Explanatory Note

SCOPE

1. This Index, prepared by the Documentation Division of the United Nations Headquarters Library, New York, is intended to offer a bibliographical guide to the proceedings and documentation of the 24th session of the General Assembly as well as of its committees or ad hoc committees which met during the session.

ARRANGEMENT

2. The Index consists of the following parts:

(a) Introduction, including list of the Officers and check lists of meetings of the General Assembly and its committees;

(b) Agenda, with reference to the relevant subject headings used in Part (c);

(c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item. Agenda item numbers are indicated in parentheses following the subject headings. Names of delegations are noted in parentheses following the meeting number whenever statements are made on a subject not scheduled as an agenda item or on a subject referred to in the general debate in plenary meetings;

(d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Addresses of Heads of State are listed under the name of the country they represent, followed by their title and name. The remarks of the President of the General Assembly and of chairmen of committees are normally not indexed. The speeches of chairmen and rapporteurs of committees are included, however, when they presented or explained the reports of their committees to the General Assembly. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the Office or Department they represented;

(e) Numerical list of documents, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in the printed fascicles of Annexes to the Official Records.

AVAILABILITY OF DOCUMENTS

3. All summary and verbatim records of plenary and committee meetings of the General Assembly appear first in provisional mimeographed form. They may be identified by their symbol, which consists of the series symbol (e.g., A/-, A/C.1/-, or A/SPC/-) as indicated in the introduction (see Check lists of meetings), followed by SR or PV and an ordinal number corresponding to that of the meeting (e.g., A/PV.1753). Summary records of meetings are later printed as separate fascicles in the Official Records; verbatim records of meetings are issued only in mimeographed form.

Of the other documents, a few appear only as printed Supplements to the Official Records (a fact always noted in this Index), but the rest are first issued in mimeographed form. Most of them are subsequently printed in the Annexes to the Official Records, where they are grouped into fascicles according to agenda item number. The resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplement No. 30 to the Official Records of the 24th session. After their republication in the Official Records, the provisional mimeographed documents are no longer available.

4. Printed documentation of this session of the General Assembly may be obtained, or purchased from authorized sales agents, by requesting:

General Assembly, Official Records, 24th session:

Meeting . . . (specify plenary or committee meeting number) for summary records fascicles.

Supplement No. . . . (specify supplement number) for documents initially issued in this form.

Annexes, Agenda item . . . (specify agenda item number) for documents republished in the Annexes.

A/7867 Report

Action in Plenary: Meetings 1830, 1832

Draft resolution in A/7867, expressing its concern that it has not been possible for the Preparatory Committee for the Second United Nations Development Decade to prepare a preliminary draft of the international development strategy as envisaged in General Assembly resolution 2411 (XXIII); noting, however, that it has been possible, *inter alia*, to agree: (a) That the five main components of the strategy should be a preambular declaration, a specification of objectives, policy measures to fulfill those objectives, review and appraisal of both objectives and policies, and mobilization of public opinion; (b) That the main objective for the Decade should be to promote sustained economic growth, especially in developing countries; (c) That there is a need for establishing a target for the over-all growth rate

for gross product in real terms of the developing countries during the Decade; (d) That it is important to reach agreement on quantitative targets for a few major variables as well as to define certain broad social objectives; (e) That arrangements should be made to keep under systematic scrutiny the progress achieving the goals and objectives of the Decade, to identify shortfalls in their achievement and policies that are not consistent with the attainment of those objectives, and to recommend positive measures, including new goals and policies as needed; (f) That existing arrangements for the review and appraisal of the progress toward achieving goals and objectives of the Second Development Decade should be fully utilized, strengthened and complemented by new arrangements, involving both developed and developing countries; noting with concern the lack of progress in reaching agreement on policy measures for the fulfilment of the objectives of the Decade; urging Governments to take political decisions for the adoption of such policy measures; recognizing that there is a need for the progressive integration of social and economic goals and policies in the formulation of the international development strategy; instructing the Preparatory Committee to finalize its work in accordance with the timetable laid down in resolution 2411 (XXIII) and, at its forthcoming sessions, to concentrate particularly on objectives and policy measures; endorsing the decision of the Trade and Development Board, to complete the contribution of the United Nations Conference on Trade and Development to the Decade so as to enable the Preparatory Committee to complete its work in these areas as well as to make progress in other areas; calling upon all other organizations of the United Nations system to make available, as soon as possible, their contributions to the strategy, so as to enable the Preparatory Committee to consider them at its 5th session; drawing the attention of the Governments and the organizations concerned to the recommendations made by the Committee for Development Planning in its reports on its 4th and 5th sessions; and considering that the procedures for the proclamation of the Second Development Decade should be so devised as to ensure the maximum possible impact on world public opinion in support of the objectives and policies for the Decade, adopted (85-0-11) at the 1832nd meeting as resolution 2571 (XXIV)
