Part 2 of the Check List of United Nations Documents comprises the documents of the Security Council. The present number lists all documents issued during the period 1946 to 1949. The second number of Part 2 lists the documents of the standing committees, ad hoc committees and commissions of the Security Council issued during the period 1946 to 1949.

Documents issued after the beginning of 1950 are listed in the current issues of the monthly United Nations Documents Index.

The user of this volume will find it more helpful if he first reads carefully the explanations to the Check List and the Subject-Index.

EXPLANATION

ENTRY NUMBER. Documents are referred to by entry numbers in the index to this check list. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), French (F), Russian (R), Spanish (S), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. The official document symbol number precedes the title entry. This symbol should be used in citing documents. In the case of publications without document symbol numbers, titles should be cited together with the year, issue number, supplement number, and volume number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, therefore the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and revisions usually are grouped with the parent document in the same entry. Corrigenda are

corrections of errors in the text, title, date and classification of documents, emendations of the translation, and additions of omitted text. Addenda include supplementary material, such as annexes, tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of whole documents in other documents or in the Official Records. In the case of resolutions only their republication in collected sets is indicated, in the case of draft resolutions no attempt is made to note the inclusion of their texts in the verbatim records of meetings.

RESTRICTED SERIES. Documents of "restricted distribution" are indicated in this Check List by a black dot (•) before the symbol.

INTRODUCTORY NOTES give a short parliamentary history of the Council. The meetings are shown in tables for each year which indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables under the heading "Archives" show only the unpublished manuscript records deposited in the Archives ("TPV"; "TSR") and the sound recordings ("X").

Establishment of the Security Council

The Security Council, one of the six principal Organs of the United Nations is established by Article 23 of the Charter of the United Nations. The Council is composed of eleven Members of the United Nations of which the following five countries are the permanent members: China, France, the Union of Soviet Socialist Republics, the United Kingdom of Great Britain and Northern Ireland, and the United States of America. Each year three of the six remaining non-permanent members of the Council are elected for two-year terms by the General Assembly. In the first election, in its 4th and 5th plenary meetings, 12 January 1946, the General Assembly elected all six non-permanent members and decided by further votes that the following countries should serve an initial term of two years: Australia, Brazil and Poland; and the following countries an initial term of one year: Egypt, Mexico and Netherlands.

Terms of Office

The terms of office begin on 1 January and end on 31 December of the years indicated above, except that in 1946 the initial terms began on the date of the election. The terms run for two years, except that in the initial elections of 1946, all six non-permanent members of the Council being elected at once, the General Assembly voted on 12 January 1946 on which three non-permanent members should have two-year terms and which non-permanent members should have an initial one-year term. The General Assembly Resolution 87(I) of 9 November 1946 amended the rules of procedure of the General Assembly to clarify the date of termination of the initial one-year and two-year terms.

SUBJECT-INDEX

Explanation

All references to documents are made to the entry numbers in the Check List under which the document symbol, title, language, date, republication note, etc., will be found.

Records of meetings are indicated after the word discussion by the entry number of the table of the meetings and, following a colon (:), by meeting numbers. Thus the following entry in the Subject-Index:

Consular Commission at Batavia (Djakarta):
reports (1949) 1211; discussion 5:397,398,400

The entries against each subject-heading are to be interpreted as follows: The report of 1949 of the Consular Commission at Batavia (Djakarta) is contained in a document submitted by the Commission, listed in entry 1211, which is document S/1190. The meetings in which the subject was discussed will be found in the table of meetings of the Security Council for the years 1946 to 1949 in entry 5 where the 397th, 398th and 400th meetings are shown to have taken place on the 7th, 11th and 14th January 1949 and their proceedings recorded in the Official Records of the Security Council, 4th year, Nos. 1, 2 and 4.

The Reports of the Council to the General Assembly, covering one year and beginning each 16th July and ending on the following 15th July with the exception of the first annual report which covered the period from the 17th January to the 15th July 1946, are indexed under the various subject-headings with their respective years in parenthesis.

The Resolutions are cited by the year of their adoption by the Council, e.g. Resolution (1948), except that where they are given under any specific question immediately following the discussion the indication of the respective year is omitted, thus RESOLUTION(S). The entries there indicate always the reference to the meeting at which a Resolution had been adopted, and, where available, the mimeographed document, if separately issued, and/or the publication in the mimeographed collected sets of Resolutions for the years 1946 to 1948 (entry No. 1523, document S/INF/2) and 1949 (entry No. 1524, document S/INF/3), e.g.:

RESOLUTION (1946) 5:5; 1523
RESOLUTION (1949) 5:447; 1414,1524

References to the introductory notes are indexed by entry numbers.

Statements of representatives of the permanent and non-permanent members of the Security Council are not indexed in this volume with the exception of a case when a statement of a representative in any of the sub-bodies of the Council was reproduced in a report issued as a S/Document which is shown in the following manner:

Bulgaria:
admission to UN:
U.S.S.R.:
statements contained in Committee on the Admission
of New Members report (1947) 488

All statements of representatives of non-members of the Security Council, of Chairmen or Rapporteurs of any sub-body of the Council, of the Secretary-General or his representative are indexed here. If the representative of a State, not a member of the Security Council, was invited to participate in the discussions of the Council, his statements would, therefore, be registered in the Index; however, if this State became a non-permanent member of the Council then the statements of its representative cannot be found here. To give an example: Egypt was a non-permanent member of the Security Council in 1946 and in 1949-1950; during these periods none of the speeches of the Egyptian representative were indexed; but if Egypt participated in any discussions as a non-member of the Council in either 1947 or 1948 the statements of the representative are to be found in this Index.

The documents of all Commissions, Committees and Sub-Committees of the Security Council will be indexed in Part 2: No. 2 of the Check List of United Nations Documents, where all tables and introductory notes pertaining to them will be given. References to any of these sub-bodies in this volume are to S/Documents only.
