“Within the context of the International Day of Solidarity with the Palestinian People, the Brazilian Government reiterates its commitment to the establishment of a sovereign Palestinian State, living side by side in peace and security with Israel, in accordance with the relevant UN resolutions.

The Brazilian Government reiterates its support to the self-determination of the Palestinian people, a commitment also expressed by the formal recognition of the State of Palestine by Brazil, in 2010.

After decades of conflict, it is urgent and fundamental that the parties involved can resume substantive peace negotiations, promoting a two-state solution and definitively ending the cycle of violence in the region. Brazil will continue to support efforts to bring about a just and lasting peace.”
