

**PERMANENT MISSION OF DENMARK TO THE UN IN
NEW YORK**
Ministry of Foreign Affairs of Denmark

13 March 2020

Excellency,

We are pleased to write to you in our capacity as co-facilitators appointed by the President of the General Assembly to oversee the preparatory process and to conclude the intergovernmental consultations on the declaration for 2020 United Nations Conference to support the implementation of Sustainable Development Goal 14.

In light of the current COVID-19 situation, the most important priority for us is to ensure the health and safety of our colleagues. We have therefore decided that we will not convene informal consultations in person as scheduled on March 18 and 19. At the same time, we will do our best to make sure that the negotiations on the political declaration can move ahead.

As an alternative to meeting in person, we invite all delegations to send the statements that you would have delivered at the informal consultations, to us in writing. We are grateful for the trust you have placed in us as co-facilitators to hold the pen in this process. When delivering your input, we therefore ask you not to enter into drafting discussions and instead to comment on the substance and elements of the text. The deadline for sending the statements to us will be **March 19 2020 at 6pm**.

In addition to submitting your statement, if you would like to speak to us directly, we stand ready to do so and encourage you to reach out to us at your convenience.

Since we will not be meeting in person next week, allow us to say a few words about the zero draft for the declaration that was circulated on 2 March 2020.

In developing the zero draft, we were guided by our mandate, as set out in resolution 73/292, to prepare a brief, concise, action-oriented and intergovernmentally agreed declaration that focuses on, and highlights, the science-based and innovative areas of action to support the implementation of Goal 14. We have attempted to capture the views expressed by Member States at the Preparatory Meeting concerning what you would like to see reflected in the declaration.

As requested by many Member States during the Preparatory Meeting, we have chosen to “reaffirm” the commitments made in the 2017 Call for Action, in order to avoid renegotiating the agreements we reached in 2017. As requested by Member States in our previous consultations, we have made an effort to offer you a focused document that is clear on the actions we need to take.

While we have done our best to include as many of your requested elements in the zero draft as possible, we have also been conscious of the wish expressed by most Member States that the text should be brief, concise- and action-oriented. We ask you to keep this wish in mind as we move forward.
