Group to monitor the recommendations contained in that statement.

Mandate
The Terms of Reference for the Working Group were agreed on 1 March 2002, as set out in the Note by the President S/2002/207 and include, inter alia:
- To monitor the implementation of recommendations contained in Security Council decisions regarding conflict prevention and resolution in Africa.
- To examine, in particular, regional and cross conflict issues which affect the Council’s work on African conflict prevention and resolution.
- To propose recommendations to the Security Council to enhance cooperation in conflict prevention and resolution between the United Nations and regional and sub-regional organizations, such as the African Union (AU).
- To follow up on the Communiqués of the annual consultative meetings between the UN Security Council and the AU Peace and Security Council.

Methods of Work
The Working Group holds informal meetings and takes decisions by consensus. The Chair reports to the Council whenever appropriate.

Ahead of its meetings, the Chair will often circulate a concept note relevant to the thematic issues or specific items to be considered, in order to help guide and enrich the discussion.

Several recent Chairs of the Working Group have placed significant emphasis on opening the Group’s meetings to non-members of the Security Council. Recent Chairs have encouraged open and frank discussions in order to cultivate ideas that could positively contribute to the enhancement of the work of the Security Council.

The Permanent Representative of Mozambique is the current Chair of the Working Group, with Gabon serving as Vice-Chair.

Activities
In accordance with its mandate, the Working Group has undertaken a broad range of activities. It has provided the Security Council with specific sets of recommendations on a host of matters, including on the “Group of Friends” concept; on cooperation with the African Union; on enhancing the effectiveness of SRSGs in Africa; and on country specific situations.

On the basis of informal discussion and interaction with relevant players, the Working Group has provided inputs to Security Council missions to Africa.

It has organised and convened workshops and seminars on issues, including on effective conflict prevention strategies in Africa and on strengthening the relationship between the United Nations and the African Union in the maintenance of international peace and security. It has shared the outcome of those events with the Security Council.

The Working Group has convened informal meetings on geographical issues and a wide range of topics, including the responsibility to protect; early warning mechanisms in relation to election-related violence; root causes of conflict and emerging challenges in Africa; and the rule of law and justice in prevention and resolution of conflicts in Africa. Conflict prevention has been a recurring theme addressed by the Working Group. In recent years, the Working Group has served as a platform for exchanges on cooperation with the African Union on peacebuilding and sustaining peace.

Further to Security Council resolution 2033 (2012), the Working Group has proved to be a useful forum for Security Council experts on Africa to arrive at common positions on Communiqués adopted jointly with the AU Peace and Security Council, and in finalising negotiations between these two bodies.

In light of its mandate, the Working Group is a well positioned body wherein Security Council experts can consider following up on recommendations contained in the Joint Communiqués.

In light of the evolution and strengthening of the African Peace and Security Architecture, as well as the growing partnership between the United Nations and the African Union, the Working Group is also well positioned to provide advice to the Security Council on the basis of the information and analysis it receives from United Nations and African Union sources on specific issues on the Council’s agenda.

UN and Other Partnerships
Since its establishment, the Working Group has engaged with a broad range of representatives in the discussion of topics related to the prevention and resolution of conflict in Africa, including the UN Secretariat, Member States, regional and sub-regional organizations, academic institutions and civil society organizations. In particular, the Working Group has engaged closely with representatives of the African Union.

Informal Working Group on International Tribunals

Background
The Informal Working Group on International Tribunals was established on an informal basis in 2000 to consider matters relating to the United Nations and United Nations-assisted tribunals, in particular the International Tribunal for the Former Yugoslavia and the International Criminal Tribunal for Rwanda and, in recent years, the International Residual Mechanism for Criminal Tribunals.

The current Chair of the Informal Working Group is the Permanent Representative of Gabon, with Japan and Mozambique serving as Vice-Chairs.

Substantive and technical support to the Informal Working Group is provided by the Office of Legal Affairs and the Security Council Affairs Division.

Methods of Work
The Chair of the Informal Working Group briefs the Security Council on its activities typically twice a year.

The Informal Working Group holds an exchange of views with the President and Prosecutor of the Residual Mechanism, prior to their briefings to the Security Council.

Review of the progress of the work of the Residual Mechanism
Pursuant to resolution 1966 (2010), the Security Council reviews the progress of the work of the Residual Mechanism every two years.

In accordance with subsequent Council decisions, the Informal Working Group carries out an examination of the report of the Residual Mechanism, as well as the report of the Office of Internal Oversight Services (OIOS) on the evaluation of the methods and work of the Residual Mechanism. The Informal Working Group then presents its views and any findings or recommendations for the Council’s consideration in its review of the work of the Residual Mechanism.

The most recent review of the progress of the work of the Residual Mechanism was concluded in June 2020.
