

2012 Survey of UN Depository Libraries

Introduction

The Mission of the UN Depository Libraries Programme is to inform the world's public about the work and the activities of the United Nations through a system of UN depository libraries. These libraries are independent of the UN but provide comprehensive information based on first-rate collections of UN information resources. As of December 2012, there were 364 depository libraries.

The 2012 Biennial Survey of United Nations Depository Libraries was sent to 364 depository libraries. Completion of the biennial survey is a requirement for participating libraries. The survey was launched 10 September 2012 and closed 11 January 2013. Data collection included web-based, e-mail and fax methods.

The United Nations continues to expand online access to its information resources and has reduced print runs. It is expected that, ultimately, hard-copy distribution of documents will cease. The destruction by Hurricane Sandy of print shop and distribution facilities in New York may have accelerated this process.

In support of the UN's policy of a reduction in print costs, the Dag Hammarskjöld Library has strongly encouraged depository libraries to move to electronic access instead of print.

A major focus of the 2012 survey was to determine how this change from print to digital would impact the UN Depository Libraries Programme in developed and developing countries. While promoting a move to online access, the Dag Hammarskjöld Library must also seek to take into account the varying degrees of connectivity, especially in developing and least-developed countries.

An important aspect of the United Nations depository programme is the role that our partner libraries play in outreach and promotion of the use of their UN collections. Therefore the survey also sought information about activities undertaken by depository libraries to publicize their UN information resources and training to upgrade skills in accessing UN information resources.

By the close of the survey **334 of 364 depository libraries had responded, a 92%**

response rate. The low response rates in several regions of the world can largely be attributed to political conflicts. The Depository Library Coordination team thanks all depository libraries for their thoughtful responses.

United Nations Depository Libraries are comprised of different types of libraries such as: university, parliamentary, national, public and research institutions.

Key Findings

I. Based on responses received in the survey, 99% have Internet access. Most regions of the world have good internet access. Some areas in Africa, Latin America, Asia and the Pacific experience connectivity problems.

II. 64% of libraries provided information on outreach activities they undertook such as publicizing their UN information resources and promoting interest on issues of importance to the United Nations. Examples of such activities include briefings, exhibits, seminars, web postings of UN information, training on UN information resources and publishing of brochures, user guides and handouts.

III. 86% of the respondents indicated that they would appreciate additional training in accessing and using UN information resources. Library professionals with expertise in UN materials present one of the most valuable assets in the current UN Depository Libraries Programme.

To encourage further communications among the UN Depository Libraries we have a Facebook page: <https://www.facebook.com/United.Nations.Depository.Libraries>
We welcome your comments.

The table of contents for this report is as listed below:

I. Confirmation of compliance with the conditions of deposit

Note: Responses collected in section I of the survey (Questions 1-3) are for internal use only and are not published in these results.

II. Information and Telecommunications Technology

III. Use of the Dag Hammarskjöld Library research tools to access UN information and documentation

IV. Client Services

V. Training

VI. Outreach activities

VII. Please share with us any additional comments or ideas that would help us to improve the Depository Library programme.

VIII. Please provide the current SHIPPING ADDRESS

Note: Responses collected in section VIII of the survey (Question 37) are for internal use only and are not published in these results.

II. Information and Telecommunications Technology

4. Is your library connected to the Internet?

| | | |
|----------------------|------------|-----|
| Yes | 329 | 99% |
| No | 3 | 1% |
| Total replies | 332 | |

5. If not, when do you plan to install Internet access?

| | | |
|----------------------|-----------|------|
| 1 Year | 4 | 1.2% |
| 2 years | 0 | 3% |
| Over 2 years | 6 | 1.8% |
| Total replies | 10 | |

6. How is the Library connected to the Internet?

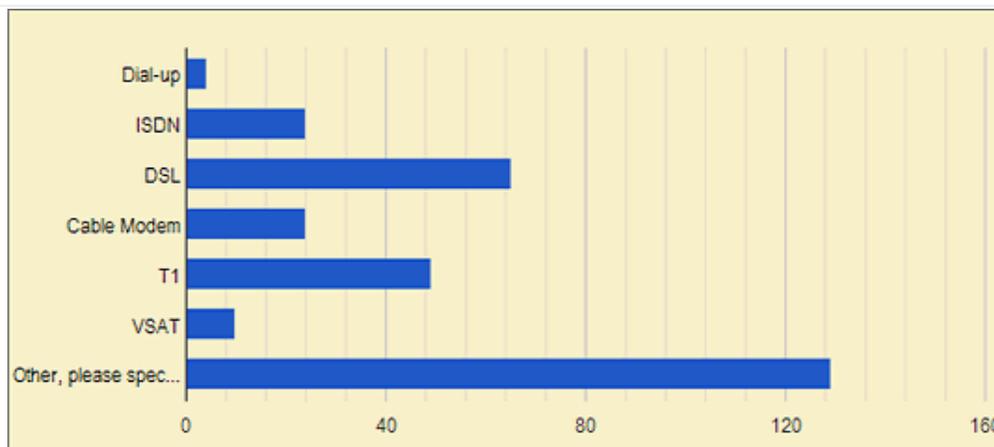

| | | |
|-----------------------|------------|-------|
| Dial-up | 4 | 1.2% |
| ISDN | 24 | 7.3% |
| DSL | 65 | 20% |
| Cable Modem | 24 | 7.3% |
| T1 | 69 | 21.3% |
| VSAT | 10 | 3% |
| Other, please specify | 129 | 39.6% |
| Total replies | 325 | |

+ 50 MBps, 1 Gbps, 1 TB, 1.5 GBPS, 1.544 mbps, 10 Gbps, 10 Go, 10 MB (simétrico), 10 mbps, 10-100-1000 MB MBPS, 100 Gbps IP capacity (Internet 2 <http://www.washington.edu/itconnect/support/>), 100 Mbps, 10Gbps, 10Gbps across 3vlans in trunk, 110 MB en velocidad de conexión para todo el campus universitario de la Sede Meléndez, 12MBPS, 140 MBPS, 14MBPS, 15 MBPS, 155 mbps, 155MBPS, 16 MBPS, 180 mb, 1GB, 1GB to building; 100MB to desktop, 1GBPS, 1Go/s, 1MB above, 2 MB, 2.2 Gbps, 20 MB, 20 MBPS, 200 MB, 200 MBPS and 1 GBPS, 20MB, 25 MB, 2MBPS, 3 MBPS, 300 MBit/s, 300KBPS to 1MBPS, 30MB, 330 mbps., 36 Mbps, 3MB, 4 MB, 40 Mbps, 450Mbps, 4GB, 4MBPS, 5 MB, 5 megabit, 50 MBPS, 500 MBPS, 50Mb/s, 50MBPS, 512 MB, 5MB, 6 MBPS, 600 MB pipe to our ISP, 600 Mbit/s (plus), 622 MB, 65 MB, 7 à 100 MB, 70 MB (Nacional) 10MB (internacional), 70 MBps, 75MB/sec, 7MB, 8 MB, 80 MB, 80Mb, 8MB, > 100MB, >1 G, Above 1 MB, approx. 100 MB, Approximately 10 MB, Download speed. 14357kbps; Upload speed 1490kbps, 1 Gb/second, Greater than 1MB, Higher - two channel:100 mbit/s and 100mbit/s, higher than 10MB, La velocidad de conexión de la Institución es de 25MB, La velocidad la determina la Prosecretaria de Informática de la Universidad Nacional de Córdoba, Major Internet hub, More than 30MB, more than 5 megabytes, more than 50 MB, Over 10MB, Over 1MB, over 30 MB, over than 1MB, T1.

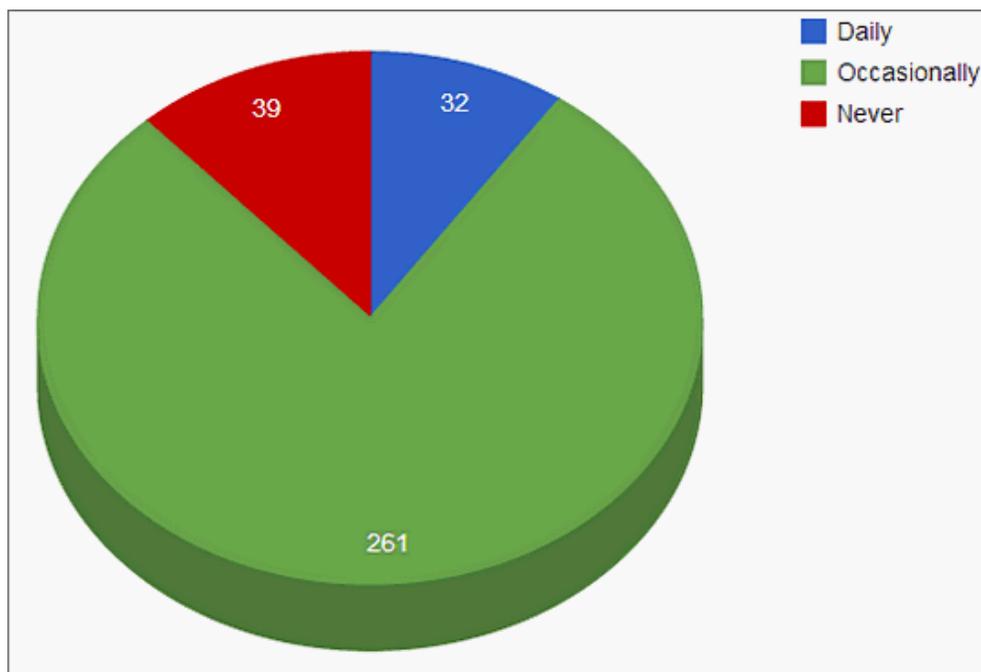

8. Internet connectivity in your library is:

| | | |
|----------------------|------------|------|
| Excellent | 195 | 59% |
| Good | 125 | 38% |
| Poor | 11 | 3.3% |
| Total replies | 331 | |

9. How often do you download UN documents, publications?

| | | |
|----------------------|------------|-----|
| Daily | 32 | 10% |
| Occasionally | 261 | 79% |
| Never | 39 | 12% |
| Total replies | 332 | |

10. Do you have difficulties when downloading large files?

| | | |
|----------------------|------------|-----|
| Yes | 39 | 12% |
| No | 275 | 88% |
| Total replies | 314 | |

11. If yes, why?

Total replies 42

| |
|---|
| por bajo ancho de banda |
| Large files take longer to download. |
| Por las políticas internas del Ministerio de Exteriores y de Cooperación, muchos de los archivos que recibimos no pasan el filtro de seguridad o se elimina el archivo adjunto. |
| à cause du débit de la connexion |
| I HAVE NOT RECEIVED ANY TRAINING FROM YOUR OUTFIT AND ALSO LACK OF STATIONERY SUCH AS PAPERS |
| Depending on the location of UN agency server, some are very slow or not responsive at all. |
| Slow internet connection sometimes frustrates downloads. |
| May be overloaded net; or small capacity of the system; especially slow or no connectivity during the exam -sessions |
| internet speed is slow sometimes |
| takes more time |
| only sometimes with a large file if our internet connection is having problems... |
| Download problems are usually not associated with the size of a file. File types and software updates (or lack of) and changes in browsers create temporary problems. |
| The bandwidth is inadequate |
| due to the limited bandwidth we have. |
| technical capacity/ connectivity |
| Too slow to download for large files |
| Sometimes, our connection in the server is quite slow. |
| Les procédures sont Occasionally longues |
| Sometimes there are problems with the internet connections. |

| |
|--|
| Por problemas con el ancho de banda |
| At times the internet is so slow |
| It not successful |
| In Myanmar Internet connect is not very good and sometimes, downloading files takes time and cannot be fast. |
| Motivado a la velocidad de conexión |
| * B/c of slow connectivity * sometimes lack of electric power |
| WE HAVE NOT TRIED TO DOWNLOAD UN PUBLICATIONS |
| actual,we have not paid our charges fee for five years so we have no access to printed nor online material.At the moment i will say we are at lost on what to do to pay up our charges in other to start benefiting from UN depository..the current material we have now dates back to 2008. |
| Because We do not have a perfect Computer System and its Equipments. |
| Low speed of internet. |
| Nous ne l'avons pas encore fait par manque d'information à ce sujet |
| Since the connction is not so fast and since we don't have enough PCs we have difficulties to download files |
| We did two times and there was no problem, it was a book |
| Pas d'internet. |
| Actually the computers are too old and their memory is very limited . Beside the internet line is very slow |
| The fact is that for now all the United Nations publications are in hard copies in our library. The obvious reason is that internet facility and power supply is not very stable or reliable for now. |
| low bandwidth |
| Insuficiente ancho de banda. |
| Internet speed is insufficient |
| Slow connection |
| Limited bandwidth connectivity |

12. Do you offer free Internet access to your clients?

| | | |
|----------------------|------------|-----|
| Yes | 295 | 89% |
| No | 35 | 11% |
| Total replies | 330 | |

13. Does your Library experience Internet interruption (How often, how long and for what reasons) ?

Total replies **284**

Summary analysis:

133 recipients replied **NO**

151 recipients replied **Yes** and/or similar alternative replies (see below for details)

How often--variable; how long-- variable; why-- seems most often to be a cut cable elsewhere in the state (Virginia)

Infrequent, but not unheard of... generally not long in duration; reasons: power outages or network issues

Internet interruption is rare, only during the absence of power.

interruption occurs rarely lasting fpr 2-3 hours

IRREGULAR BUT WHEN WE DO IT'S USUALLY IP FAULT

It depends on the Government functions. For example Ministry of Post and Telecommunication sometimes has problem with their server setting that makes us trouble for our Internet connection.

it experiences interruptions when the ISP has experienced a problem. Heavy use also slows down the speed

It happens rarely, when there is a surcharge, electrical problems.

Just sometime, about some days, because Internet interruption and we will call to the supplier to solve that problems.

La interrupcion es en algunos casos, por el mantenimiento de los equipos de la Universidad por cortes de energia electrica

| |
|--|
| esporadicos. |
| La interrupción es poco frecuente |
| les interruptions arrivent au plus une fois par semaine. Elles sont souvent liées à la défectuosité de l'énergie électrique. elle durent au plus une demie journée quand cela arrive. |
| Les interruptions surviennent 2 à 3 fois par semaine et peuvent durer 1 à 2 heures de temps. les raisons peuvent être : les coupures d'électricité, non paiement de l'abonnement, difficulté au niveau du fournisseur. |
| Modem and disk related problems usually 10 to 15 minutes outage. |
| more than once a month |
| No - Almost never (2 similar replies) |
| No - Casi nunca y cuando sucede es ocasionada por problemas que sufre el ISP |
| No - FICA LENTO AS VEZES |
| No - Hardly ever |
| No - Hardly, only for a few minutes |
| No - Not very often, about once in several months - It usually lasts for 2-3 hours each time - It is due to the router problem mostly (e.g. overheated) |
| No - Rarely, our Library network seldom interrupt, not more than 2 time a year for normal maintenance. |
| No - very rarely < 0,5 %; for the purpose of maintenance |
| No - very rarely 99.3% uptime average per annum |
| Not often - technique problems |
| Not often at all. |
| Not often. |
| Not so often - the electricity breaks down once/twice per year course to flashes... |
| not very often, due to power failure mostly. |
| Not very often, mostly when Telkom(our ISP) line goes down. |
| Nuestra biblioteca no sufre interrupciones de internet |
| Ocasionalmente por proveedores del servicio y actualizaciones |
| Occasionally - maybe once a semester or so due to an interruption in campus services. Outages usually last less than an hour. |
| Occasional System Errors |
| Occasional WiFi disruption |
| Occasional; of varying duration; due to network slowdowns or interruptions. |
| Occasionally (4 similar replies) |
| Occasionally few minutes - seldomly longer time maintenance, seldomly technical problems |
| Occasionally and if it happens, service is usually restored without much delays. |
| occasionally for system maintenance |
| Occasionally por fallas del servicio de la empresa que provee Internet |
| Occasionally sufre problemas de conexión. |
| Occasionally y dura muy poco la interrupción. La principal causa es por parte del proveedor. |
| Occasionally, as a result of low bandwidth. |
| Occasionally, but not very often. Usually for maintenance from the IT Department (scheduled during working hours). |
| Occasionally, of short duration, due to maintenance works. |
| Occasionally, problems with hardware configuration o communication lines |
| Occasionally, short interruptions, different reasons |
| Occasionally. Problems with server. |
| occasionally. Technical problems with ISP |
| Occasional interruptions of very short periods of time |
| occasionally for the reason of disconnection of local set |
| Often, technical reasons of server |
| Once a year |
| once a year one day during summer holidays for maintenance |
| Once in a while. |
| once or two a year at night for checking |
| Once/twice a year, for technical reasons |

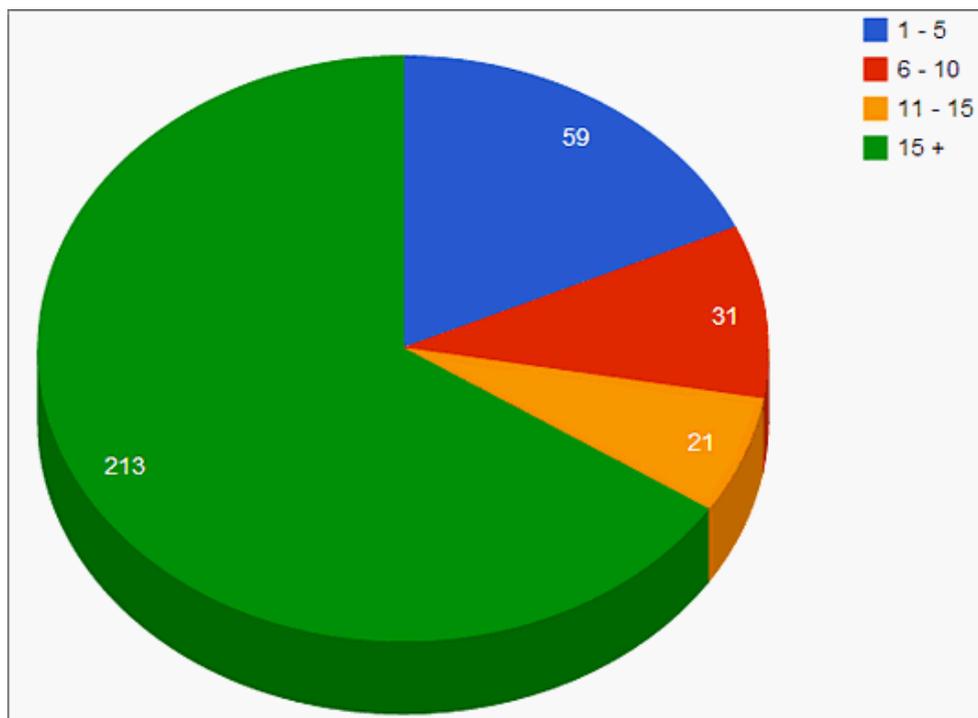

| |
|--|
| Only during the routine maintenance |
| Only for maintenance purposes |
| Por políticas internas del Ministerio de Exteriores y de Cooperación, no tenemos acceso libre a Internet, solamente a ciertas páginas web. |
| POWER OUTAGES |
| Rarely (8 similar replies) |
| Rarely - local maintenance |
| Rarely as the system is managed by the University |
| Rarely - For technical reasons. |
| Rarely - Problems connected with electricity |
| Rarely - Typically when a campus or library-wide server issue arises. |
| Rarely - Interruption is usually connected with server issues at our Miami campus. |
| Se interrumpe Occasionally, por razones técnicas. |
| Seldom (2 similar replies) |
| seldom - Few minutes |
| Seldom - Only when there's brown out and the server is not working. |
| Yes - several times / two days (max) / failure of apparatus |
| Yes - Sometimes |
| Yes - Sometimes, maybe for a whole day, due to connectivity problems. |
| Yes - Sometimes, but not very often. |
| Yes - Sometimes. Less than once a week at an average of less than 15 minutes. Server problems. |
| Yes -The network may go down at times |
| Yes - Una vez a la semana por fallas del sistema |
| usually no |
| Very little. |
| Very occasionally. Power failure. |
| Very often because of constant power interruption and low band width |
| Very rarely (7 similar replies) |
| Very rarely and due to power failure for long hours or due to natural disaster. |
| Very rarely and reasons vary. |
| Very rarely - maybe once in the last 5 years |
| Very rarely - Only for a few moments. |
| Very rarely - For maintenance/technical difficulties. |
| Very rarely - Only when experiencing general network issues or weather emergencies (but both are infrequent). |
| Very seldom (3 similar replies) |
| Very unusual since Internet is so important to many departments on our campus. Therefore, we have four commercial ISPs who serve our campus, and when one should go down, service automatically switches to another. |
| Very, very rarely, so it is not really an issue |
| We experience internet interruption sometimes due to the internet connectivity and old equipments. |
| Yes - WE EXPERIENCED INTERNET INTERRUPTION SOMETIMES. OUR INTERNET CONNECTION IS BEING MAINTAINED BY THE INFORMATION TECHNOLOGY DIVISION OF OUR INSTITUTION |
| We have infrequent interruptions. Generally they are short in duration. |
| We normally do not experience Internet interruptions except in emergency cases or severe weather. |
| We used to have numerous interruptions until a few weeks ago. Our 1MB bandwidth could not accommodate all staff, students and other users on our network. The interruptions were due to overload, mostly, |
| When happens a failure on the service of electricity supply, on occasion, once, twice in five years. |
| Whenever server is down, face such difficulty |
| Yes Sometimes , b/c lack of electric power |
| Yes - 3 planned service windows per year of 4 hours each. Unplanned outages roughly 2-4 hours per year. |
| Yes - 3-4 times a year due to technical problems concerning the provider |
| Yes - 8 hrs/mes por fallas del fluido eléctrico. |
| Yes - 3 veces al mes por fallas del fluido eléctrico en caso de fallas de suministro por parte de la compañía de electricidad. |

| |
|--|
| yes - a cause d'une coupure d'electricite en cas de delestage et surtout pendant la periode de pluie |
| Yes - About 3 times a month. Telecommunication Company technical failure. |
| Yes - algunas veces por arreglos de conexiones que se realizan en la Prosecretaria de la Universidad y en otras oportunidades, por problemas con los proveedores de internet que ofrecen sus servicios a la Universidad |
| Yes - Always. It depends on the problem encountered |
| Yes - At times from the subscribers or the internet providers and due to power failure. |
| Yes - au moins deux fois par mois; problèmes de reseaux ou de lignes téléphoniques |
| yes - Aux heures de pause (13h-14h) |
| Yes - Average twice weekly. 2hours to a whole day |
| Yes - But not very often. When this happens it is usually the fault of the ultimate Internet Service Provider. |
| Yes - Daily |
| Yes - De temps en temps |
| Yes - Eventualmente |
| Yes - Everyone once in a while, usually when there has been some major upgrade. Once a year if that. |
| Yes - Fallas en la conexión, dificultad con el proveedor de servicios o por revisión del sistema LAN |
| Yes - Frequently - Usually technical difficulties |
| Yes - From time to time |
| Yes - from time to time due to technical reasons of our server |
| Yes - In case of maintenance |
| Yes - Internet interruptions are common in Yemen and the reasons behind that are the electricity which get cut off 4-5 times a day and some times the interruptions is from the source (Internet providers) |
| Yes - Internet interruptions occur occasionally when there are power cuts and they usually last for the duration of the power cut. In other instances it will be the problem of the service providers. |
| Yes - INTERRUPTIONS OCCUR WHEN THERE IS POWER OUTAGE, WHEN COMMUNICATION SERVERS ARE BEING SERVICED AND WHEN CONNECTIVITY WITH ISP IS LOST. |
| Yes - It goes up to 2 months |
| Yes Occassionally Due to technical problems with the Sea Cable |
| Yes - Often |
| Yes - Our connection is so slow, and it can also get worse. When it does, it could last for (so far) at most 24 hours. It is when FSM Telecommunications, the only internet company on island that we are subscribed to is having technical problem(s). |
| Yes - por la red que en ocasiones se satura |
| Yes - some problems on net like once a week; or sometimes longer than two days. |
| Yes - Sometimes- not for very long - 1 day usually. Sometimes the providers is upgrading or experiencing technical difficulty. |
| Yes - Sometimes, due to disruptions in the power supply. The length of time varies. |
| Yes , We do . the internet was continually interrupted for 3 years and still is. Because the place – which we know – is not designed to is tall an internet system. |
| Yes but less frequent these days |
| YES ESPECIALLY DURING THE PEAK PERIOD |
| Yes for few hours intern problem |
| yes twice a month for technical reasons |
| Yes - a few times per day and 1 hour per 1 time because of low speed of internet. |
| Yes - but rarely, and does not stay for a long time because of some maintenance or update. |
| Yes - but rarely. Usually this is to do with such as heavy internet traffic in the central city, where I am based, or network connectivity problems related to our servers etc. Occasionally the public access computers will be so slow as to be considered non-funtioning by many - this is almost always related to issues with the software package used to manage access, but sometimes related to very heavy traffic leading to a shortage of bandwidth. |
| Yes - during occasional power outages that can last up to 2 hours. |
| Yes - monthly, mostly a couple of hours, we only get to hear "server problems" |
| Yes - Not very often, 2-3 hours. When net is down. |
| Yes - occasionally -Network problems -Power Surge -Power failure -When Maintanance exercise is on |
| Yes - occasionally, overloaded connectivity |
| Yes - occasionally, when some devices or equipments were replaced or maintained. |
| Yes - occasionally. Due to network problems and also to maintenance. |

| |
|--|
| Yes - often , about four hours in a day, Issues with the bandwidth and the internet service provider |
| Yes - sometimes the internet interruption occurs because internet problems. It's happens 1-2 times every month. |
| Yes - sometimes, primarily due to server interruption. |
| Yes - sometimes. The server is usually down for 4-5 hours on average and 1 day is the longest. This usually happens during periods where a lot of users are using the internet which causes the connection slower. |
| Yes - though not often and not for long periods. Hardware errors, or disruption of Internet service country wide |
| Yes - twice a month, due to internet service provider |
| Yes - twice a week. 2-4 hours, college network structure and a limited bandwidth connection. |
| Yes - Very rare, for few hours, due to local faults |
| Yes - OCCASIONALLY AND POWER FAILURE |
| Yes - Aprox 6 times a year. Interruptions last for less than one hour and are usually caused by an issue with the Internet provider. |
| Yes - Because of Power outage |
| Yes - Failed connectivity and no access due to overloads or problems unknown as we are dependent on the University Network. |
| Yes - Occasionally. Few minutes to few hours. Technical problems. |
| Yes - Twice a year. one hour at a time. Electric current break down. |

14. How many Internet accessible workstations are available in your library for use by clients?

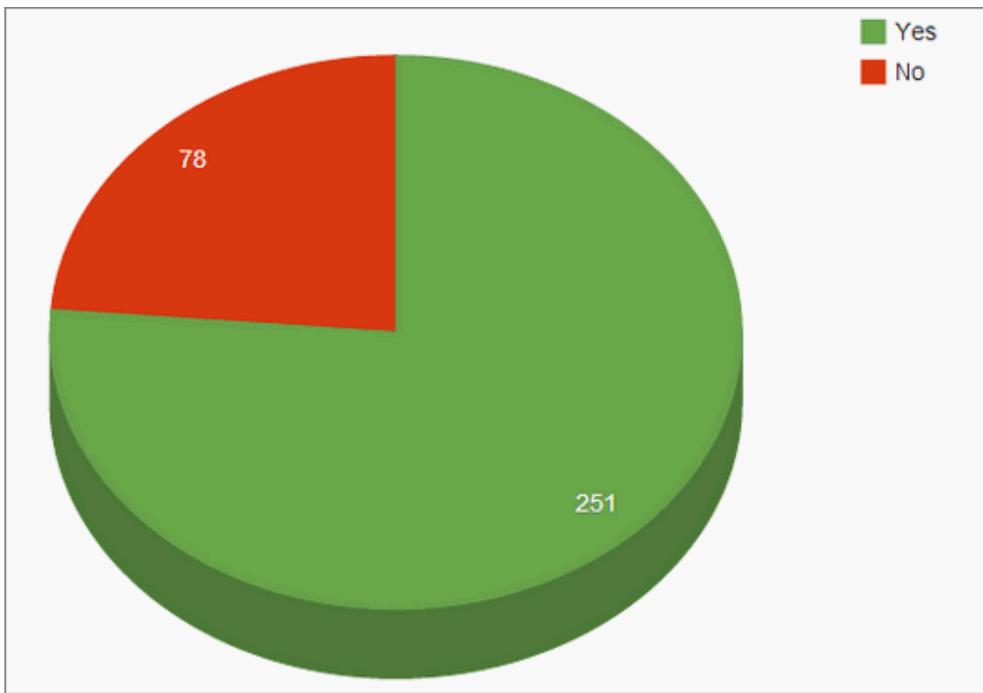

| | | |
|----------------------|------------|-----|
| 1-5 | 59 | 18% |
| 6-10 | 31 | 10% |
| 11-15 | 21 | 7% |
| 15 + | 213 | 66% |
| Total replies | 324 | |

15. Does your library have print facilities for clients that will allow them to print

documents from Internet web sites?

| | | |
|----------------------|------------|-----|
| Yes | 251 | 76% |
| No | 78 | 24% |
| Total replies | 329 | |

16. If yes, is there a limit to the number of pages that can be printed? Please indicate the limit.

| | |
|----------------------|------------|
| Total replies | 228 |
|----------------------|------------|

- No limit, but should be in accordance to copywrite and a fee is charged per pager
- No limit on printing. Per page printing cost is six cents per page.
- no
- 20 PAGES CAN BE PRINTED AT NO CHARGE
- No limit.
- no limit.
- There is no limit.
- Students: 400 pages. After 400 pages, pay 0.07\$ per sheet. GSI and facultyL unlimited.
- 100 at a time on selected computers; otherwise, no.
- No limit
- No limit
- 50
- We charge for printing for everyone, including the UW Community. No limit on number of pages.
- Maximum 10 pages at a time.
- No limit.
- Non, pas de limite
- Non, mais les usagers doivent payer.
- No limit.
- No limit
- No limit

| |
|--|
| No limit |
| In answer to question 16 the British Library does offer print facilities to users although it can be expensive due to cost printing at the BL. |
| The clients pay per printed page. There is no limit. |
| 20 |
| No limits. |
| over 100 pages |
| no limits |
| 10 |
| pas de limite |
| No hay límite de páginas a imprimir |
| Sin límite |
| There is no limit imposed by our organisation or systems, but printing costs 20c per page and this controls volumes. Downloading to a portable memory device, memory stick etc costs nothing, so for large volumes most people download then access cheaper printing services elsewhere! |
| Copyright limit exists on commercially produced material |
| No limit. |
| no hay limite |
| NO HAY LÍMITE |
| No limit, but users/clients will pay for the Printing Service Provided. Students/walk in users use copy cards to photocopy and pay for printing. |
| No hay límite de impresión de páginas pero si un costo por el servicio de impresión de Bs. 1 por página. |
| NO LIMIT |
| No, depends on how much a client can afford to print; a print costs TZShs.100.00 only |
| Limite selon le droit d'auteur en vigueur au Canada. |
| No limit |
| No |
| Non |

17. Do you offer free printing service of UN documents to clients?

| | | |
|----------------------|------------|-----|
| Yes | 90 | 27% |
| No | 242 | 73% |
| Total replies | 332 | |

18. Do you allow clients to download electronic content to personal devices (USB key, CD/DVD, laptop, smart phones, etc.) ?

| | |
|----------------------|------------|
| Total replies | 328 |
|----------------------|------------|

Summary:
285 (87%) of recipients replied YES

43 (13%) of recipients replied NO

Replies that included comments are the following:

Yes - We allow USB and laptop use.

Yes - USB key, CD, DVD

Yes - USB keys and clients can also email information to themselves.

Yes - Where permitted by licenses protecting content.

Yes - We do not hold electronic content; they may download from internet (eg. UN site)

Yes - We allow, and offer downloading on CD, laptop, USB...

Yes - We allow only members of Hokkaido University.

Yes - We allow any files that are school related.

Yes - Via wi-fi only

Yes - USB, laptop

Yes - USB, Laptops and CD

Yes - USB, Laptop

Yes - USB key, laptop, smart phones,etc (2 similar replies)

Yes - USB key, CD/DVD, laptop, smart phones, etc...

Yes - USB key, CD/DVD

Yes - USB key, CD

Yes - USB (11 similar replies)

Yes - USB & smart phones

Yes - They are allowed but with some restrictions

Yes - sur clé USB et par emails

Yes - solo temas de investigación.

Yes - Solamente en caso de que el documento no esté sujeto a derechos de autor restrictivos.

Yes - Si, no hay ningun problema. Desde los puntos de consultas, los usuarios cuentan con posibilidades para conectar dispositivos personales y descargar información digital que necesite.

Yes - Si, los usuarios descargan contenidos digitales a sus dispositivos móviles o computadoras sin restricción

Yes - regularmente en USB

Yes - Our photocopying machines serve as scanners as well.

Yes - Most commonly, our readers have USB sticks, to which we download the content. If not, we print the documents or send them to their e-mail account.

Yes - Laptop

Yes - It's very important for guest students/researchers - we have a lot - because of the international courses in int. human rights

Yes - if you have your own wireless laptops but we do not allow students to use their USB because of virus

Yes - If using WiFi they can use these devices on their own computers.

Yes - for those who bring their own lap-tops.

Yes - Except for the forbidden sites which are not relate to office work

Yes - está permitido descargar en unidades flash USB

yes - Clients can download using all of the above.

Yes - Clients can download electronic contents from their own computers connected to campus network

Yes - clé USB, CD/DVD

Yes - CD/DVD

Yes - But we would handle the clients' request case by case.

Yes - but only to CD/DVDs and Laptops.

Yes - All of the above (2 similar replies)

Yes - Al poseer servicio de WiFi, los usuarios pueden descargar los documentos en su propio soporte, también bajamos documentos en soporte USB O CD/DVD. Ofrecemos la posibilidad de enviarlo a sus casillas de e-mail.

Yes - we allow downloads of e-content via our intranet library page or internet to personal devices to save costs, minimize paper use, encourage mobile learning through personal devices.

Yes - We allow download to any electronic device a patron wants to use for materials already in electronic format. Further, we provide several free scanners where clients can take paper format and make it into electronic format to take away with them,

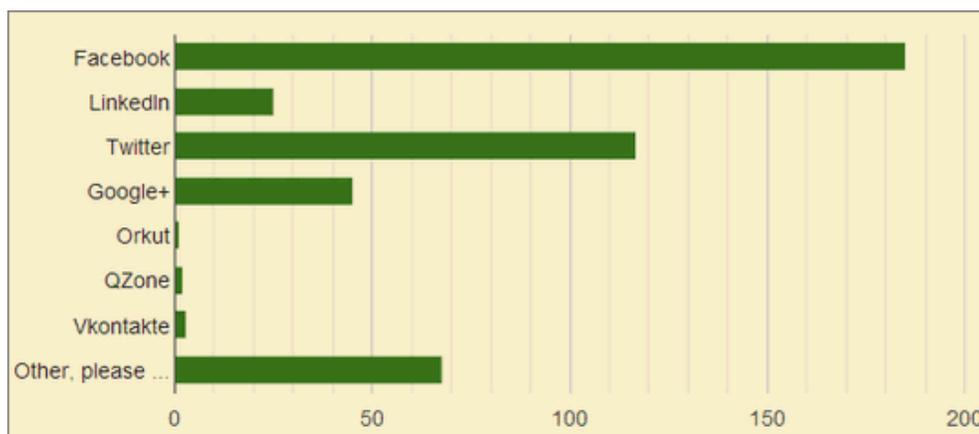

| |
|---|
| usually via a flash drive. We even provide free pdf copies of older documents which are not otherwise in electronic format, to be made from microfilm, microfiche, and microcards content. |
| Yes - we allow clients to download electronic content to their personal devices |
| Yes - We actually do not monitor what clients download as long as it is not music, music video, or video. |
| Yes - Usually users download into their USB key. |
| Yes - USB, laptop |
| Yes - USB key and smart phone |
| Yes - THEY ATTACH TO THEIR E-MAIL ADDRESSES |
| Yes - sólo a pendrives, es decir, Unidad flash USB |
| Yes - only to their laptop and CD through wireless device. The major threat we have for now is internet virus. |
| Yes - clients can use devices such USB and CD/DVD. |
| Yes - Clients can download electronic content to their personal laptop or write it to CD/DVD |
| Yes - CD/DVD |
| Yes - can not control |
| Yes - But they should comply with the related intellectual property protection provisions. |
| Yes - all listed devises are allowable or library user may connect to the internet to access file space (i.e. email account, drop box, google docs, etc.) |
| Yes - after scanning the device for security purpose. |
| Yes - Our computers have USB drives to allow patrons to download documents. We also have high quality scanners that have USB drive ports. |
| Yes - Except USB/CD/DVD |
| No permitimos el uso de memorias usb, por problemas de virus, no obstante nuestro compromiso es descargar el documento y hacérselo llegar via mail, para su descarga personal. |
| No en nuestra sección, pero se permite descargar a Unidad flash USB, en la Biblioteca Argentina, ubicada en un edificio continuo. La fibra óptica gratuita está al servicio del público. |
| No - WE HAVE NOT ALLOWED OUR CLIENTS TO DO IT. |
| No - Unfortunately not , there are security concerns which mean that our users are not allowed plug personal devices in to the BL's computers |
| No - They send the documents to their email account |
| No - The Depository Library does not maintains this services, yet. |
| No - Solo a la nube pueden hacerlo |
| No - Pas encore ! |
| No - One can only send a document to their email adress |
| No - Notre Bibliothèques n'accède pas encore à ce jour aux ressources numériques des Nations Unies. Ce sont les documents papier que nous recevons toujours que nous offrons en consultation sur place à nos usagers. |

| There are three main digital collections assessable at http://www.lib.ku.edu/digitalcollections/browse.shtml . 1. KU Scholarworks – the open access digital repository of the University of Kansas. It contains scholarly work created by KU faculty and staff, as well as material from the University Archives. KU ScholarWorks makes important research and historical items available to a wider audience and helps assure their long-term preservation. 2. Journals@KU – an initiative of the " http://cds.lib.ku.edu/services/journal-publishing " Center for Digital Scholarship at KU Libraries, supports the KU community in the publication of scholarly journals online, and assists journal editors with the management, editorial work, and production work involved in producing scholarly journals. We provide the technical infrastructure not only for the online presentation of journal articles, but also an entire editorial management workflow, including article submission, multiple rounds of peer-review, and indexing. 3. Image Collections - drawn from a variety of sources including proprietary KU collections which consist of images that have been digitized from collections in KU libraries, museums, and academic departments (such as the Museum of Anthropology, the Kenneth Spencer Research Library, the Spencer Museum of Art, the Department of Art History). |

23. Does your library maintain its own digital libraries?

| | | |
|----------------------|------------|-----|
| Yes | 235 | 75% |
| No | 79 | 25% |
| Total replies | 314 | |

24. 24. Are you a subscriber to one (or both) of these resources?

| | | |
|----------------------|------------|-----|
| World Bank eLibrary | 85 | 57% |
| OECD iLibrary | 119 | 79% |
| Total replies | 149 | |

25. Do you find these services (World Bank eLibrary or OECD iLibrary) easy to

use?

| | | |
|----------------------|------------|-----|
| Yes | 103 | 60% |
| Somewhat | 56 | 33% |
| No | 13 | 8% |
| Total replies | 172 | |

26. If no, please describe:**Total replies****47**

A tricky quirk of the service is that if you are accessing the resource via IP authentication, which we do, then you should not use the logout link when you finish because this temporarily blocks authenticated IP access for anyone else from the same IP page - confuses users because it may mean they suddenly cannot get access to the full text.

Not all patrons find the ebooks easy to locate and use. At time the digital statistics and data are difficult to navigate.

NA - but it is especially helpful that both OECD and WorldBank provide us with MARC records to ingest into our library catalog.

We are not subscribing these resources.

National Library is not the subscriber of them

La richesse des publications proposées par OCDE génère Occasionally du bruit dans les résultats. Le temps de réponse n'est pas toujours satisfaisant

Not applicable

NO ESTAMOS SUSCRITOS

We would like but due to our low bandwidth and poor connectivity, we have been disadvantage to these services but given the current upgrade to the fiber Optic Links from VSAT, we will take advantage of it and introduce most of our online services to our users/clients and general public that we serve. Thus we will subscribe to the WB eLibrary or OECD iLibrary and other UN Information Resources. Establish memberships to social networks and provide econtents plus other online services.

No contamos con suscripción directa a estos servicios pero si contamos con el acceso remoto a recursos digitales desde el Portal de la biblioteca electrónica del Ministerio de Ciencia y Tecnología de la Nación (MINCYT) y a bases de datos de accesos abiertos, utilizando internet.

WE DON'T HAVE ACCESS TO THE SERVICE

nous sommes abonnés à d'autres bases de données

The OECD iLibrary is somewhat difficult to use for statistical downloads and customization of data selection

Limited search capability.

I do not use them

Subscription is too expensive.

No, porque en la biblioteca depositaria de la ONU nunca se nos ha propuesto.

NA

The advanced search function is not very precise.

OECD's content system is often very slow

Questions 24 & 25. I am unsure if we are an official subscriber and what that means; but we can access these sites. The OECD site is easier to navigate than the World Bank eLibrary, where there could be more user friendly access points and I have been unable to do a dedicated search for instance for a Policy Research Working Paper by its title.

The KU libraries did subscribe to these two digital libraries, but drop a couple years ago. Therefore I am unable to comment on questions 24-27.

There is the problem of identifying what is held in these libraries as they don't link to our catalogue.

We subscribe to World Bank Library, not the World Bank eLibrary. But we would like to subscribe to the World Bank eLibrary if you help on how to go about it.

Porque están en inglés y nosotros y nuestros usuarios hablamos español

N.A.

USER FRIENDLY PLATFORM IN ACCESS AND FAST CONNECTION TO THE RESOURCES. AGAIN ACCESS TO FULL TEXT E-BOOKS AND E-JOURNALS IN PDF ENABLES DOWNLOADS. CURRENCY OF INFORMATION ESPECIALLY ON DEVELOPMENT PROGRAMMES IN AFRICA ARE POPULAR. THE STATISTICAL AND FACTUAL INFORMATION MAKES OUR USERS ACCESS THE E-RESOURCES POPULAR.

I do not know because I do not use these services

| |
|---|
| I do not know, because I do not use these services |
| Nous n'avons souscrit à aucune de ces ressources |
| NA |
| Producto al poco ancho de banda y al no contar con el equipamiento requerido tenemos poco conocimiento al respecto |
| We rarely use for above services. |
| Until now there is no partnership with OECD and World Bank e-Library . But we receive the materials from both above mentioned institution |
| WE ARE NOT YET A SUBSCRIBER OF WORLD BANK eLIBRARY AND OECD iLibrary |
| Low discoverability of material due to less than perfect organization of contents. Far too low server capacity relative to size of databases makes for very slow service. |

| Fair | 89 | 39% |
| Poor | 3 | 1.3% |
| Not applicable / I do not use these services | 69 | 30% |
| Total replies | 230 | |

III. Use of the Dag Hammarskjold Library's research tools to access UN information and documentation

28. How would you rate your level of familiarity/knowledge on the following UN information resources:

Top number is the count of respondents selecting the option.
Bottom number is percentage of the total respondents selecting the option.

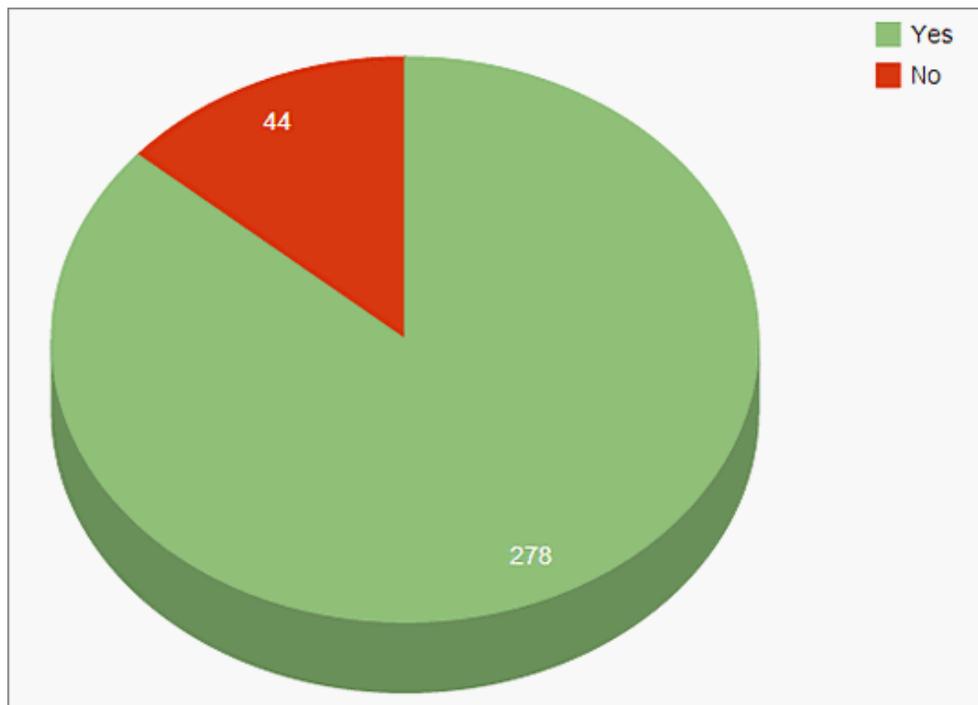

| | None | Basic | Advanced |
|--|----------|------------|------------|
| Official Document System of the United Nations (ODS) | 24 7% | 179 56% | 118 37% |

| | | | |
|--|------------|------------|------------|
| United Nations Documentation Research Guide | 37 | 169 | 111 |
| | 12% | 53% | 35% |
| UN-Info-Quest (UN-I-QUE) | 62 | 190 | 60 |
| | 20% | 61% | 19% |
| UNBISnet | 58 | 149 | 99 |
| | 19% | 49% | 32% |
| Index to Proceedings (General Assembly, Security Council, Economic and Social Council) | 40 | 181 | 91 |
| | 13% | 58% | 29% |
| UNBIS Thesaurus | 74 | 167 | 71 |
| | 24% | 54% | 23% |
| UN Pulse | 108 | 152 | 46 |
| | 35% | 50% | 15% |
| UN Treaty Collection | 38 | 182 | 90 |
| | 12% | 59% | 29% |
| UN Member States on the Record | 81 | 171 | 53 |
| | 27% | 56% | 17% |
| UN Data | 71 | 168 | 72 |
| | 23% | 54% | 23% |
| UN Maps | 99 | 164 | 50 |
| | 32% | 52% | 16% |
| UN Web site | 24 | 163 | 131 |
| | 8% | 51% | 41% |

V. Training

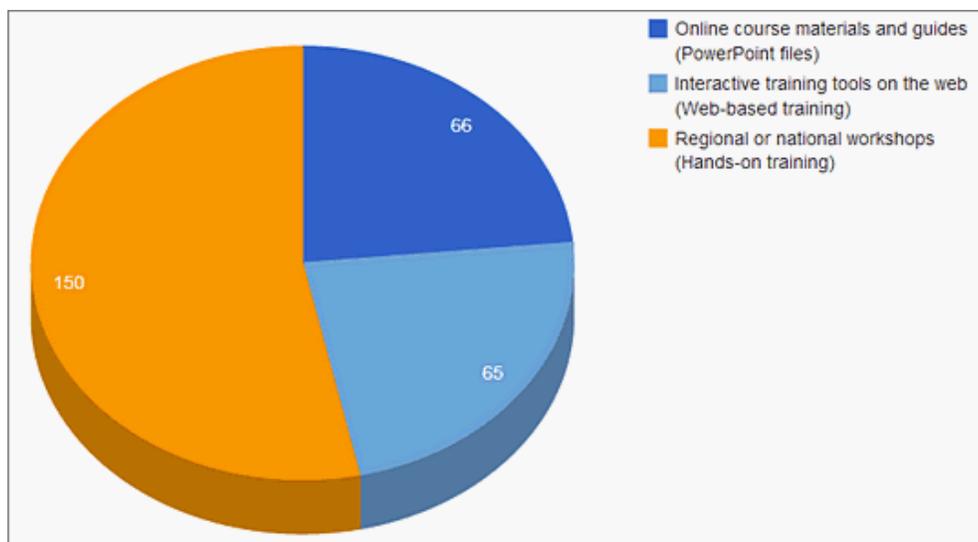

31. Do you need training to upgrade your skills in accessing UN information and documentation?

| | | |
|--------------|------------|-----|
| Yes | 278 | 86% |
| No | 44 | 14% |
| Total | 322 | |

32. If yes, what kind of training do you prefer? (check all that apply)

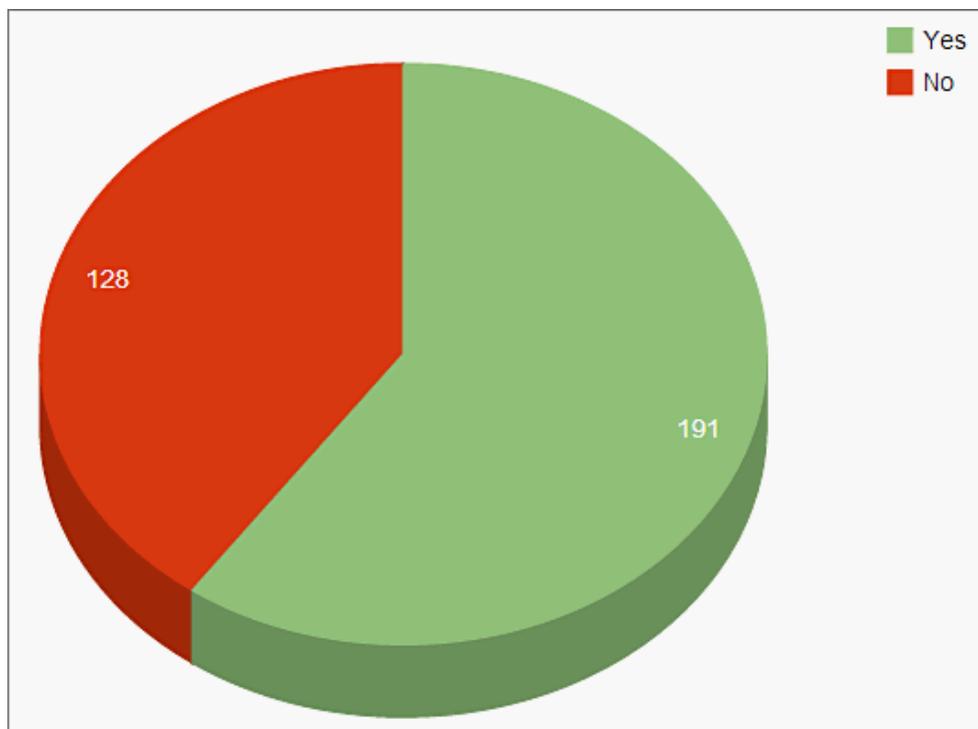

| | | |
|--|-----|-----|
| Online course materials and guides (PowerPoint files) | 66 | 24% |
| Interactive training tools on the web (Web-based training) | 65 | 23% |
| Regional or national workshops (Hands-on training) | 150 | 53% |

VI. Outreach activities

33. Do you organize activities related to the UN issues and/or UN collections?

| | | |
|----------------------|------------|-----|
| Yes | 191 | 60% |
| No | 128 | 40% |
| Total replies | 319 | |

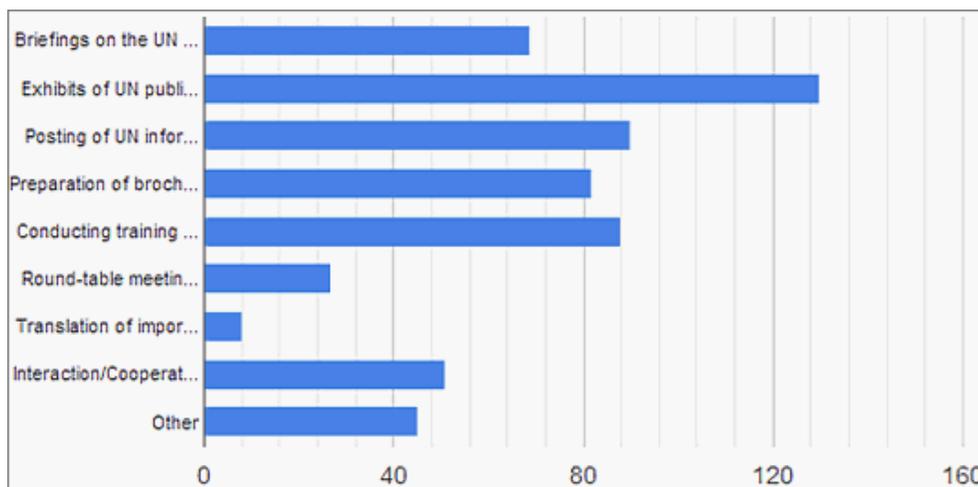

34. If yes, which of the following activities have you organized in the past two years? (Check all that apply)

| | | |

35. What UN themes were selected for the outreach activities?

Total replies

169

- Model UN training our most popular topic for area schools and colleges.
- Mostly how to research the UN.
- UN Days
- How to find UN document via UN websites (e.g. UNBISNET, DOS etc.) How to use UN data
- Human Rights, UN Day, UNAFF, Education, UNDATA
- Bibliographies, publications like UN Chronicle or "Notre planète", annual reports about population, environment or development, statistics...
- Access to water; child welfare; slum dwellers issues, etc (These are primarily classroom based projects/assignments; support of a UW global health institute; various other research projects)
- Foreign Official Documents Division remains hugely interested in the whole publication of United Nation and its Organisation.
- How to research the activities of the UN.
- UN celebrations (international days and years) and anniversaries
- the olympic truce
- Working with UN documents
- how to find documents
- where to look for them etc...
- We recently started up some general "how to trace documents" seminars for master students in global studies and int'l administration. A libguide on UN documentation is available from the homepage
- 1. the role, work and concerns of UN
- 2. UN history
- 3. UN flagship publications
- 4. UN and China
- 5. access to information
- Arrival of UN officials, UN international days.
- Mantenimiento de la paz; Derechos Humanos.
- Objetivos del milenio y sobre cooperacion economica
- Derechos humanos
- UN WORLD DAYS OR GENERAL INFORMATION ON THE UN IN JAMAICA
- Resources available
- Page web générale sur les principaux accès à la documentation de l'ONU
- General as we are accessible to all disciplines across the University.
- Statistics and data (e.g., UNData, World Bank Data Catalog), general search strategies (e.g., using UNBISNET)
- El agua, la tierra, Medio Ambiente, Marcas y Patentes, Derechos de Autor
- UN documents and publications
- Medio Ambiente. Cambios Climáticos. Gestión de Residuos. Desechos v Reciclaie. Derechos Humanos. del Niño v la Muier.

Projects of UN Representative in Kazakhstan, Millennium Development Goals in Kazakhstan

Uso y manejo de los Recursos de información de las Naciones Unidas

appropriate technology, Social Innovation

VII. Please share with us any additional comments or ideas that would help us to improve the Depository Library programme.

I'm new to the position-- training would be particularly helpful.

- Speed up effort to scan retrospective UN documents and also scan backfile of UN publications.
- Create one source for digital content (NOT one for documents and a separate one for publications)
- Provide specialized training for UN treaty finding tools and databases.
- Tell us more about geospatial data that might be available from the UN (data in GIS or shapefile formats).

Thanks for your good work and good communication!

We often miss certain issues of periodicals and serials that we are supposed to receive regularly. The claims process for these is very confusing.

We appreciate any promotion of the UN Depository Libraries at the national and international level. Model UN and other programs need to continue to support use of the UN Depository Libraries, including distribution of printed promotional materials.

Training would be wonderful, as well as ideas for getting users to come to the library to use the collection.

1. It would be great if the MARC records in UNBISNET, especially those with links to online documents in ODS, could be made available to libraries for batch download into our library catalogs. This would have an impact of the visibility and findability of individual UN records and publications.
2. Consider working with the LOCKSS program to create a method for digitally preserving the contents of ODS, and other publications on the UN websites.
3. Prominently display the use rights/copyright of UN materials so that it is easy for Librarians and Users to understand/access it.
4. For the upcoming eCollection, it would be great if you asked the Depository Libraries to beta test it.
5. Thank you for continuing the digitization of UN Official Records and for the updates you send out. These are very helpful.

The mass publications are not followed still indeed, numbers are missing. A few collections are not complete. And we also receive numbers double, in the same language, it's not necessary.

More training for Staff; Visiting Pondicherry University and giving wide Publicity and conducting workshops by UN Librarians.

Le mouvement vers l'électronique est une très bonne initiative, mais j'aimerais que l'ONU garantie la pérennité des documents en ligne (liens stables, utilisation des fichiers PDF/A pour mieux garantir l'accès à l'avenir, etc., comme d'autres organisations internationales, tel que l'Union européenne).

We appreciate very much the work the Dag Hammarskjöld Library does to make the complex documentation of the UN accessible to the academic community and public and assist depository librarians in helping them.

Please put in digital form also all new books and journals

More online training material that can be used for student groups would be helpful

1. Could you please arrange contact persons for UN Headquarter and Offices at Geneva, Vienna and Nairobi separately? It may be useful for improving the distribution of publications.
2. Is it possible to change the way of claims of publications? It's better to use electronic method to provide our claims.

Metadata should be available to integrated search systems like SUMMON, PRIME etc. OpenURL compliant e-rss. would be found and used

Ya que la mayoría de documentos oficiales esta disponible on line. Lo que encuentro a faltar es el envío de publicaciones de referencia y divulgativa.

Mayor conocimiento del organigrama y la organización documental de Naciones Unidas.

The online resources are not intuitive to use and our clients require assistance. A more straightforward interface would be welcome

Se requiere capacitación en el uso de los recursos de información de las Naciones Unidas para su mejor aprovechamiento.

Principalmente Capacitación para manejar documentación de las Naciones Unidas

As the UN Depository, I would like to take lead in our institution in establishing digital library on UN information Resources and its tools to enhance disseminating information regarding the UN Programms. Thus hands-on training is required to improve skills set and knowledge of the librarians or information professional. Follow by sending the Course materials (Power point files).

Support for:

1. Equipment: 2 Dedicated Desktop/s WorkStation/s with Accessories for Internet Searching; -1 Medium Printer with accessories and supplies/consumables for initial start ups; -1 medium Photocopier (with accessories and supplies/consumables

for initial start ups) 3.Training as proposed in 31/32 above.

Existe-t-il un outil pour valider la réception des documents que nous recevons pour s'assurer que nous les avons tous? Est-ce que les guides de recherche des diverses bibliothèques pourraient être mis en commun afin de s'échanger le travail? Ou faire un wiki sur la recherche.

Nous aimerions qu'il soit beaucoup plus facile de déterminer le contenu payant du contenu gratuit. Occasionally les usagers tombent sur des pages du site de l'ONU où ils peuvent acheter la documentation papier alors qu'elle est disponible gratuitement en ligne ailleurs

A monthly list of what we should be receiving in print. Not so much the documents as the sales publications and other major documents. It is very difficult to know if we are receiving all we should be. Again can I just say how amazing your service is at Geneva. Over the years you have helped so of our library users access documents quickly and efficiently. It is really good to know that the service is available not only to locate documents but give advice as well.

There is need to conduct training for the Depository Librarians to be able to promote the online collections. -Publicity materials need to be availed to market the collections

Please, take into account when reviewing the results of this questionnaire, that I've been working as a UN Depository librarian only for a few months and that I am, therefore, still not familiar with some UN information resources. The only remarkable thing that I've realised in this months is that there are some gaps in various collections of UN publications and that we don't receive them regularly and, in some cases, we receive them twice.

The programme adequately meets our needs.

Con la implantación de acceso en línea a todos los documentos de las Naciones Unidas, es necesario que se tenga a disposición herramientas interactivas de capacitación en el sitio de Naciones Unidas, para optimizar el servicio prestado.

Online access is a major improvement; retroconversion of all documents to online access; provision of linked marc records for uploading into our catalogue to improve discoverability (similar to OECDiLibrary) and regular email prompts of what is new, which can be used to alert library users and other staff.

I think that as in the depository library there are problems for storage of the material , the best solution is the whole material only on-line.

1. Regular checklists of print publications we are entitled to receive -
2. Technical platform for exchange of information and experiences among depository libraries (mailing list, WIKI, not Facebook or the like)

Sería conveniente para nosotros que las comunicaciones recibidas sean en idioma español, para evitar errores de interpretación.

- Improve communications; maintain contact with person directly responsible for UN collection rather than just Library Director (so perhaps have more than 1 contact person)
- More coordination between direct e-mail contact and "What's New" web page.
- Clarify what print items will continue to be sent to depository libraries.

Sería importante reevaluar el material que está llegando en papel. Muchos temas que llegan están lejos de las problemáticas latinoamericanas que son las más consultadas por los usuarios. Además, se prefiere material en español.

Me parece excelente la nueva propuesta de reemplazar la edición en papel de la documentación al soporte digital. Hoy ha cambiado la forma de solicitar y buscar información, y frente a esto las bibliotecas debemos adecuarnos a estas nuevas modalidades. El portal de la ONU, esta siendo cada vez más útil para localizar documentación, y sería excelente no estar limitado, como biblioteca depositaria parcial, a poder consultar todo lo que allí está.

Necesitaríamos más información sobre las distintas bases de datos y publicaciones que recibimos de las Naciones Unidas.

Documentation in french. Map recent works

I NEED SERIOUS TRAINING

Regular online workshops for Depository Library staff. Special training for newly appointed Depository Library staff.

MORE TRAINING FOR DEPOSITORY LIBRARIAN. FAMILIARITY TOURS.

Nous avons besoin d'une formation solide pour bien aider nos usagers

Marketing material: Formal brochure or banner for United Nations.

Would love to be able to do some more outreach if there is more information on what programs or activities may be happening that we can plan for. Promotional material that we can use or adapt would be helpful. At the very least give us the graphics to indicate we are an UN depository library, similar to other depository programs.

We would be interested in MARC records for electronic documents, and would be willing to pay for this service. While we are fine with the decision to discontinue print shipments in most cases, we hope that the cost of publications and online tools going forward will not be prohibitive.

More contact with depository libraries, workshops, help in technical equipment

Clients are still interested in printing material. So we cannot only depend on websites or electronic materials.

Est-il possible d'avoir une synthèse des réponses données par les bibliothèques dépositaires ? nous n'avons pas de retour suite aux questionnaires que nous remplissons. Des actions de formation sur place sont nécessaires, pour répondre par exemple à la question "les index de proceedings sont-ils numérisés ou pas, si oui où les interroger en ligne ? Les explications sont souvent trop générales, n'aident pas dans le cas de recherches pointues.

More training possibilities (see 32.) would be helpful.

The problem we are currently experiencing is that there is no staff member who has been trained regarding the UN collection. This could go a long way in improving usage and retrieval of the resources. A visitation or staff exchange could also help improve capacity to staff members.

Online catalogue of UN publications; Free of charge online bookshop for UN depository libraries

Your facebook site is from my point of view not easy to follow - some information you provide on your <http://www.un.org/Depts/dhl/deplib/index.html> site and on facebook, some only on facebook. Am I correct that I have to check both sites to get all the needed information?

training necessary to use all UN Resources

1. please allow for DL's to move to e-only. We still receive material in print that we do not wish to receive but we can not stop you from sending it to us.
2. modify your policy on weeding: my library, as part of a University library, has to cut back on shelf space and we can not keep materials in print that are either available electronically or that are not being used and are just sitting on the shelves.
3. your recent offer for an e-books collection we welcome but I do hope our subscription as a DL will cover that as we will not pay additional fees.
4. I do applaud your efforts to digitize documents in ODS: please keep going!

I have not been on training courses for UN documents since a meeting in Copenhagen when the Nordic Information center still existed. I would like to participate in a course again - a lot has happened since that time. But in general we are all impressed over the work you have done for the electronic development of the UN documents.

We would be willing to receive fewer paper copies of items accessible on the web.

What is the term of validity of e-books in archives? - Leave our options open to choose ebooks or printed form.

We prefer electronic publications when there are both print and electronic types. We prefer e-databases such as eOECD and e-World Bank.

I do exhibit during our library week annually organised by Zambia library service. training of trainers would work so that those who train can also train others on the use of online UN documents and publications

Kindly support financially for organising/conducting programmes on UN Days celebrations regularly.

We would prefer to have a profile set up so we can receive selected UN documents relevant to a country/region/topic. We are out of space for storing print materials and processing yet the materials of interest are useful to have print based. Most of our print documents are not used.

Creo que nos hace falta mas intercomunicación entre nosotros. Es decir intercambio de información para de esta forma hacernos mas visibles entre los alumnos y la sociedad en general. En muchas ocasiones no saben que tienen estos fondos en la propia ciudad/universidad, y de facil acceso.

Pop Quiz on simple question raise through social media - facebook and twitter may help more people to know and aware on the important issue and essential responsibilities of United Nations as well the depository libraries. The pop quiz should come with small prize. The pop quiz also has to be organized by weekly at the beginning then consistently slow down. The pop quiz may play an important role as reminder to peace nation people that kindness and caring always need by unfortunate group.

We still receive the preprints of the issues that will form the collections of supplements of the General Assembly, Economic and Social Council, and the Security Council. We propose that the suggestions and notes in these pre-publications be made only in a digital repository before printing the final document, and then save resources.

You should provide more guidance regarding the compatibility of the online files to all providers and hosts.

If we could have more ECA and UNESCO publications, less from ECE & ESCWA. More posters on demographics, and material on population. An update of ICJ cases, and the UNESCO 'Study Abroad' series.

Could you increase the collaboration/communication between the reference staff at UN libraries and government information librarians in depository libraries?

Training (questions #31 & #32) would be great

The official site is very difficult to navigate and I am unsure how best to offer it for patron use

We look forward to the eCollection and hope that access can be via both IP authentication (for staff and students) and ID/password (for the public)

peut-être serait-il utile de proposer des formations aux utilisateurs avec un matériel quelconque (électronique ou papier)

We advise to send the concerned material regularly without delay. The provision of the material at appreciate time will be helpful to advance the purpose of the depository library and accessibility of the material for the users

It would be more beneficial and short, if FAO statistical information added to the Statistical Abstract of the ESCWA Region book, for the ESCWA Countries.

More alerts about the services and resources posted on UN portal

Regular national or regional workshops on United Nations materials.

Despite our extensive paper collection, the online resources are the most likely to be used. Unfortunately we are then less likely to know who is access UN materials and whether they are finding and accessing what they seek. If you have usage data that you can share that would help me understand my local users, it might be possible to build on that interest.

Sending out more information about what is being published electronically and where to find it.

The United Nations Depository Library personnel should be trained and given opportunities to benchmark or attached in some developed Depository Libraries in order to be exposed and understand what is done.

| |
|--|
| Offering all documents digital |
| No nos envían material en español, que es nuestro idioma de convenio, por lo que todo lo que llega en inglés no sirve. Nos sentimos discriminados por Naciones Unidas. |
| To have a proper training as UN Depository Librarian. |
| To publish the UN documents only digital instead of scanning (affordable file size). |
| An easy and free accessible e-UN (documents as well as sales number publications !!). |
| We hope to receive UN publications as fast as possible |
| we would like to use more electronic than paper resources and publications |
| Cursos avanzados de búsqueda de información y documentación de Naciones Unidas |
| Platforms like UN Pulse were very useful before the change (to tumblr or twitter?). I ask for a platform (other than Facebook or the like!) that gives information in advance on a daily basis! That would help depository librarians to cope with the growing amount of online-information, e-publications and online-research tools! Proper support and training on your part is urgently needed if we are to handle all these e-documents and databases effectively! At the same time I ask you to adhere to the content you named for a regular deposit and really send "a small core of the most important parliamentary documents consisting of the Official Records of the General Assembly, Security Council and Economic and Social Council plus print publications and periodicals". |
| On some of the questions that were asked in this survey the answers could not be just yes or no and on the question about training all three would be helpful but we could only choose one. |
| Would help if had workshops, training, and information about the UN departments, how and where each one acts in the UN. |
| Most of the clients that use this collection are COM-FSM students. The only topics they've used this collection to find sources for are Poverty, Population, Economy, AIDS, Fisheries, and Laws. |
| We hope to have more trainings and more database provided by UN. |
| Please know that this library is a member of a statewide consortium, which means that we loan our UN documents (in print) throughout the state of Missouri! Because this is the only UN depository in Missouri, many of our UN documents are unique in this statewide system. |
| To organize training and workshops to gain access of depository contents. |
| While I understand you have many training materials online, it would be extremely helpful for new UN librarians such as myself if there were face-to-face training sessions on the basics of UN librarianship, including claiming and receiving documents, etc. I feel face-to-face training would be valuable and allow us to network with other professionals. Even events at larger conferences, such as ALA or ACRL would be nice. |
| Kindly require more printed books and journals as well as access to e-resources. Require more training and exposure on the use of UN database. Else thanks for the support. |
| Kindly consider also sending us research materials/resources in the Philippine setting if you have because local materials is of great help to the student researchers. Thank you. |
| More social development and economic development reports should be published |
| Strengthen communication and professional training |
| In question number 32 about training "If yes, what kind of training do you prefer?" I had the option of only choosing one answer, but I enjoy all three types of training equally. |
| - incorporating in training material examples with reference to present day issues, crises etc. explaining the relevant UN information resources connected to these issues. - short leaflets, that could be distributed to clients, summarizing UN information resources relevant for explaining present day or important historical issues, crises etc. |
| Congratulations for the digitization work. It has been very helpful to see pre-1993 documents already available on the ODS. |
| Identification de l'ensemble des bibliothèques dépositaires, les aider à obtenir un équipement pour la cration de baes de données et la numérisation des collections afin de pouvoir partager à grande échelle ces rssources comme c'est le cas avec vos collections. Favoriser également la création de portails web et former aux technique de recherche spécialisée dans le web. |
| Just don't let it die. |
| We lack training on using the collection, and I think the communication between UN and the depository libraries should be better and more intense. |
| Training tools and guides are much appreciated. |
| Hold regional or national workshops regularly |
| More training about the latest information |
| We would like to be sent posters and brochures. |
| Provide with promotional materials for those days that are on the United nations calender to aid in our marketing of these days. |
| UN publications will be well utilised if in soft copy |
| Nos gustaría saber de qué manera pueden colaborar con la Biblioteca Nacional en relación a mejorar los servicios y su espacio. |
| We need Thesaurus for classifying UN documents & collections |
| Es necesario un mayor acercamiento y coordinación entre NLU y la Biblioteca Nacional del Perú a fin de implementar un |

Es necesario un mayor acercamiento y coordinación entre UNO y la Biblioteca Nacional del Perú a fin de implementar un servicio con los recursos digitales y bases de datos lo que potenciaría el servicio que la BNP presta a los ciudadanos.

We need to promote UN resources to our clients. The Library holds the resources but it does not have any promotional activities to ensure that these resources are utilized by our clients. We need to organize outreach activities to promote the Depository Library Programme.

Clarify subscription costs benefits, other access options, and implications of not subscribing.

We need to participate in regional and local training like ECA to update ourselves, to participate on conferences and workshops once or twice a year

I'd like you to enrich a interactive training tools about UN information and documentation on the web.

if it is possible the publications regarding our Country may be provided to concerned Area Languages especially in our national language Urdu to benefit the General Public not familiar to European languages.

At the moment we are completely satisfied with the work of Depository Library programme.

PLEASE CONTINUE SENDING US THE PRINTED COPIES OF YOUR PUBLICATIONS. WE ALWAYS PREFER HARD COPIES OVER THE ONLINE PUBLICATIONS

1.-Las naciones unidas brindan excelentes recursos, sin embargo algunas fuentes solo están en idioma inglés.
2.-Algunos temas requeridos por nuestros usuarios son muy especializados por lo tanto creo que sería conveniente contar con un sistema de cooperación en línea para que entre todos hagamos logremos un buen servicio de referencia.
3.- Es conveniente fortalecer la parte de capacitación para los encargados de las bibliotecas depositarias, en la cual se ofrezca diferentes módulos en línea y que estos sean permanentes.

Women's day, Children with UNESCO, round table on international relations.

Discontinuation of delivery of printyed material effective immediately.

We are only one Depository Collection for our Nations and we serve for the whole nation but we only provide service to our users through 1 PC, If we have more Computer with related accessories such as Printer, Software, Fax Machine etc. then it will be easy to provide online service. In some cases, we are not familiar with UN Online Publications and don't know how to access those documents if you organise some training for our staff. It will be very helpful for us to provide effective service through UN Depository Collection. Most of the UN users are interested to use electronic document for their use. If you kindly provide the electronic list of your publication, It will be easy for us to provide effective service to our users

could you please send us some posters about the advertisements of your library...we may put it on the walls of our library.....,

One day seminar be organized in the premises of/vicinity of the depository libraries so that users would updated

first of all, I would appreciate if UN will help us with supply of both online and print source so that we be very active again. Please you should organise training like the one you did 2004.

UN site as well as the sites of International organizations working under its aegis are very good. Almost all the information we need can be easily found there.

We would like to meet with the Representiues of the UN to discuss and offer our problems, thoughts, and views. And this Could Keep ns on Close Distances on Each other

i) Updated materials to be sent early so that they can be relevant and timely;
ii) There is now a preference for online databases and resources which would make materials more accessible and visible. Some materials are more relevant than others e.g. Trade and Development Reports, Human Development Reports and others mentioned at question 29.

Suggesting to the UN Management to conduct a visit to all UN Depository Libraries in the developing countries for the assessment/evaluation and/or round table discussion with the librarians

Certaines bibliothèques, comme les nôtres, ont de sérieux problèmes de personnel qualifié, par conséquent, si vous pouvez organiser des séminaires de formation au niveau des régions cela nous permettrait d'améliorer la qualité de nos services en faveur de nos clients qui deviennent de plus en plus exigeants !

If training can be provided on online access to UN collection it will help our users to make use of such resources remotely. Thereby expanding the usage and availability of the resources to our users population totaling 50,000.

1. We would like to provide on-line access to UN publications through our library website.
2. Training on dealing with UN publications and websites.
3. Training on conductiong courses and activities dealing on UN issues.

The programme is a commendable one. The only thing is that we need to publicise it extensively since the information is needed heavily. Mostly it is current.

Programme intéressant car offre l'accès à des documents pertinents du BIT, CNUCED et les résolutions des Nations Unies.

It would help us to receive newly published materials for use by our clients. We have gaps in our UN document collection. Our end users believe so much in print publications that they do not think of going to the UN website. However we are happy to receive new content when it is published. We need to be visited so that we can interact and learn a lot more on UN documents.

Je souhaite que l'accent soit mise sur la formation des bibliothécaires dépositaires de l'ONU, notamment sur les technologies de l'information notamment l'internet.

Actually the depository library is very old and most readers keep looking for the latest publications. Can you imagine that all the contents of the library go back to the year 1996 or before that. We also hope that you give staff short courses to enable

them learn the new techniques related to the Library , We would also hope receive new publications from other UN agencies in different areas

We think that your programme is very good and useful for us, so we have no any comments now.

Invitamos a consultar en facebook: Biblioteca ONU MdP. Sería de mucha utilidad establecer una red de contactos y generar trabajos cooperativos, tanto en búsquedas específicas como en la generación de actividades de promoción, el intercambio de experiencias lo veo como muy positivo para el crecimiento de los servicios de información

La Biblioteca depositaria total de Costa Rica DL321 a venido funcionando satisfactoriamente con los sistemas electronico, nos guataria seguir conservando el Estatus de Biblioteca Depositaria total con el fin de seguir brindandole a nuestros usuarios el servicio que se le a dado. Los cambios tecnologicos han servido para dar un mejor servicio y mayor acceso a la informacion en cantidad y calidad y rapides de la informacion.

more trainings for the DL Staff team, visiting other Depository libraries world wide..

The major constraint we have is that of poor awareness of the existence of the materials in the library.

We are interested in e-resources

It would help our users to find the e-books in one catalogue with the print-books; for improving this we would need a data list of all offered online-material for the online-catalog....

We need orientation programs for Librarians so that we can train others in using the UN Collection and databases.

To provide new computer, printers also for clients use Salary review /according international min. standards/ 1 human resource for completing my division

We wish to get more opportunities to communicate with your office in order to improve skills on the Depository Library Programme.

Hay mucha información que recibimos que está también disponible en línea. Preferiríamos que estos documentos ya no se nos envíen. Hace falta más capacitación para uso de sus recursos en línea y que tienen acceso abierto

The Depository Library programme is very good. We will be more appreciated if we can get information about the new resources or some public activities of DHL by email. Also, we hope we can get some little gifts with badges or logo of UN which can be given to our patrons when we organize activities related to the UN issues and/or UN collections.

Our patrons would like to meet representatives of the UN at least twice per year, in order to get acquainted with the UN's activity and achievements at first hand.

More materials concerning UN activity in Central Asia

More contacts between libraries

Workshop for UN Depository Librarians

Material may be sent to us regularly as soon as it is published so as to enable us to meet our reference queries
