

2019 EMERGENCY APPEAL

The conflict in Syria in its eight year continues to have shattering consequences for ordinary people whom have lost their homes, livelihoods and security. Palestine refugees are one of the communities worst affected by the conflict. They rely on UNRWA to provide life-saving aid including food, water, shelter and medical assistance.

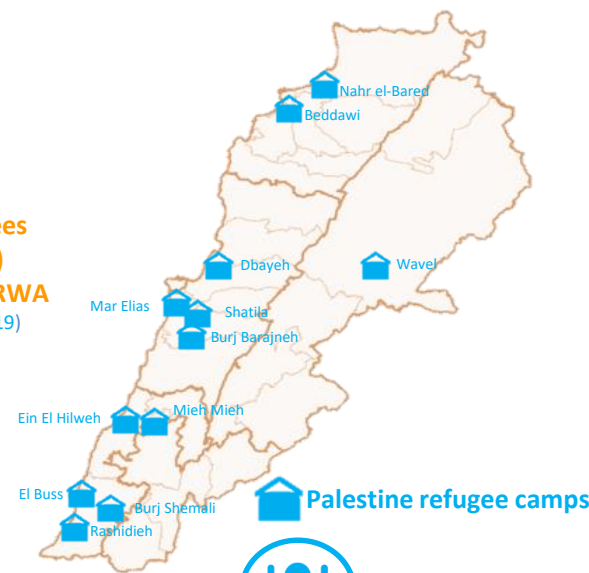

Through the generous support of its donors, UNRWA was able to cover Cash for Food Assistance and Multipurpose Cash Assistance, along with Emergency Education and Health activities, until the end of 2019. Critical Winterization needs were also covered through the support of the Lebanon Humanitarian Fund (LHF).

UNRWA thanks its donors including EU MADAD Fund, Norway, Italy, LFH, UNICEF, WFP and NC-Spain Local Government of Galicia for their generous support of Palestine refugees from Syria in Lebanon during November and December of 2019.

27,248

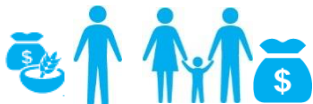

Palestinian refugees from Syria (PRS) registered with UNRWA
(as of 31 December 2019)

CASH ASSISTANCE

UNRWA provided 27,138 PRS with cash-for-food assistance equal to US\$ 27 per person per month in November, and to 27,119 PRS in December. A total of 8,109 PRS families in November and 8,087 PRS families in December benefited from multipurpose cash assistance to the amount of US\$ 100 per family.

November: 27,138 PRS 8,109 PRS families

December: 27,119 PRS 8,087 PRS families

EDUCATION

For the 2019/2020 school year, 4,812 PRS children enrolled in 64 UNRWA schools. As part of ongoing outreach activities, 146 students benefited from individual counseling sessions; 279 from group counseling and 1003 parents attended awareness sessions. A total of 111 PRS participated in recreational activities in December. In addition, the total number of PRS who benefited from transportation assistance in Beqaa and other areas was 664 PRS in November and 673 PRS in December.

4,812 PRS students enrolled in 64 UNRWA schools in the 2019/2020 Scholastic Year
