## INTRODUCTION

The General Assembly, composed of all Member States, is the main deliberative organ of the United Nations and has the right to discuss and make recommendations on all matters within the scope of the Charter. The General Assembly meets once a year in regular session; special and emergency sessions are called as the need arises.

The Index to Proceedings of the General Assembly is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the forty-second session of the Assembly including its Main and ad hoc committees. The Index is prepared by the Dag Hammarskjöld Library as one of the products of the United Nations Bibliographic Information System (UNBIS).

This volume of the Index includes the documents which were issued through 30 May 1988. Documents issued after this date will be published as part of the proceedings of the forty-third session.

### ARRANGEMENT OF THE INDEX

The Index is issued in two parts. The first part consists of the following sections:

Sessional information, listing officers, and providing information on the rules of procedure and on the republication of the resolutions and decisions;

Checklist of meetings, listing the plenary meetings of the Assembly and those of the Main Committees;

Principal organs and subsidiary bodies to which members were elected or appointed during the General Assembly, forty-second session, listing members and their term of office;

Agenda, listing items considered by and brought before the General Assembly together with the agenda item headings under which they appear in the Subject Index;

Subject Index, providing topical access to General Assembly documentation arranged

alphabetically by agenda subjects and listing documents submitted under each agenda item, the meetings at which the items were considered and the action taken on each item;

List of documents, listing documents issued in connection with the session and providing information on the republication of provisional documents in the printed Supplements to Official Records;

Reports of the Main and procedural committees, listing by subject, the reports on the items discussed in the Committees;

Resolutions adopted during the forty-second session, indicating resolution number, the title of the resolution, the meeting and date of the vote, the agenda item number and the vote;

Voting chart of resolutions adopted by recorded or roll-call vote, indicating the vote of each Member State.

The second part of the Index consists of the Index to speeches, subdivided into three sections: corporate names/countries, speakers and subjects.

### DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of all documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document or Main Committee to which it applies. The number following indicates the number of the document issued in that specific series. For example: A/42/62 is the sixty-second in the series of main documents of the forty-second session; A/INF/42/6 is the sixth in the series of documents in the information series; A/C.5/42/L.20 is the twentieth in the series of limited distribution documents of the Fifth Committee.

In the series of main documents of the General Assembly's forty-second session, the symbols A/42/1 to A/42/49 are the Supplements to the Official Records of the General Assembly for that session.

Meeting records are numbered in a similar way. Thus the first plenary meeting of the forty-second session of the General Assembly bears the symbol A/42/PV.1, while the fifteenth meeting of the Third Committee bears the symbol A/C.3/42/SR.15.

In accordance with criteria approved by the General Assembly for the provision of meeting records of United Nations bodies, the verbatim records of the First Committee and the summary records of the other Main Committees of the General Assembly are issued in only one form (as Official Records of the General Assembly), and cover all discussions, whether substantive or procedural. Corrections to these meeting records are included in one Sessional Fascicle for each of the Main Committees, covering all meetings.

The verbatim records of the plenary meetings are issued initially in provisional form for limited distribution and later for general distribution in corrected printed form as Official Records.

Of the other documents, a few appear as printed Supplements to the Official Records (a fact always noted in this Index). Some of the remaining documents, such as the reports of committees on various agenda items, are subsequently printed in Annexes to the Official Records.

Resolutions adopted by the General Assembly, first issued separately, are collected in a printed Supplement to the Official Records of each session. After their republication in the Official Records, provisional documents are no longer available. Some double-symbol documents (issued with both A/- and S/- symbols) are republished only in the Supplements to the Official Records of the Security Council.
