June 1970	804,576 <u>h/</u>	13,602 <u>h/</u>	342,009 <u>i/</u>	1,160,187	77,735	27,238	160,059	1,425,219

a/ These statistics are based on the Agency's registration records, which do not necessarily reflect the actual refugee population owing to factors such as unreported

deaths, false registrations or undetected absences from the area of UNRWA operations.

b/ The "R" category of registration (columns 1 to 5) covers refugees with some or all members eligible for basic rations and entitled also to receive general education, medical services and other Agency assistance.

c/ The "S" category of registration (column 6) includes refugees whose income is above that of "R" category refugees, but below that of "N" category refugees, being eligible for general education, medical services and some other UNRWA assistance, but not for basic rations.

d/ "N" category (column 7) includes refugees whose income is such as to disqualify them for basic rations, general education and medical services, or who have received assistance to enable them to become self-supporting, women married to unregistered persons etc.

e/ Before 1954, half rations were issued to babies and bedouins as well as to frontier villagers in Jordan. Since then, babies have been eligible for full rations after their first anniversary if the ration ceiling permits. Bedouins are eligible to receive full rations. Half rations presently are issued only to frontier villagers on the West Bank. Three thousand and three ninety-five frontier villagers displaced to east Jordan after the hostilities of June 1967 are issued full rations on an emergency basis.

f/ Details not available.

g/ This grand total included refugees receiving relief in Israel who were UNRWA's responsibility through 30 June 1952.

h/ The actual number of rations issued for June 1970 was 836,926, broken down as follows:

804,576 full ration recipients;

6,801 half rations to 13,602 registered half ration recipients;

20,762 displaced registered refugees and children of displaced refugees who are receiving rations on an emergency and temporary basis, and

whose

category or class of registration has not therefore been changed;

basis;
 3,254 temporary rations to registered refugees who have been declared eligible to receive rations.
 836,926 total rations

- i/ The total of 342,009 comprises:
- (i) 17,822 infants under the age of one year who receive services but no rations;
 - (ii) 268,070 children (CRS) aged one year and over who are not receiving rations because of ration ceilings; and
 - (iii) 56,117 children (CRS) receiving rations on an emergency and temporary basis.

Table 2

a/ This table recapitulates changes over twenty years affecting the total number of ration recipients, their babies and children registered for services (column 4 of table 1). Births, new registrations, deaths, false registrations and duplications result in additions to or deletions from the registration records. Self-support and absence reflect transfers to or from the lower categories of registration (shown in columns 5, 6 and 7 of table 1).

Transfers within or between areas, as well as issue of rations (when available) to children registered for services, are not shown in this table.

b/ Includes changes effected during the 1950-1951 census operations.

2/ Virtually no births, deaths or other changes have been documented in respect of registered displaced refugees in east Jordan since the hostilities of June 1967.

1/ Covers income, employment with the Agency, assistance towards self-support etc., or the cessation thereof.

3/ Miscellaneous changes Include up to June 1953,. a number of additions to or deletions from the registration records, as well as certain changes in category of registration. The deletion of refugees in Israel from the Agency's records is also reported mainly under this heading (40,930 persons over the period July 1950-June 1953).

Table 3

Total	257,432	9,499	15,004	11,478	10,671	10,116	314,200
Total-registered population at 30 June	1965 1,280,823	1966 1,317,749	1967 1,346,086	1968 1,364,294	1969 1,395,074	1970 1,425,219	

a/ This table recapitulates changes affecting the total number of registered population (column 8 of table 1) over twenty years.

Transfers within or between areas are not shown herein.

In comparing the figures in this table with those in table 2, it should be borne in mind that deletions from the ration rolls do not necessarily entail deletions from the total registered population. Persons ceasing to draw rations because of absence or self-support continue to be registered within total population. On the other hand, some deaths and false and duplicate registrations are reported among persons registered but not receiving rations, and this accounts for the minor differences under these headings in the two tables. In the earlier years of the Agency's history, the distinction between ration recipients and registered population was incompletely recorded.

b/ Nature of changes reported under "miscellaneous" was not specified during the census operation. Figures reflect those

amendments which resulted in addition or deletion in the total registered population and removal of refugees in Israel from UNRWA registration records, and correction of deletions previously made by error which were included in the figures of new registration in the reports of previous years.

2/ Virtually no births, deaths or other changes have been documented in respect of registered displaced refugees in east Jordan since the hostilities of June 1967.
