INTRODUCTION

The Security Council is the organ of the United Nations which has primary responsibility for the maintenance of international peace and security under the Charter of the United Nations. The Council, which is composed of 15 members, is organized so as to be able to function continuously.

The *Index to Proceedings of the Security Council* is a guide to the documentation and proceedings of the Security Council, its commissions, committees and *ad hoc* committees. The present issue covers the fiftieth year (1995) of the Security Council and its nine sub-bodies which met during the year. The Index is prepared by the Dag Hammarskjöld Library, Department of Public Information, as one of the products of the United Nations Bibliographic Information System (UNBIS).

ARRANGEMENT OF THE INDEX

The Index consists of the following parts:

Sessional information, listing members and officers, and providing information on rules of procedure and on resolutions and decisions;

Check-list of meetings, listing the meetings of the Council and those of its subsidiary bodies that met during the year;

Agenda, listing matters considered by and brought before the Council together with the subject headings under which these items are listed in the Subject index;

Subject index, providing topical access to Security Council documentation arranged alphabetically by subjects and listing documents submitted to the Council, the meetings at which items were considered and the action taken, if any;

Index to speeches, providing access to speeches that were made before the Security Council. The index is subdivided into three sections: corporate names/countries, speakers and subjects;

List of documents, listing documents arranged by symbol;

Resolutions adopted by the Security Council, 1995, listing resolution numbers, the subjects under which they may be found in the Subject index, as well as meetings

and dates on which the resolutions were adopted;

Voting chart, indicating the voting for resolutions adopted by the Council.

DOCUMENTATION OF THE SECURITY COUNCIL

Documents of the Security Council are first issued in provisional form. A selected number of them are subsequently printed in the quarterly *Supplements to Official Records*, where they are arranged chronologically. Some special reports are issued individually as numbered *Special Supplements*. Resolutions adopted by the Security Council, first issued in provisional form, are later collected along with decisions taken, in a separate volume of the *Official Records* of the year. After their republication in the *Official Records*, the provisional documents are no longer available.

Double-symbol documents bearing both S/- and A/- symbols were submitted to both the Security Council and the General Assembly.

Verbatim records of meetings of the Security Council appear first in provisional form. They may be identified by their symbol, which consists of the series corresponding to that of the meeting, e.g., S/PV.3534. Verbatim records of meetings are later printed as separate fascicles in the *Official Records*.

AGENDA

The Council's practice is to adopt at each meeting, on the basis of a provisional agenda circulated in advance, the agenda for that meeting. At subsequent meetings an item may appear in its original form or with the addition of such sub-items as the Council may decide to include. Once included in the agenda, an item remains on the list of matters of which the Council is seized, until the Council agrees to its removal.

The agenda as adopted for each meeting in 1995 will be found in the *Official Records of the Security Council, Fiftieth Year (S/PV.3486-3615)*. A list of weekly summary statements of matters of which the Security Council is seized, and on the stage reached in their consideration, submitted by the Secretary-General under rule 11 of the provisional rules of procedure of the Security Council, appears in the Subject index under the heading "UN. SECURITY COUNCIL (1995)--AGENDA".

Listed below are the matters considered by, or brought to the attention of the Council during 1995. They are arranged alphabetically by the subject headings under which related documents are to be found in the Subject index.

RWANDA SITUATION (cont.)

Resolutions

S/RES/997 (1995) [Extension and adjustment of the mandate of UNAMIR].
Decides to extend the mandate of UNAMIR until 8 Dec. 1995 and authorizes a reduction of the force level to 2,330 troops within 3 months of the adoption of this resolution and to 1,800 troops within 4 months; decides, in the light of the current situation in Rwanda, to adjust the mandate of UNAMIR so that UNAMIR will : (a) exercise its good offices to help achieve national reconciliation within the frame of reference of the Arusha Peace Agreement; (b) assist the Government of Rwanda in facilitating the voluntary and safe return of refugees and their reintegration in their home communities, and, to that end, to support the Government of Rwanda in its ongoing efforts to promote a climate of confidence and trust through the performance of monitoring tasks throughout the country with military and police observers; (c) support the provisions of humanitarian aid, and of assistance and expertise in engineering, logistics, medical care and demining; (d) assist in the training of a national police force; (e) contribute to the security in Rwanda of personnel and premises of UN agencies, of the International Tribunal for Rwanda, as well as those of human rights officers, and to contribute also to the security of humanitarian agencies in case of need; affirms that the restrictions imposed under ch. VII of the Charter of UN by resolution 918 (1994) apply to the sale or supply of arms and matériel specified therein to persons in the States neighbouring Rwanda, if that sale or supply is for the purpose of the use of such arms or matériel within Rwanda; requests the Secretary-General to consult the Governments of neighbouring countries on the possibility of the deployment of UN military observers, and to consult, as a matter of priority, the Government of Zaire on the deployment of observers including in the airfields located in Eastern Zaire, in order to monitor the sale or supply of arms and matériel referred to above (adopted unanimously, 3542nd meeting, 9 June 1995).

S/RES/1005 (1995) [Authorization for the supply of explosives for use in demining operations in Rwanda].
Noting with concern that unexploded landmines constitute a substantial hazard to the population of Rwanda, and impediment to the rapid reconstruction of the country, noting also the desire of the Government of Rwanda to address the problem of unexploded landmines, and the interest on the part of other States to assist with the detection and destruction of these mines, underlining the importance the Council attaches to efforts to eliminate the threat posed by unexploded landmines in a number of States, and the humanitarian nature of demining programmes, recognizing that safe and successful humanitarian demining operations in Rwanda will require the supply to Rwanda of an appropriate quantity of explosives for use in these operations, decides that, notwithstanding the restrictions imposed in paragraph 13 of resolution 918 (1994), appropriate amounts of explosives intended exclusively for use in established humanitarian demining programmes may be supplied to Rwanda upon application to and authorization by the Committee of the Security Council established by resolution 918 (1994) (adopted unanimously, 3555th meeting, 17 July 1995).

S/RES/995 (1995) [Extension of the mandate of MINURSO and the dispatch of a mission of the Security Council to the region].
