

STATE OF PALESTINE

The table provides an overview of UNICEF's coverage by sector over the period of the evaluation (2015–2017). It uses data from the HRP and UNICEF's CER to show the number of people in need of assistance by sector and modified CCC commitments, together with UNICEF data on the number of people that UNICEF targeted and those it reached with assistance. A system of colour coding has been used to indicate UNICEF's percentage coverage against target (the darker the colour, the higher the percentage). Funding is often cited as a key factor that influences both coverage and quality and so funding information was extracted from the CERs to indicate the percentage of required funding that each sector received in each of the three years.

UNICEF reach/UNICEF target			UNICEF reach/Cluster target		
0–25%	25–50%	50–75%	0–25%	25–50%	50–75%
75%+			75%+		
No data	No data reported by UNICEF (Cluster led by UNICEF)		No data	No data reported by UNICEF (Cluster not led by UNICEF)	
No data	No data reported by UNICEF (Cluster not led by UNICEF)		No data	No data reported by UNICEF (Cluster not led by UNICEF)

Question 1: Nutrition programme quality standards		2015							2016							2017							
Selected CCC commitments	Local CCC commitment	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	
CCC Commitment 3: Children, adolescents and women equitably access essential health services with sustained coverage of high-impact preventative and curative interventions.	Number of children and women benefiting from emergency health care services / supplies	No data	160160	160,000	160,160	100%	100%	46%	No data	97000	97,000	154,474	159%	159%	76%	No data	236000	236,000	224,938	95%	95%	128%	
CCC Commitment 5: Children and women access micronutrients from fortified foods, supplements or multiple micronutrient preparations	"Number of children and women who have received micronutrient supplements"	No data	600000	600,000	306,733	51%	51%	46%	No data	333,013	57,000	141,503	248%	42%	76%	No data	30000	20,000	13,520	68%	45%	128%	
Question 1: WASH programme quality standards		2015							2016							2017							
Selected CCC commitments	Local CCC commitments	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	
Commitment 2: Children and women access sufficient water of appropriate quality and quantity for drinking, cooking and maintaining personal hygiene.	IDPs and host communities provided with sufficient quantity of water of appropriate quality for drinking, cooking and personal hygiene.	1,900,000	1900000	300,000	144,779	48%	48%	11%	1,800,000	1020000	200,000	121,700	61%	12%	188%	2,300,000	750000	200,000	149198	75%	20%	107%	
Commitment 3: Children and women access toilets and washing facilities that are culturally appropriate, secure, sanitary, user-friendly and gender-appropriate.	IDPs and host community supported with appropriate sanitation facilities and living in an environment free of open defecation	1,900,000	1900000	300,000	62,909	21%	21%	11%	1,800,000	660000	100,000	39,100	39%	0.06%	188%	2,300,000	450000	100,000	62,130	62%	14%	107%	
Question 1: Health programme quality standards		2015							2016							2017							
Selected CCC commitments (from UNICEF sitreps/ consolidated emergency report)	CCC benchmrks	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	
Commitment 2: Children and women access life-saving interventions through population and community-based activities (e.g. campaigns, and child health days)	Pregnant women and children under 5 years that benefitted from standby capacity for coping with any humanitarian crisis/essential health services	2,723,000	No data	200,000	191,852	96%	No data	4%	3,700,000	No data	224,000	250,000	112%	No data	1%	6,300,000	No data	80,000	111152	139%	No data	182%	
Commitment 3: Children, adolescents and women equitably access essential health services with sustained coverage of high-impact preventative and curative interventions.	Children aged 9-months to 10 years that receive measles vaccination	2,723,000	No data	200,000	267,825	133.9%	No data	4%	3,700,000	No data	224,000	250,000	112%	No data	1%	6,300,000	No data	130,000	129,895	100%	No data	182%	
Question 1: Education programme quality standards		2015							2016							2017							
Selected CCC commitments (from UNICEF sitreps/ consolidated emergency report)	Local CCC benchmrk	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	
Commitment 2: Children, including preschool-age children, girls and other excluded children, access quality education opportunities.	School-aged children, including adolescents, accessed formale and informal education	No data	No data	40,000	20,150	50%	No data	13%	No data	No data	40,000	50,239	126%	No data	5%	No data	300,000	100,000	69500	70%	No data	18%	
Commitment 4: Psychosocial and health services for children and teachers are integrated in educational response.	School aged children, including adolescents, accessed education programmes that have incorporated pschosocial support.	No data	No data	40,000	25,000	63%	No data	13%	No data	No data	40,000	1,279	3%	No data	5%	No data	No data	No data	No data	No data	No data	No data	
Question 1: Child Protection programme quality standards		2015							2016							2017							
Selected CCC commitments (from UNICEF sitreps/ consolidated emergency report)	Local CCC benchmark	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	# in need of assistance	# targeted by cluster	# targeted by UNICEF	# benchmark reached	% reached / UNICEF target	% reached / Cluster target	% funding rcvd	
Commitment 3: Key child protection mechanisms are strengthened in emergency-affected areas.	Children protected and supported through case management.	Different programme standard reported by UNICEF							0%	No data	7500	7,500	1,358	18%	18%	43%	No data	40235	3,000	3781	126%	0.1%	107%
Commitment 6: Psychosocial support is provided to children and their caregivers.	"Children accessing psychosocial support through child-friendly spaces."	Different programme standard reported by UNICEF							0%	No data	12500	12,500	18,372	147%	147%	43%	No data	81739	40,000	52,239	131%	70%	107%
