Explanatory Note

SCOPE

1. This index, prepared by the Technical Operations and Publications Service of the Dag Hammarskjöld Library at United Nations Headquarters, is a bibliographical guide to the documentation and proceedings of the thirty-fourth session of the General Assembly, including the Main Committees of the Assembly that met during the session.

ARRANGEMENT

2. This volume consists of the following parts:

(a) Introduction, including list of officers and checklists of meetings of the General Assembly and its Main Committees;

(b) Agenda, with reference to the relevant subject headings used in part (c);

(c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item. Agenda item numbers are indicated in parentheses following the subject headings. Names of delegations are noted in parentheses following the meeting number whenever statements are made on a subject not scheduled as an agenda item or on a subject referred to in the general debate in the 2nd Committee and in plenary meetings;

(d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Addresses of Heads of State are listed under the name of the country they represent. Non-procedural remarks by the President of the General Assembly and other officers are included. Statements by chairmen and rapporteurs of committees are included when they presented or explained the reports of their committees in plenary meetings. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represented;

(e) Numerical list of documents, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in printed Official Records;

(f) Voting chart of resolutions and decisions adopted by recorded or roll-call vote is provided as an annex. Voting is given only for those resolutions and decisions which were adopted in plenary by recorded or roll-call votes.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

3. In response to the views expressed in the Fifth Committee, during prior consideration of the item on publications and documentation, that the existing series of documents and meetings had reached such high figures as to be difficult to handle, it was decided that documents and meeting records for the thirty-first and subsequent sessions of the General Assembly would be numbered in separate series by session, and not consecutively as hitherto. As far as symbol series are concerned, the session is given in the symbol in Arabic numerals immediately following the indication of the body concerned, while the final element gives the serial number within the particular series concerned. For example, A/34/2 is the second in the series of main documents for the General Assembly at its thirty-fourth session and A/C.5/34/L.22 is the twenty-second in the series of limited distribution documents for the Fifth Committee at that session. In the series of main documents of the General Assembly, the symbols A/34/1 to A/34/46 are the supplements to the Official Records of the General Assembly for the thirty-fourth session. The numbering of meetings was adjusted in a similar way. Thus the 1st plenary meeting of the thirty-fourth session of the General Assembly bears the symbol A/34/PV.1 while the record of the 10th meeting of the Second Committee at the same session is cited as A/C.2/34/SR.10

The General Assembly in resolution 3415 (XXX) approved a set of criteria for the provision of meeting records of United Nations bodies. In accordance with these criteria, the verbatim records of the First Committee and the summary records of the other Main Committees of the General Assembly will be issued in only one form (as Official Records of the General Assembly), and will cover all discussions, whether substantive or procedural. Corrections to these meeting records will be included in one Sessional Fascicle for each of the Main Committees, covering all meetings. The verbatim records of the plenary meetings of the General Assembly continue to be issued initially in provisional mimeographed form for limited distribution, and later for general distribution in corrected printed form as Official Records. These changes commenced with the thirty-first session of the General Assembly.

Of the other documents, a few appear as printed Supplements to the Official Records (a fact always noted in this index), and the rest are issued in mimeographed form. Some of these, such as the reports of committees on various agenda items, are subsequently printed in the Annexes to the Official Records. Resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplements to the Official Records of each session. After their republication in the Official Records, provisional mimeographed documents are no longer available. Some double symbol documents (issued with both A/- and S/- symbols) are republished only in the Supplements to the Official Records of the Security Council. (See NOTE on page 340).

4. Printed documentation of this session of the General Assembly may be obtained, or purchased from authorized sales agents, by requesting:

General Assembly, Official Records, thirty-fourth session:

Meeting ... (specify plenary or committee meeting number) for summary or verbatim record fascicles.

Supplement No. ... (specify supplement number) for documents issued in this form.

Annexes, Agenda item ... (specify agenda item number) for documents republished in the Annexes.

Sessional Fascicle ... (one for each of the Main Committees, containing corrigendum to meetings).
