\$158,000 Utilised by WHO to procure emergency medical supplies

\$270,000 Pipeline value of emergency medical supplies under procurement

11,000 People suffering from trauma and injuries can be treated through WHO-provided supplies

Supplies Provided

1 Autoclave

1100 Blood Bags

2000 Boxes of 72 types and sizes of surgical sutures

23 Types of medicines

1 Pallet of orthopedic supplies

15 Types of surgical consumables

URGENT FUNDING NEEDS

\$1.5 M Needed

- To support WHO's immediate response to the escalation in the West Bank, including East Jerusalem, and Gaza Strip, since April 2022
- Upscale emergency preparedness and response in West Bank, including East Jerusalem
- Improve preparedness for surge of trauma casualties
- Monitor and document attacks against health care

KEY CHALLENGES

Increase in trauma cases and severity of injuries is putting a strain on health services

Attacks on health care are an obstacle in delivering an effective health response

Hospital and health services are facing shortage of funding and critical supplies

Health care must be respected and protected at all times
