INTRODUCTION

The *Index to Proceedings of the General Assembly* is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the tenth emergency special session of the Assembly. The Index is prepared by the Dag Hammarskjöld Library, Department of Global Communications, as one of the products of the United Nations Bibliographic Information System (UNBIS).

ARRANGEMENT OF THE INDEX

It consists of the following sections:

Sessional information, listing the officers;

Check-list of meetings, listing the plenary meetings of the Assembly;

Agenda, listing items considered by and brought before the General Assembly together with the subject headings under which they appear in the Subject index;

Subject index, providing topical access to General Assembly documentation arranged alphabetically by agenda subjects and listing documents submitted under each agenda item, the meetings at which the items were considered and the action taken on each item;

List of documents, listing documents issued in connection with the session and providing information on the republication of provisional documents in the printed *Supplements to Official Records*;

Resolutions adopted during the tenth emergency special session, indicating the number and title of each resolution, the meeting number and date, the agenda item number, and the vote where appropriate;

Index to speeches, providing access to speeches made during the session. It is subdivided into three sections: corporate names/countries, speakers and subjects.

Speakers' names are based on information found in United Nations documents. To submit a name correction, please send an e-mail to Library-ny@un.org

DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of the documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document to which they apply. The number following indicates the number of the document issued in that specific series.

For example: A/ES-10/2 is the second in the series of main documents of the tenth emergency special session.

In the series of main documents of the General Assembly's tenth emergency special session, the symbol A/ES-10/500 is the *Supplement to the Official Records of the General Assembly* for that session.

Meeting records are numbered in a similar way. Thus, the verbatim record of the first plenary meeting of the tenth emergency special session of the General Assembly bears the symbol A/ES-10/PV.1.

Resolutions adopted by the General Assembly, first issued separately, are collected in a printed *Supplement* to the *Official Records* of each session.
