## I. INTRODUCTION

1. At its forty-first session, the General Assembly adopted resolution 41/179 A of 5 December 1986 on the financing of the United Nations Interim Force in Lebanon (UNIFIL). In section IV of that resolution, the Assembly authorized the Secretary-General to enter into commitments for the operation of UNIFIL at a rate not to exceed \$12,125,000 gross (\$11,922,000 net) per month for the 12-month period beginning 19 January 1987, should the Security Council decide to continue the Force beyond the period of six months authorized under its resolution 586 (1986) of 18 July 1986.

2. On 15 January 1987, the Security Council, by its resolution 594 (1987), extended the mandate of UNIFIL for a further interim period from 19 January to 31 July 1987.

3. On 31 July 1987, the Security Council, by its resolution 599 (1987), extended the mandate of UNIFIL for an additional interim period of six months, until 31 January 1988.

## II. STATUS OF CONTRIBUTIONS

4. As at 30 September 1987, contributions totalling \$1,071.9 million had been received for the operation of UNIFIL out of \$1,410.6 million apportioned among Member States for the periods from the inception of the Force on 19 March 1978 to 31 January 1988. Of the balance due (\$338.7 million), only \$94.6 million may be considered collectible at this time, which leaves a shortfall of \$244.1 million, including \$19.6 million transferred to a special account in accordance with General Assembly resolution 36/116 A of 10 December 1981.

5. The table below shows the status of contributions.

Status of contributions for UNIFIL as at 30 September 1987

(Millions of United States dollars)

	19 March 1978 to 31 January 1988
Amounts appropriated	1 276.6
Additional commitment authority	145.5
Less: Applied credits	<u>(11.5)</u>
Amounts apportioned	1 410.6
Payments received	<u>(1 071.9)</u>
Balance due	338.7
Estimated collectible balance	<u>(94.6)</u>
Estimated shortfall	<u>244.1</u>

6. The General Assembly, in section V, paragraph 1, of its resolution 41/179 A, renewed its invitation to Member States to make voluntary contributions to UNIFIL both in cash and in the form of services and supplies acceptable to the Secretary-General. No voluntary contributions have been received in response to that appeal.

7. The General Assembly, in section V, paragraph 2, of its resolution 41/179 A, invited Member States to make voluntary contributions in cash to the Suspense Account established in accordance with its resolution 34/9 D of 17 December 1979. As at 30 September 1987, voluntary contributions totalling \$34,356 had been received from Governments of Member States.

8. As indicated in paragraph 4 above, the UNIFIL Special Account had an estimated shortfall of \$244.1 million as at 30 September 1987. As a consequence, UNIFIL is unable to meet its obligations on a current basis, particularly those due to the troop-contributing countries, payments to which have never been made on a current and full basis in accordance with rates established by the General Assembly. The troop-contributing countries have continued to convey to the Secretary-General their very serious concern about this situation, which places a heavy burden on their Governments. So far, the Suspense Account established in accordance with General Assembly resolution 34/9 D has not achieved its purpose of alleviating this financial burden on the troop contributors. As mentioned in paragraph 7 above, the voluntary contributions credited to the Suspense Account amount to only \$34,356.

### III. COMMITMENTS ENTERED INTO FOR THE MANDATE PERIODS FROM 19 JANUARY 1987 TO 31 JANUARY 1988

9. It is recalled that in section IV of its resolution 41/179 A, the General Assembly authorized the Secretary-General to enter into commitments for the operation of UNIFIL, at a rate not to exceed \$12,125,000 gross (\$11,922,000 net) per month for the 12-month period ending 18 January 1988, subject to the extension of the Force's mandate by the Security Council. By its resolutions 594 (1987) and 599 (1987), the Council extended the mandate of UNIFIL for periods through 31 January 1988, totalling 12 months and 13 days.

10. Commitments entered into for UNIFIL for the mandate periods from 19 January 1987 to 31 January 1988 were limited to the overall commitment authorized in section IV of General Assembly resolution 41/179 A and amounted to \$145,500,000 gross (\$143,064,000 net). A breakdown of these commitments will be found in the statement in annex I.

### IV. FINANCIAL ADMINISTRATION

11. In accordance with General Assembly decision 34/439 of 17 December 1979, the Special Account for UNIFIL is to be maintained for the periods of its mandates subsequent to 18 January 1979. The UNIFIL Special Account has thus been maintained on the basis of mandate periods, which have ranged from one to six months' duration. Such abbreviated financial periods have posed and continue to pose

certain administrative difficulties in terms of the strict application of financial regulation 4.2 and the smooth operation of the Force. This is particularly relevant with regard to the international procurement of goods and services.

12. It should also be noted that the report of the Secretary-General to the General Assembly at its forty-first session on the financing of UNIFIL (A/41/783 and Corr.1) covered a 12-month period. In addition, the authorization given to the Secretary-General to enter into commitments for the operation of UNIFIL was for a period of 12 months.

13. Consequently, in the interest of administrative efficiency, the Secretary-General proposes that, effective from 1 February 1988, the special financial period of UNIFIL be for periods of 12 calendar months, that is, from 1 February of one year to 31 January of the next year.

#### V. COST ESTIMATE FOR THE TWELVE-MONTH PERIOD BEGINNING 1 FEBRUARY 1988

14. The costs of UNIFIL for the 12-month period beginning 1 February 1988 are estimated at \$141,180,000 gross (\$139,416,000 net), based on an average Force strength of 5,850 troops. The estimate is summarized in annex I and supplementary information thereon is provided in annex II.

15. In the event that future decisions of the Security Council regarding the status of the Force entail additional costs for UNIFIL over the limit and during the period of the authorization and/or apportionment requested in paragraph 16 below, the necessary additional commitment authorization will be sought at that time from the General Assembly if it is then in regular session, or if it is not, by initial recourse to the Assembly resolution on unforeseen and extraordinary expenses for the biennium 1988-1989 with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions. In the latter case, should the amounts required exceed the financial limit stipulated under that resolution, it would be necessary to convene a special session of the General Assembly to consider the matter.

#### VI. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY AT ITS FORTY-SECOND SESSION

16. The actions that would appear to be required in connection with the past and future financing of UNIFIL are as follows:

(a) The appropriation, for the mandate periods from 19 January 1987 to 31 January 1988, of an amount of \$145,500,000 gross (\$143,064,000 net) authorized and apportioned under the terms of section IV of General Assembly resolution 41/179 A;

(b) With regard to mandate periods beyond 31 January 1988, provision, by means of commitment authorization as appropriate, for meeting the requirements of the Force and for the apportionment of such amounts, should the Security Council decide to renew the mandate of UNIFIL beyond 31 January 1988;

(c) A decision concerning the Secretary-General's proposal relating to the special financial period of UNIFIL (see para. 13 above).

## VII. OBSERVATIONS

17. The non-payment by certain Member States of their assessed contributions has led to an accumulated shortfall in the UNIFIL Special Account. Consequently, as mentioned in the past, the Organization continues to fall behind in its reimbursement of amounts due to the troop-contributing Governments for the expenditure that they have incurred as a result of their participation in UNIFIL. The Secretary-General is extremely concerned about this state of affairs, both as a matter of principle and for practical reasons. The present shortfall has placed an unfair and increasingly heavy burden on the troop-contributing countries, particularly on the less wealthy ones; if not remedied, it may jeopardize the functioning of the operation. Therefore, the Secretary-General appeals in the strongest terms to all Member States to pay their assessments without delay. In view of the urgency of this matter, the Secretary-General also appeals to the Governments that are in a position to do so to consider making available, as a practical measure, voluntary contributions to the UNIFIL Suspense Account, which was set up by the General Assembly to facilitate the reimbursement of Governments contributing troops, equipment and supplies to UNIFIL.
