

HIGH-LEVEL DIALOGUE ON  
**ENERGY**  
UNITED NATIONS, NEW YORK, SEPTEMBER 2021

## **ENERGY COMPACT PREVIEW**

### **STUDENT ENERGY**

- **Deploy USD 150 million toward upskilling, mentoring and directly financing early- and mid-stage youth-led clean energy initiatives.**
- **Deliver capacity-building in ten global regions (North America, Latin America, Eastern Europe and Central Asia, Western Europe, Middle East and North Africa, Greater China, Indian Subcontinent, Southeast Asia and Pacific, Pacific [Australia, Japan, New Zealand, South Korea]) through the scaling of Student Energy's Programs Ecosystem, and deploy capital to youth-led solutions in all ten regions.**
- **Reach over 35,000 young people from over 100 countries to participate in digital energy education, mentorship and project coaching to gain valuable experiential education working together in teams to build a global network of young people who are developing their skills as energy leaders.**
