**Message of the Minister of Foreign Affairs and Worship of the Argentine Republic**

On the occasion of the commemoration of the International Day of Solidarity with the Palestinian People, Argentina reiterates its commitment to continuing supporting the Palestinian People in its search for reaching peace and welfare.

Argentina reiterates its recognition of the legitimate aspiration and right of the Palestine People to become an independent State, in peace and recognized by all nations, within the 1967 borders. Argentina also recognizes the right of the State of Israel to be recognized by all, to live in peace with its neighbors within secure and internationally recognized borders.

Argentina firmly supports all the efforts oriented to achieving peace and stability in the Middle East. The constructive role of the parties is critical in order to move forward toward a settlement of their disputes through negotiations. Our country condemns all incitation to violence, religious intolerance and racism, in the conviction that peace in the Middle East will be possible only with more diplomacy and dialogue.

For that reason, my country calls upon the resumption of negotiations between Israel and Palestine, Peoples to which we are bound by a history of friendship, to achieve a peaceful, just and permanent, solution on the basis of two States.
