Message of solidarity

Excellency,

I wish to extend my congratulations on the occasion of the International Day of Solidarity with the Palestinian People.

Kazakhstan's long-standing policy is to fully support the creation of an independent State of Palestine peacefully co-existing with Israel within the 1967 borders.

We join others in reinforcing the two-state solution as the only viable option for a durable peace to be reached by a dialogue, in keeping in line with the UN Charter and relevant Security Council resolutions.

Other mechanisms and initiatives both bilaterally and multilaterally such as the Road Map for Peace, the Arab Peace Initiative, and a revival of the Middle East Quartet, or its adaptations in the current context should be availed of for resolving the current situation.

Kazakhstan commends the Committee on the Exercise of the Inalienable Rights of the Palestinian People in its efforts to protect the rights and freedoms of the Palestinians.

Please accept the assurances of my highest consideration and esteem.

Mukhtar TILEUBERDI
