## MESSAGE

The International Day of Solidarity with the Palestinian People is an occasion for all of us to reflect on a long-standing issue before the global community.

India has consistently supported the Palestinian people in their pursuit of economic and social development. We remain a committed development partner of Palestine, supporting its nation-building efforts in different ways.

Our contributions to the United Nations Relief and Welfare Agency (UNRWA) reflect the importance we place on the needs of those who are particularly vulnerable.

India has strongly condemned terror, violence and loss of lives in the ongoing Israel-Hamas conflict. In response to the ongoing crisis in Gaza, India has despatched relief supplies, including medicines and other essential requirements for the people of Palestine.

India believes that a sovereign, independent and viable State of Palestine, living side-by-side with Israel, is the lasting solution for peace and stability in the region.

I extend my best wishes to the people of the State of Palestine on this important occasion.

(Narendra Modi)
